INTRODUCTION TO ONLINE CAR RENTAL SYSTEM

1.1 Introduction

This project is designed so as to be used by Car Rental Company specializing in renting cars to customers. It is an online system through which customers can view available cars, register, view profile and book car.

1.2 Reason for the Project

The advancement in Information Technology and internet penetration has greatly enhanced various business processes and communication between companies (services provider) and their customers of which car rental industry is not left out. This E-Car Rental System is developed to provide the following services:

- **Enhance Business Processes:** To be able to use internet technology to project the rental company to the global world instead of limiting their services to their local domain alone, thus increase their return on investment (ROI).
- **Online Vehicle Reservation:** A tools through which customers can reserve available cars online prior to their expected pick-up date or time.
- **Customer's registration:** A registration portal to hold customer's details, monitor their transaction and used same to offer better and improve services to them.
- **Group bookings:** Allows the customer to book space for a group in the case of weddings or corporate meetings (Event management).

The Report: Dubai 2016 Oxford Business Group, 2016-10-17 Financial services in particular is one non oil area where the emirate is starting to pull ahead with recent growth in the Islamic financial services segment fuelling the emirate's ambition of becoming the knowledge based capital of the Islamic economy in the future. Meanwhile Dubai's real estate and construction sectors which were badly affected by the 2008 financial meltdown are once again thriving as the legacies of the global crisis recede and the debts incurred from that time are repaid and restructured. Indeed Dubai is now firmly focused on the future with preparations for Dubai Expo 2020 in particular helping nourish its economic recovery, development and growth in recent years. The event is expected to attract 25m visitors over a six month period and the build up is driving development across several sectors. The preparations.
