Online Guardians Ukraine Ukrainian Force Since:

Russian 'Hybrid Warfare' and the Annexation of Crimea Kent DeBenedictis, 2021-11-04 Western academics politicians and military leaders alike have labelled Russia's actions in Crimea and its follow on operations in Eastern Ukraine as a new form of Hybrid Warfare In this book Kent DeBenedictis argues that despite these claims the 2014 Crimean operation is more accurately to be seen as the Russian Federation's modern application of historic Soviet political warfare practices the overt and covert informational political and military tools used to influence the actions of foreign governments and foreign populations DeBenedictis links the use of Soviet practices such as the use of propaganda disinformation front organizations and forged political processes in the Crimea in 2014 to the Warsaw Pact invasion of Czechoslovakia in 1968 the Prague Spring and the earliest stages of the invasion of Afghanistan in 1979 Through an in depth case study analysis of these conflicts featuring original interviews government documents and Russian and Ukrainian sources this book demonstrates that the operation which inspired discussions about Russian Hybrid Warfare is in fact the modern adaptation of Soviet political warfare tools and not the invention of a new type of warfare **The Russo-Ukrainian War** Serhii

Plokhyy, 2023-05-09 Compelling E rudite objective and immensely readable Ben Hall Financial Times An authoritative history of Europe's largest military conflict since World War II from the New York Times best selling author of *The Gates of Europe* Despite repeated warnings from the White House Russia's invasion of Ukraine in February 2022 shocked the world Why did Putin start the war and why has it unfolded in previously unimaginable ways Ukrainians have resisted a superior military the West has united while Russia grows increasingly isolated Serhii Plokhyy a leading historian of Ukraine and the Cold War offers a definitive account of this conflict its origins course and the already apparent and possible future consequences Though the current war began eight years before the all out assault on February 27 2014 when Russian armed forces seized the building of the Crimean parliament the roots of this conflict can be traced back even earlier to post Soviet tensions and imperial collapse in the nineteenth and twentieth centuries Providing a broad historical context and an examination of Ukraine and Russia's ideas and cultures as well as domestic and international politics Plokhyy reveals that while this new Cold War was not inevitable it was predictable Ukraine Plokhyy argues has remained central to Russia's idea of itself even as Ukrainians have followed a radically different path In a new international environment defined by the proliferation of nuclear weapons the disintegration of the post Cold War international order and a resurgence of populist nationalism Ukraine is now more than ever the most volatile fault line between authoritarianism and democratic Europe Memetic War Tine Munk, 2023-09-08

Memetic War analyses memetic warfare included in cyber war and aims to develop a framework for understanding the parameters included in utilising this concept in Ukraine as a part of civic resistance In the Ukrainian war an informal defence tactic has developed to uphold the information flow about the war and to debunk Russia's communications The war has enhanced the visibility of governmental and civic activation by using the advantages of social media architecture networks

and communication forms The book investigates Ukraine's public and private abilities to develop cyber capabilities to counter propaganda and dis and misinformation online as a defence mechanism This book uses military ROC doctrine to understand government authorities the armed forces and civic engagement in the Ukrainian resistance Memetic War will have relevance for scholars researchers and academics in the cybersecurity field practitioners governmental actors and military and strategic personnel Russia's Border Wars and Frozen Conflicts James J. Coyle, 2017-07-03 This book examines the origins and execution of Russian military and political activities in Moldova Georgia Ukraine and Azerbaijan Using a realist perspective the author concludes that there are substantial similarities in the four case studies Russian support for minority separatist movements conflict Russian intervention as peacekeepers Russian control over the diplomatic process to prevent resolution of the conflict and a perpetuation of Russian presence in the area The author places the conflicts in the context of international law and nationalism theory **Media Events** Bianca Mitu, Stamatis Poulakidakos, 2016-05-23 Media Events A Critical Contemporary Approach proposes an interdisciplinary and multicultural approach of Dayan and Katz's theory of media events 1992 by applying it to contemporary situations The contributing authors come from a range of countries UK USA Mexico Germany Finland Italy Greece Portugal Ukraine and analyse the theory of media events from different perspectives incorporating social media and offering a re positioning of Dayan and Katz's theory of media events By bringing new perspectives into this field the proposed volume is an important contribution as it grounds the intervention and rethinking of the theory into further empirical research This volume has the potential to function as a cross generational link between one of the early classics of media and communication studies on the one hand and the present generation of researchers on the other *The Air War in Ukraine* Dag Henriksen, Justin Bronk, 2024-08-01 This book provides a comprehensive account of the use of airpower in the first year of the Ukraine conflict Airpower has been central to political military and public debates from the outset of the Russo Ukrainian war After having started with whether the US and NATO should attempt to establish a No Fly Zone over Ukraine to protect the civilian population the international discussion soon focused on the underperformance of Russian airpower The fact that the initial contest for air superiority over Ukraine ended in an uneasy state of mutual denial came as a surprise to Western analysts who suspected Kyiv would fall within a relatively short period of time The surprise and relief that it did not only fueled urgent and ongoing discussions on how NATO nations could support the Ukrainian war effort Regardless of nationality age level of education or ethnicity the near daily footage of Russian missiles bombs and drones hitting residential areas and bombarding infrastructure to deprive an entire population of electricity and water has been emotionally imprinted on generations who have only known peace Why the Russians have used airpower with such brutality and how Ukraine and its allies have defended against this threat is an important topic to understand even outside a specialist military audience The aim of this book therefore is to provide an analysis on why the air war over Ukraine unfolded as it did during the first year of the war This book will be of much interest

to students of air power military and strategic studies Russian and eastern European politics and International Relations

Routledge Handbook of the Influence Industry Emma L. Briant, Vian Bakir, 2024-10-15 This Handbook provides the first comprehensive examination of the influence industry and how it operates worldwide across different domains The rapid evolution of emerging technologies and data driven persuasive practices has been linked to the spread of misleading content in domestic and foreign influence campaigns This has prompted worldwide public and policy discussions about disinformation and how to curb its spread However less attention has been paid to the increasingly data driven commercial industry taking advantage of the opportunities these new technologies afford The handbook uses the term influence here to include not only messaging and public relations PR which fell within the traditional focus of propaganda studies but to consider the infrastructure and actors behind an advanced array of capabilities that can be used in a coordinated way to affect an audience's emotions ideas and behaviors in order to advance a state or non state actor's objectives increasingly based on data driven profiling The volume fills a gap in scholarship exploring the recent technical political and economic development of this industry surveying the extent of different technologies and services offered to clients worldwide across multiple domains commercial political national security and government The chapters are divided into three thematic sections and evaluate Influence Industry practices aims and effectiveness across audiences business practices and economics and democratic structures and human rights They also offer advice for researchers and consider key ethical issues and new regulatory approaches This volume will be of much interest to students of political science propaganda studies sociology communication studies and journalism

Europe's World Knud Erik Jørgensen, Tonny Brems Knudsen, Laura Landorff, 2025-05-27 The EU's international environment is increasingly characterized by power politics great power rivalry ideological contestation and war This has challenged the liberal internationalist identity that has been at the heart of the EU since its birth This book examines how the EU has responded to these new realities It analyses the introduction of a flurry of concepts including European sovereignty strategic autonomy civilization responsibility and strategic compass and asks whether these signal a reconsideration of foreign policy objectives a new strategic orientation or possibly a paradigm shift The book develops a theoretical framework on policy paradigms worldviews grand strategy strategic narratives and the drivers of institutional change followed by chapters on the anti liberal challenge the evolution of the EU framework of ideas the search for grand strategy and strategic autonomy the response to Russian aggression and imperial thinking and continuity and change in EU unity working groups green leadership and strategic communication

The Russia-Ukraine War Viktoriya Fedorchak, 2024-03-19 This book provides a systematic analysis of the Russian Ukraine war using the concept of resilient fighting power to assess the operational performance of both sides during the first year of the full scale invasion The Russian war in Ukraine began in 2014 and continued for eight years before the full scale invasion of 24 February 2022 It is not a new war but the intensity of the warfighting revived many discussions about the conduct of inter state warfare which

has not been seen in Europe for decades This book does not aim to offer an exhaustive operational analysis of the war but rather provides a preliminary systematic analysis across various domains of warfare using the concept of fighting power to assess the operational performance of both sides First the book discusses the conceptual component and the post Cold War adaptations of the Soviet strategic tradition by both the Ukrainian and the Russian Armed Forces Following that it gives an evaluation of the various aspects of warfighting in the land air maritime and cyber domains Then the book examines the role of international allied assistance sanctions and weapons delivery in strengthening the resilience of the Ukrainian Armed Forces The book concludes with some comments on the role of inter state warfare in the current strategic environment and future warfare This book will be of much interest to students of military and strategic studies defence studies foreign policy Russian studies and international relations The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

The russian art of war Jacques Baud, 2024-01-17 Why did Ukraine lose the war against Russia How do the two sides think and conduct their operations What mistakes were made on both sides How did the West contribute to Ukraine's defeat To answer these questions and many others Jacques Baud draws on official information American Western and Russian documents that analyse Russian and Soviet strategies and tactics over the last 50 years He explains how Russia understands and conducts war and shows how our ignorance of this reality has pushed Ukraine towards defeat Following on from the bestsellers *Putin the master of the game* *Operation Z* and *Ukraine between war and peace* whose analytical work has been acclaimed the world over and whose books have been translated in several countries United States United Kingdom Germany Sweden Russia and soon Italy and Spain the author returns to the war in Ukraine and more specifically to Russian operational art over the last two years during the Second World War and the war in Afghanistan Jacques Baud was a member of Swiss strategic intelligence a specialist in Eastern Europe and former head of the United Nations peace operations doctrine During the Cold War he worked on Soviet military art and the war in Afghanistan Within NATO he was involved in programmes in Ukraine particularly after the Maidan revolution between 2014 and 2017 In addition to his major works on the conflict in Ukraine he is the author of several books on intelligence war and terrorism including *Governing by fake news* *Defeating jihadist terrorism* and *The Navalny affair* all published by Max Milo

L'art de la guerre russe Jacques Baud, 2024 Pourquoi l'Ukraine est en train de perdre la guerre contre la Russie Comment les deux camps pensent et mènent leurs opérations Quelles ont été les erreurs de part et d'autre Comment l'Occident a contribué à la défaite ukrainienne Pour répondre ces questions et bien d'autres Jacques Baud s'appuie sur des informations officielles des documents américains occidentaux et russes Il explique la manière dont la Russie comprend et conduit la guerre Il montre combien l'incapacité des Occidentaux à comprendre cette réalité et leur détermination à affaiblir la Russie s'est retournée contre l'Ukraine Après les best-sellers *Poutine le maître du jeu* *Opération Z* et *Ukraine entre guerre et paix* dont le travail d'analyse a été salué dans le monde entier et dont les

ouvrages ont t traduits dans plusieurs pays l auteur revient sur la guerre en Ukraine Il expose la mani re dont la Russie l a men e et comment l image qu en ont donn les Occidentaux a conduit l Ukraine vers l chec

The Russian Invasion of Ukraine Diana Dumitru,A. Dirk Moses,2024-07-12 This book examines crucial facets of the Russian invasion among them the Russian sexual violence against occupied Ukrainians their collaboration and filtration legal prosecutions especially relating to kidnapped Ukrainian children the portrayal of events in Bucha on Russian social media and the lessons learned from the Ukrainian refugee crisis in Poland during the initial weeks of the war as well the potential pursuit of justice at the International Court of Justice and the genocide claim more generally This anthology will serve as a valuable resource for scholars policymakers and the broader community involved in the study of genocide and conflict It endeavours to offer not only insights into the immediate circumstances of the invasion but also a framework for broader discussions and a foundation for informed dialogues on the multifaceted dimensions of this geopolitical upheaval The chapters in this book were originally published as a special issue of Journal of Genocide Research

Vortex of the Web. Potentials of the online environment Martin A. M. Gansinger,Ayman Kole,2018-08-15 This volume compiles international contributions that explore the potential risks and chances coming along with the wide scale migration of society into digital space Suggesting a shift of paradigm from Spiral of Silence to Nexus of Noise the opening chapter provides an overview on systematic approaches and mechanisms of manipulation ranging from populist political players to Cambridge Analytica After a discussion of the the juxtaposition effects of social media use on social environments the efficient instrumentalization of Twitter by Turkish politicians in the course of the US decision to recognize Jerusalem as Israel s capital is being analyzed Following a case study of Instagram Black Lives Matter and racism is a research about the impact of online pornography on the academic performance of university students Another chapter is pointing out the potential of online tools for the successful relaunch of shadow brands The closing section of the book deals with the role of social media on the opinion formation about the Euromaidan movement during the Ukrainian revolution and offers a comparative study touching on Russian and Western depictions of political documentaries in the 2000s

Foreign Fighters and the Extreme Right Daniel Koehler,Miroslav Mareš,2025-10-29 Foreign Fighters and the Extreme Right is the first comprehensive academic study taking an in depth look at white supremacists neo Nazis and other right wing extremists leaving their home countries to join armed groups fighting in civil wars and other armed conflicts The phenomenon known as Foreign Fighters has so far mainly been looked at in the context of Jihadist groups like ISIS recruiting fighters from all over the world for the Syrian and Iraqi conflicts Widely unnoticed the war ongoing in Ukraine has also resulted in a stream of foreign recruits but with a totally different ideology Right wing extremists from many countries have travelled to Ukraine in order to take part in the armed conflict against Russia Many have already returned to their countries of origin mostly unnoticed and unhindered by law enforcement agencies Looking more carefully one also can see a much longer history of right wing extremist foreign fighting in various

conflicts for example the Yugoslavian war the Algerian conflict and in South America in the aftermath of the Vietnam war Bringing together world leading experts on right wing extremism and terrorism this collection of extreme right wing foreign fighting case studies since the end of the Second World War sheds light on a topic with significant importance which has yet remained mostly in the dark This book will be of interest to all those with an interest in small wars terrorism peace and conflict studies and right wing extremism *The Russian-Ukrainian War, 2023* John S Harrel, 2025-01-30 Details the second year of Russia's invasion of Ukraine focusing on drone warfare strategic battles and global impacts This book describes in great detail the second year of Putin's Special Operation to obliterate Ukraine General Ret Harrel's previous book entitled *The Russian Invasion of Ukraine* February December 2022 described the initial invasion identifying the units and weapons on the battlefield with military precision Now he continues the story of Ukrainian resistance in the face of overwhelming odds The author knowledgeably reports on twenty first century mechanized warfare and how drones and unmanned aerial vehicles UAVs have evolved to dominate the tactical operational and strategic levels of war The year 2023 saw the dawn of drone warfare as combatants on both sides of the conflict at first tinkered with the use of civilian hobby type machines but then having had great success rushed forward to design purchase often with crowd funding and deploy drones through all domains of the battlefield Drones performed reconnaissance targeting for artillery and direct attacks seeking identifying and striking targets not only on the battlefield but in the Black Sea and deep inside Mother Russia As the fighting raged Russia successfully continued its worldwide cyber campaign to influence elections divide allies and undercut support for Ukraine The Pyrrhic Russian victories at Bakhmut and Avdiivka were offset by Ukrainian victories in the Black Sea after its failed counteroffensive in the Summer of 2023 Finland and Sweden joined NATO while US support was stymied and delayed by internal politics NATO clearly assumed its place as the bastion of Western freedom as the war continued into 2024

Atomic Blackmail? Dr Simon Ashley Bennett, 2023-08-11 In *Atomic Blackmail* Simon Bennett examines the very real possibility of the weaponisation of nuclear facilities during the Russia Ukraine War The War is being fought in proximity to nuclear facilities and working nuclear power stations including the six reactor Zaporizhzhia Nuclear Power Plant NPP Europe's largest and the decommissioned four reactor Chernobyl NPP that in 1986 suffered a catastrophic failure that released radioactive contamination across much of Europe In 1985 foreign affairs and nuclear expert Bennett Ramberg published *Nuclear Power Plants An Unrecognised Military Peril* In his visionary discourse Ramberg posited that in future wars regional or global nuclear facilities and powerplants might be weaponised to gain political traction over an opponent and neutralise opposing forces capacity for battlefield manoeuvre While at the time of writing *Atomic Blackmail* none of Ukraine's fifteen reactors had been damaged in an exchange of fire the possibility remains that this could happen during Ukraine's 2023 and subsequent offensives to expel Russian forces from sovereign Ukrainian territory Though Ramberg's nightmare vision of destroyed NPPs rendering a country uninhabitable has not yet been realised in the Russia Ukraine War the longer and more

intense the conflict the greater the likelihood that one or more of Ukraine's NPPs will be damaged or via a credible sabotage threat used to leverage tactical or strategic advantage Atomic blackmail finally exemplified

Preparing for Hybrid Threats to Security Odd Jarl Borch, Tormod Heier, 2024-09-02 This book examines hybrid threats within the broader context of a security crisis in Europe As geopolitical tensions increase and great power rivalries intensify can states protect their communities While conventional wars are fought parallel battles take place by more subtle and non violent means This multi disciplinary book examines how hybrid threats undermine political governance and social stability in liberal democracies covering aggressors targeted states and victimized communities It seeks to address how aggressor states undermine liberal democracies under the threshold of conflict and the role played by hybrid threats as aggressor states prepare for full scale war The chapters also explore how liberal democracies organize and interact to detect hybrid threats arguing that in order to increase resilience politicians and government agencies must involve the private sector and citizens in threat reduction policies The analysis builds upon the latest research in the international crisis management literature This book will be of interest to students of security studies hybrid warfare defence studies and International Relations as well as professional practitioners The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution CC BY 4.0 license

Breaking Biden Alex Marlow, 2023-10-03 INSTANT NEW YORK TIMES BESTSELLER The New York Times bestselling author of the must read Sean Hannity Breaking the News and editor in chief of Breitbart News Network returns with this timely and eye opening deep dive investigation into the 46th president Over his 50 year career in Washington Joe Biden has become known for his wild dishonesty embarrassing policy failings and an absolute lack of accountability culminating in his predictably unpopular presidency But what has not yet been revealed is the vast web of consultants bureaucrats corporate titans foreign interests and various extended family members it's not just Hunter who have achieved unfathomable wealth and power while keeping Biden in charge Now Alex Marlow reports the findings of a shocking in depth investigation into the individuals and entities behind the devastating decisions that have empowered the global elite at the expense of the American public With his signature prescient Tucker Carlson writing Marlow unearths new details such as EXPOSED The secret cadre of consultants running Joe Biden's Washington EXPLAINED How Joe Biden sold America's intellectual property to communist China UNCOVERED The unreported and audacious reason the underwhelming under qualified and unpopular Kamala Harris was chosen to be vice president REVEALED All the ways the Bidens bag cash off of the family name

The Routledge Handbook of the Political Economy of Sanctions Ksenia Kirkham, 2023-10-31 The Routledge Handbook of the Political Economy of Sanctions examines the core issues and debates surrounding this controversial topic introducing readers to essential concepts and terms It communicates the evolving character of international sanctions from diverse perspectives with a particular emphasis on questions of efficacy legality and legitimacy of sanctions as well as the mechanisms by which they are applied This interdisciplinary book explores the

international political economy of sanctions in the constantly changing context of geopolitical rivalry The authors investigate various theoretical and historical approaches to sanctions and apply these to specific case studies such as the African Union China Cuba India Russia Turkey and the United States The book gives a voice to sanctioned states and considers the impact of secondary sanctions It analyses sanctions with reference to wider political debates such as national security state sovereignty economic warfare and sustainability This handbook will be of immense interest to students researchers and scholars in the fields of political economy international sanctions political science international relations and foreign policy It will also be useful for all those employed by political institutions businesses and nongovernmental organisations when assessing current sanctions regimes

The New Cyberwar Dennis F. Poindexter, 2015-09-02 Carl Von Clausewitz described the purpose of war as the compulsory submission of the enemy to our will Unlike conventional military conflicts of the past war in the information age is more a battle of wills than artillery and doesn't necessarily end with decisive conclusions or clear winners Cyber warfare between nations is conducted not only without the consent or participation of citizens but often without their knowledge with little to see in the way of airstrikes and troop movements The weapons are information systems intelligence propaganda and the media The combatants are governments multinational corporations hackers and whistleblowers The battlefields are economies command and control networks election outcomes and the hearts and minds of populations As with Russia's bloodless 2014 annexation of the Crimea the cyberwar is fought before the infantry arrives Written by a United States intelligence community insider this book describes the covert aspects of modern wars and the agencies who fund and fight them

Decoding **Online Guardians Ukraine Ukrainian Force Since**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Online Guardians Ukraine Ukrainian Force Since**," a mesmerizing literary creation penned by a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
