## **Online Juggling Knives Investing Coming Volatility:**

*Juggling with Knives* Jim Jubak, 2016-01-26 Stunning volatility is the new fact of life that defines our age Financial markets fall off cliffs one day but then stage a recovery the next only to do it all over again The switch back and forth is emotionally draining making us susceptible to irrational responses that can turn manageable problems into huge personal crises But while there is danger in volatility there is also the opportunity to profitably juggle the knives that volatility throws your way with less risk than you might think The first step toward profiting from volatility is to understand why these radical ups and downs are taking place now Jim Jubak's deep and broad ranging analysis looks into not only the financial but also the economic market and social trends showing how they reinforce each other including the consequences of global central banks operating as cash machines a financial system that will not be reformed China as the world's largest game of three card monte the aging of populations around the world and the resulting war between the young and old and the large bill we will have for the consequences of environmental externalities such as climate change and energy uncertainty Jubak analyzes these and other trends providing practical insights and specific investing strategies that show investors how to respect but not be scared of market volatility and how to make smarter investment decisions to profit from and hedge against it
