Online Newsgathering Research And Reporting For Journalism:

Online Newsgathering Stephen Quinn, Stephen Lambie, 2008 This book is for the many journalists who didn't attend a formal journalism school before going to work those journalists who went to J school but did so before online information gathering was popular and for any student studying journalism in college today **Journalism Standards of Work Today** Stephen A. Banning, 2020-09-02 This research examines journalism ethics to answer the questions of whether we still need journalism ethics in the twenty first century if it is possible to exercise journalistic standards of work and if so on what values should these ethics be based in a world much different from that which existed when the first journalism codes of ethics were formulated in the nineteenth and early twentieth centuries To distil the motivations and essence of the early journalistic standards of work the book discusses the function of media in a democracy and the formation of mass media during the first industrial revolution as well as its consequential change in journalists locus of control and how journalists self identified The sudden creation of mass media pushed some journalists to create ethical principles which would guide the newly empowered press an effort which culminated in the creation of the first national code of journalistic ethics in 1923 The book closely examines the elements of the 1923 Canons of Journalism finding them to contain timeless values despite their original application to now dated technology It highlights the basic elements and applies them to media today in a way that interfaces with new technology without abandoning the essential components of equipping citizens for representative governance
