Online Politics Corruption Dictatorships Vineeta Yadav:

The Politics of Corruption in Dictatorships Vineeta Yadav, Bumba Mukherjee, 2016 This book analyzes why some dictators find it in their self interest to curb corruption [Corruption Control in Authoritarian Regimes](#) Christopher Carothers, 2022-04-07 Reveals how meaningful corruption control by authoritarian regimes is surprisingly common and follows a different playbook than democratic anti corruption reform [Politics for Profit](#) David Szakonyi, 2020-07-09 Businesspeople run for and win elected office around the world with roughly one third of members of parliament and numerous heads of states coming directly from the private sector Yet we know little about why these politicians choose to leave the private sector and what they actually do while in government In *Politics for Profit* David Szakonyi brings to bear sweeping quantitative and qualitative evidence from Putin era Russia to shed light on why businesspeople contest elections and what the consequences are for their firms and for society when they win The book develops an original theory of businessperson candidacy as a type of corporate political activity undertaken in response to both economic competition and weak political parties Szakonyi's evidence then shows that businesspeople help their firms reap huge gains in revenue and profitability while prioritizing investments in public infrastructure over human capital The book finally evaluates policies for combatting political corruption
