Description :

After decades of unchecked sprawl, more people than ever are moving back to the city. Dense urban living has been prescribed as a panacea for the environmental and resource crises of our time. But is it better or worse for our happiness? Are subways, sidewalks, and tower dwelling improvements on the car dependence of sprawl? Award-winning journalist Charles Montgomery finds answers to such questions at the intersection between urban design and the emerging science of happiness and during an exhilarating journey through some of the world's most dynamic cities. He meets the visionary mayor who introduced a "sex-and-stick-red bus to ease status anxiety in Bogotá the architect who brought the lessons of medieval Tuscan hill towns to modern-day New York City the activist who turned Paris' urban freeways into beaches and an army of American suburbanites who have transformed their lives by hacking the designs of their streets and neighborhoods. Full of rich historical detail and new insights from psychologists and Montgomery's own urban experiments, Happy City is an essential tool for understanding and improving our own communities.

Online Happy City Transforming Through Design

Hambleton, Robin

Online Happy City Transforming Through Design:

Happy City: Transforming Our Lives Through Urban Design Charles Montgomery, 2013-11-12 A journalist travels the world and investigates current socioeconomic theories of happiness to discover why most modern cities are designed to make us miserable what we can do to change this and why we have more to learn from poor cities than from prosperous ones

Ambient Urbanities as the Intersection Between the IoT and the IoP in Smart Cities McKenna, H. Patricia, 2019-03-01 Modern day and technology rich environments require a reconceptualization of how the nature of technology influences urban areas Rethinking the way we apply these technologies will not only alter the way people communicate and interact but it will also alter how individuals learn and explore the world around them Ambient Urbanities as the Intersection Between the IoT and the IoP in Smart Cities offers insights about the ambient in 21st century smart cities learning cities responsive cities and future cities and highlights the importance of people as critical to the urban fabric of smart cities that are increasingly embedded with pervasive and often invisible technologies The book based on an urban research study explores urbanity from multiple perspectives ranging from the cultural to the geographic While highlighting topics including digital literacies smarter governance and information architectures this book is ideally designed for students educators researchers the business community city government staff and officials urban practitioners and those concerned with contemporary and emerging complex urban challenges and opportunities **The Power of Place in Play** Christina R. Ergler, 2020-03-03

There s nothing really fun about the park in winter Christina Ergler is the first one to explore why play resonates differently across urban localities and seasons She draws on Bourdieu s theory of practice and Gibson s affordance theory to show that determinants of seasonal outdoor play transcend modifiable barriers such as traffic and unsuitable play spaces as well as the inevitable issue of inclement weather In contrast seasonal play determinants are grounded in locally constituted beliefs about what is seasonally appropriate children s activity To foster a healthier and more sustainable life for children outdoor play needs to become convenient all year round in all locations **Sustainable Urban Mobility Futures** Tjark Gall, Flore Vallet, Laura Mariana Reyes Madrigal, Sebastian Hörl, Adam Abdin, Tarek Chouaki, Jakob Puchinger, 2023-12-01 This book provides a unique perspective on urban mobility focusing on past challenges and future trends The book enables discussions of pathways towards sustainable and people centred urban mobility building on existing concepts and introducing novel methods and consideration of future research In particular the book provides an overview of trends design methods and projects combining foresight and agent based modelling to better integrate active mobility in Mobility as a Service assess impacts of automated vehicles in Paris and compare multiple solutions in Cairo The book provides a range of multidisciplinary concepts and methods that will be invaluable to both researchers in the field and students taking relevant courses

Performing Architectures Andrew Filmer, Juliet Rufford, 2018-05-03 Performing Architectures offers a coherent introduction to the fields of performance and contemporary architecture exploring the significance of architecture for

performance theory and theatre and performance practice It maps the diverse relations that exist between these disciplines and demonstrates how their aims concerns and practices overlap through shared interests in space action and event Through a wide range of international examples and contributions from scholars and practitioners it offers readers an analytical survey of current practices and equips them with the tools for analyzing site specific and immersive theatre and performance The essays in this volume contributed by leading theorists and practitioners from both disciplines focus on three key sites of encounter Projects examines recent trends in architecture for performance Practices looks at cross currents in artistic practice including spatial dramaturgies performance architectonics and performative architectures and Pedagogies considers the uses of performance in architectural education and architecture in teaching performance The volume provides an essential introduction to the ways in which performance and architecture as socio spatial processes and as things made or constructed operate as generating shaping and steering forces in understanding and performing the other

Between Bohemia and Suburbia William J. Weston, 2019-04-16 This book identifies a distinctive kind of urban neighborhood that is on the rise throughout the USA the dense walkable mixed use bourgeois bohemian suburb or the boburb It looks at case studies of areas to live in Louisville Kentucky Based on scores of interviews with college graduates backed by survey data and Census figures it provides a clear historical account of how these spaces arose Chapters depict analyze and compare the Highlands neighborhood with other Louisville boburbs contrasting them with the ephemeral bohemian quarters and the many suburban subdivisions The Highlands are also compared with five other boburbs around the USA Attention is given to the influence of transportation systems in shaping residential community and commercial spaces Deeper cultural reasons for choosing the boburbs or the suburbs are also explored including the political big sort between liberal and conservative places and Bourdieu s account of how the distinction between economic and cultural capital shapes how people choose to live where they live This book will appeal to those interested in the evolution and distinctions among urban neighborhoods It is ideal for academics and students within urban geography urban gentrification cities and population

Public Administration and Policy in Korea Keun Namkoong, Kyung-ho Cho, Sangmook Kim, 2017-07-06 The present Korean public administration and policy system has shown very significant differences compared to the system in 1970s This book provides a comprehensive and holistic view on the development of Korean public policy and administration The book aims to explain who the key actors are during the post democratization period how the administrative systems reform and what kinds of social problems are transformed into public policies

Smart City Citizenship Igor Calzada, 2020-10-23 Smart City Citizenship provides rigorous analysis for academics and policymakers on the experimental data driven and participatory processes of smart cities to help integrate ICT related social innovation into urban life Unlike other smart city books that are often edited collections this book focuses on the business domain grassroots social innovation and AI driven algorithmic and techno political disruptions also examining the role of citizens and the democratic governance issues raised from an interdisciplinary

perspective As smart city research is a fast growing topic of scientific inquiry and evolving rapidly this book is an ideal reference for a much needed discussion The book drives the reader to a better conceptual and applied comprehension of smart city citizenship for democratised hyper connected virialised post COVID 19 societies In addition it provides a whole practical roadmap to build smart city citizenship inclusive and multistakeholder interventions through intertwined chapters of the book Users will find a book that fills the knowledge gap between the purely critical studies on smart cities and those further constructive and highly promising socially innovative interventions using case study fieldwork action research empirical evidence drawn from several cities that are advancing and innovating smart city practices from the citizenship perspective Utilises ongoing action research fieldwork comparative case studies for examining current governance issues and the role of citizens in smart cities Provides definitions of new key citizenship concepts along with a techno political framework and toolkit drawn from a community oriented perspective Shows how to design smart city governance initiatives projects and policies based on applied research from the social innovation perspective Highlights citizen s perspective and social empowerment in the AI driven and algorithmic disruptive post COVID 19 context in both transitional and experimental frameworks

Volume 2: Housing and Home Brian Doucet,Pierre Filion,Rianne van Melik,2021-07-22 This book casts light on how the virus has impacted the experience of home and housing through the lens of wider urban processes around transportation land use planning policy racism and inequality and offers crucial insights for reforming cities to be more resilient to future crises

Human Well-Being and Policy in South Asia Vijay Kumar Shrotryia,2019-11-08 This book explores human well being in South Asia from a policy dimension It discusses the cultural history and diversity of the region in order to highlight major priority areas of public policy to improve people s quality of life The huge gap between economic development and human development in areas such as education health and income is a concern for policymakers researchers and other stakeholders The book helps develop a strong argument for a shift of focus of state s expenditures aimed at improving human well being and assesses public policy initiatives from the perspectives of the stakeholders such as the state the market households civil society as well as NGOs and agencies involved in this development mission As such it is of great interest to scholars in the field of quality of life and well being research and policymakers at national and international level

Space and Collections Earning their Keep Joseph Hafner,Diane Koen,2016-07-11 Traditionally libraries have served as storage spaces offering access to diverse physical collections Today following numerous social and technological changes libraries are retooling their services rethinking storage and reimagining their spaces The transformation in information technology has had an enormous impact on users research behaviour which in turn demands new discovery environments A conference of the IFLA Library Buildings and Equipment and the Acquisition and Collection Development Sections spotlighted libraries from around the world who are providing quality adaptable and innovative library spaces and services meeting the changing needs of their users their collections their staff and their communities

Born to

Walk Dan Rubinstein, 2015-04-01 The case for getting back on our feet The humble act of putting one foot in front of the other transcends age geography culture and class and is one of the most economical and environmentally responsible modes of transit Yet with our modern fixation on speed this healthy pedestrian activity has been largely left behind At a personal and professional crossroads writer editor and obsessive walker Dan Rubinstein travelled throughout the U S U K and Canada to walk with people who saw the act not only as a form of transportation and recreation but also as a path to a better world There are no magic bullet solutions to modern epidemics like obesity anxiety alienation and climate change But what if there is a simple way to take a step in the right direction Combining fascinating reportage eye opening research and Rubinstein's own discoveries *Born to Walk* explores how far this ancient habit can take us how much repair is within range and guarantees that you'll never again take walking for granted

A Leader's Guide to ThriveAbility Robin Lincoln Wood, 2015-06-15 A Leader's Guide to ThriveAbility is a field manual for Executives Investors Change Agents Policymakers and future generations The research and fieldwork we've conducted with leaders across every industry sector and civil society has led us to the inescapable conclusion that if we wish to reinvent capitalism we need to reinvent capital and the organizations that generate and apply that capital How can you as a leader use ThriveAbility to build a vibrant future for your organization or business as part of a ThriveAble world Some of the key questions that you will need to grapple with include

- 1 What are the unique capabilities needed to maximise the thriving of my organization and its stakeholders for the smallest footprint
- 2 Which innovation pathways can deliver the improvements and breakthroughs needed to deliver enhanced ThriveAbility to all our stakeholders
- 3 How can we measure True Value in everything we do
- 4 How can we get our organization to begin the ThriveAbility Journey
- 5 In what ways can advantages in 1-4 above be translated into competitive advantage versus other organizations that are not on the ThriveAbility Journey

ThriveAbility is descriptive prescriptive and predictive it describes the emerging edge of leading practice in strategy innovation sustainability and design while prescribing an approach which includes an equation decision framework process and ThriveAbility Index ThriveAbility is predictive in the sense that it enables us to calculate the costs and benefits of different options and trade offs in the design development and scaling of new products services and experiences along with the human and social transformations needed to achieve ThriveAbility The purpose of this book is to provide you and your colleagues with a practical how to guide on how to embed ThriveAbility in your organization It will also come in handy for investors advisors consultants financiers facilitators regulators and academics seeking to move beyond the confines of the limiting mindsets we are stuck in with current sustainability and shareholder value added approaches

24-Hour Cities Hugh F. Kelly, 2016-07-15 Winner of the Gold Award in the Tenth Annual Robert Bruss Real Estate Book Competition *24 Hour Cities* is the very first full length book about America's cities that never sleep Over the last fifty years the nation's top live work play cities have proven themselves more than just vibrant urban environments for the elite They are attracting a cross section of the population from across the U S

and are preferred destinations for immigrants of all income strata This is creating a virtuous circle wherein economic growth enhances property values stronger real estate markets sustain more reliable tax bases and solid municipal revenues pay for better services that further attract businesses and talented individuals Yet just a generation ago cities like New York Boston Washington San Francisco and Miami were broke financially and physically scarred by violence and prime examples of urban dysfunction How did the turnaround happen And why are other cities still stuck with the hollow downtowns and sprawling suburbs that make for a 9 to 5 urban configuration Hugh Kelly s cross disciplinary research identifies the ingredients of success and the recipe that puts them together Leading the Inclusive City Hambleton, Robin, 2014-11-24 Cities are often seen as helpless victims in a global flow of events and many view growing inequality in cities as inevitable This engaging book rejects this gloomy prognosis and argues that imaginative place based leadership can enable citizens to shape the urban future in accordance with progressive values advancing social justice promoting care for the environment and bolstering community empowerment This international and comparative book written by an experienced author shows how inspirational civic leaders are making a major difference in cities across the world The analysis provides practical lessons for local leaders and a significant contribution to thinking on public service innovation for anyone who wants to change urban society for the better

Smart Economy in Smart Cities T. M. Vinod Kumar, 2016-08-25 The present book highlights studies that show how smart cities promote urban economic development The book surveys the state of the art of Smart City Economic Development through a literature survey The book uses 13 in depth city research case studies in 10 countries such as the North America Europe Africa and Asia to explain how a smart economy changes the urban spatial system and vice versa This book focuses on exploratory city studies in different countries which investigate how urban spatial systems adapt to the specific needs of smart urban economy The theory of smart city economic development is not yet entirely understood and applied in metropolitan regional plans Smart urban economies are largely the result of the influence of ICT applications on all aspects of urban economy which in turn changes the land use system It points out that the dynamics of smart city GDP creation takes different paths which need further empirical study hypothesis testing and mathematical modelling Although there are hypotheses on how smart cities generate wealth and social benefits for nations there are no significant empirical studies available on how they generate urban economic development through urban spatial adaptation This book with 13 cities research studies is one attempt to fill in the gap in knowledge base

Routledge Handbook of Cultural Sociology Laura Grindstaff, Ming-Cheng M. Lo, John R. Hall, 2018-11-01 The thoroughly revised and updated second edition of the Routledge Handbook of Cultural Sociology provides an unparalleled overview of sociological and related scholarship on the complex relations of culture to social structures and everyday life With 70 essays written by scholars from around the world the book brings diverse approaches into dialogue charting new pathways for understanding culture in our global era Short accessible chapters by contributing authors address classic questions emergent issues and new scholarship on topics ranging

from cultural and social theory to politics and the state social stratification identity community aesthetics and social and cultural movements In addition contributors explore developments central to the constitution and reproduction of culture such as power technology and the organization of work This handbook is essential reading for undergraduate and postgraduate students interested in a wide range of subfields within sociology as well as cultural studies media and communication and postcolonial theory

The Experimental City James Evans, Andrew Karvonen, Rob Raven, 2016-05-20 This book explores how the concept of urban experimentation is being used to reshape practices of knowledge production in urban debates about resilience climate change governance and socio technical transitions With contributions from leading scholars and case studies from the Global North and South from small to large scale cities this book suggests that urban experiments offer novel modes of engagement governance and politics that both challenge and complement conventional strategies The book is organized around three cross cutting themes Part I explores the logics of urban experimentation different approaches and how and why they are deployed Part II considers how experiments are being staged within cities by whom and with what effects Part III examines how entire cities or groups of cities are constructed as experiments This book seeks to contribute a deeper and more socially and politically nuanced understanding of how urban experiments shape cities and drive wider changes in society providing a framework to examine the phenomenon of urban experimentation in conceptual and empirical detail

Recoded City Thomas Ermacora, Lucy Bullivant, 2016-07-01 Recoded City examines alternative urban design planning and architecture for the other 90% namely the practice of participatory placemaking a burgeoning practice that co author Thomas Ermacora terms recoding In combining bottom up and top down means of regenerating and rebalancing neighbourhoods affected by declining welfare or struck by disaster this growing movement brings greater resilience Recoded City sheds light on a new epoch in the relationship between cities and civil society by presenting an emerging range of collaborative solutions and distributed governance models The authors draw on their own fresh research of global pioneers forging localist design strategies public realm interventions and new stakeholder dynamics As the world becomes increasingly digital and virtual a myriad of online tools and technological options is becoming available These give unprecedented co creation opportunities to communities and professionals alike yielding the benefits of a more open DIY society Because of its close engagement with people place and local identity the field of participatory placemaking has huge untapped potential Responding to the challenges of the Anthropocene era Recoded City is for decision makers developers and practitioners working globally to make better and more liveable cities

Common Futures Schismenos Alexandros Schismenos, 2020-02-11 What does the future hold Is the desertification of the planet driven by state and corporate authority the final horizon of history Is the dystopian future implied by the systemic degradation of nature and society inescapable From marginal activist groups to governments and interstate organizations all appear to be concerned with what the future of our shared world will look like Yet even amid the ongoing global crisis caused by capitalism the

potential of a different radically rooted future has also appeared Common Futures explores the global emergence of twenty first century social movements opposed to capitalism and state authority These movements Yavor Tarinski and Alexandros Schismenos show transcend traditional political forms of organization and try to form autonomous networks premised on direct democracy and solidarity The authors identify the importance of grassroots movements which can bring radical change and create a more democratic and ecological future Common Futures examines the social and political roots of the environmental crisis and the relationship between ecology and direct democracy But Tarinski and Schismenos go beyond the analysis of crises contemporary struggles and social movements Common Futures also clarifies the conditions for the re creation of free public time and space and point to practical steps that we can take to alleviate the problems of our future

The Enigmatic Realm of **Online Happy City Transforming Through Design**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Online Happy City Transforming Through Design** a literary masterpiece penned with a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of people who partake in its reading experience.
