Online Organized Violence After Civil War:

Violence After War Michael J. Boyle, 2014-04-15 Developing a better understanding of the dynamics of violence in post war states can lead to a more durable peace The end of one war is frequently the beginning of another because the cessation of conflict produces two new challenges a contest between the winners and losers over the terms of peace and a battle within the winning party over the spoils of war As the victors and the vanquished struggle to establish a new political order incidents of low level violence frequently occur and can escalate into an unstable peace or renewed conflict Michael J Boyle evaluates the dynamics of post conflict violence and their consequences in *Violence after War* In this systematic comparative study Boyle analyzes a cross national dataset of violent acts from 52 post conflict states and examines in depth violence patterns from five recent post conflict states Bosnia Rwanda Kosovo East Timor and Iraq In each of the case studies Boyle traces multiple pathways through which violence emerges in post conflict states and highlights how the fragmentation of combatants especially rebel groups produces unexpected and sometimes surprising shifts in the nature type and targets of attack His case studies are based on unpublished data on violent crime including some from fieldwork in Kosovo East Timor and Bosnia and a thorough review of narrative and witness accounts of the attacks The case study of Iraq comes from data that Boyle obtained directly from U S Central Command published here for the first time *Violence after War* will be essential reading for all those interested in political violence peacekeeping and post conflict reconstruction

The Effects of Rebel Parties on Governance, Democracy and Stability after Civil Wars John Ishiyama, Gyda M. Sindre, 2022-11-30 This book provides a systematic overview and in depth analysis of the effects of rebel group inclusion on democracy following the end of conflict across the globe It examines different types of rebel groups addressing the subject matter through the lens of three dimensions democracy stability and governance which structure the book and the individual chapters As such it affords a rare opportunity to bring together two heretofore separate research traditions conflict studies and political parties This book will be of key interest to scholars and students of political parties and party theory civil wars and peacebuilding democratization studies and state building and more broadly to comparative politics development studies and security studies

Violence in the Americas Jonathan D. Rosen, Hanna Samir Kassab, 2018-04-17 Many countries throughout Latin America have experienced high levels of corruption drug trafficking and violence which has created elements of fragility The book is comprises case studies that explore the nature of violence in countries throughout the region Moreover it seeks to address some of the ways in which governments have sought to address violence The cases examined in this volume are quite diverse illustrating different types of violence as all of the countries in Latin America are not the same Countries like Brazil Colombia El Salvador Guatemala and Mexico have high levels of drug trafficking and organized crime Strategies designed to combat drug trafficking organization particularly in Colombia Mexico and Brazil and counter gang strategies in Central America have help foment violence as these various criminal organizations have responded to such government policies Yet

other countries like Peru and Bolivia have much lower levels of violence. However, the perception of insecurity is quite high despite the fact that Peru has one of the lower homicide rates in the country. On the other hand, the nature of violence in Bolivia is quite different. This country does not have a homicide rate like El Salvador but the country has witnessed public lynchings and other forms of violence. This volume is an effort to better understand the major trends in political violence in this particularly violent region.

Violent Societies C. Steenkamp, 2014-10-15 This book investigates the relationships between political violence, social violence, and economic violence using examples from South Africa, Northern Ireland, Lebanon, and Syria. It examines the cultural impact of war and argues that a culture of violence can explain the high levels of violence which are frequently found in post-war societies.

War Economies and Post-war Crime Sabine Kurtenbach, Angelika Rettberg, 2020-05-21 Even when armed conflicts formally end, the transition to peace is not clear-cut. This comprehensive volume explores the mounting evidence which suggests that it is rather unlikely to see a clean break from violence to consent, from theft to production, from repression to democracy, or from impunity to accountability. The authors analyse the complex endeavour of transitioning out of war, studying how it is often interrelated with other transformations such as changes in the political regime, democratisation, and in the economy, opening of markets to globalisation. They explore how, in the same way as wars and conflicts reflect the societies, they befall post-war orders may replicate and perpetuate some of the drivers of war-related violence, such as high levels of instability, institutional fragility, corruption, and inequality. This book thus suggests that even in the absence of a formal relapse into war, and the re-mobilisation of former insurgents, many transitional contexts are marked by the steady and ongoing reconfiguration of criminal and illegal groups and practices. This book will be of great interest to students and researchers of political science and peace studies. It was originally published as an online special issue of *Third World Thematics*.

Crime, Security and Global Politics Anja P. Jakobi, 2020-03-04 This engaging new textbook presents a comprehensive, nuanced, and multidimensional perspective on global crime and its governance. As global criminal activity becomes increasingly sophisticated and elusive, the means to counter it must adapt. Every day, our news media is dominated by incidents that span countries and continents, often presented as an all-encompassing threat orchestrated by societal outsiders. If not in the news, global crime is sensationalised in our film and television industry, and it can be difficult to gain a true understanding of what global crime is and how it is combated. Featuring the latest research and informed by a wide range of theoretical perspectives, this text masterfully makes sense of a range of issues from global environmental crime and human trafficking to the global trade in drugs and cybercrime. This pathbreaking text analyses why global crime is important, the obstacles faced in countering it, and accounts for the difficulties in securing cooperation across states. Comprehensive and accessible, this authoritative textbook is the perfect companion for students and scholars who are interested in the still-evolving issue of international relations and global politics.

The Political Economy of Peacebuilding in Post-Dayton Bosnia Timothy Donais, 2005-06-21 A fresh examination of the political economy of the peacebuilding process.

in Bosnia Herzegovina in the aftermath of the country's 1992-95 war. Little progress has been made in transforming the country's war-shattered economy into a functioning market economy. This new study explains the principal dynamics that have led to this and places Bosnia's economic transition process within the context of the country's broader post-conflict peacebuilding process. The central argument this book persuasively advances is that much of Bosnia's ongoing economic crisis and its current reform stalemate can be explained by exploring the interactions of an inappropriate international model of economic reform with the country's particular post-conflict and post-socialist political economy. This book is essential for readers who wish to build an understanding of the region and assess its future prospects and hopes. **Conflict**

Management in Divided Societies Stefan Wolff, Christalla Yakinthou, 2013-03-01. This exciting and innovative new textbook takes a multi-perspective approach to the study of conflict management in divided societies. Offering a wide range of perspectives from the leading experts in the field, the work explains conflict management from the viewpoint of the political scientist, the constitutional architect, the activist, and the NGO. It examines the philosophies underpinning constitutional design, the actors and processes involved, and the practicalities of the settlement process, combining conceptual and theoretical contributions with empirical case studies. In so doing, it provides a comprehensive global introduction to the study of conflict management in divided societies. Features/benefits of the textbook: Clearly explains the theories underpinning constitutional design, including power sharing, liberal consociationalism, centripetalism, power dividing, and territorial solutions. Surveys the key actors and processes involved in designing and implementing peace, including the evolution of diplomacy in peace making. Separate chapters about crafting solutions for divided societies from the perspectives of NGOs, the UN, EU, and AU. Explores the realities on the ground with chapters written by activists and practitioners which draw on their experience of working in conflict zones. Written in a clear and engaging style, this work is essential reading for all students of conflict resolution. **The Online Genealogy Handbook** Brad Schepp, Debra Schepp, 2008. Comprehensive and easy to use, this invaluable handbook will help you sort through the mountain of genealogy information that's now

available online. Back cover. **The Peace In Between** Astri Suhrke, Mats Berdal, 2013-03. This volume examines the causes and purposes of post-conflict violence. The end of a war is generally expected to be followed by an end to collective violence, as the term post-conflict, that came into general usage in the 1990s, signifies. In reality, however, various forms of deadly violence continue, and sometimes even increase, after the big guns have been silenced and a peace agreement signed. Explanations for this and other kinds of violence fall roughly into two broad categories: those that stress the legacies of the war, and those that focus on the conditions of the peace. There are significant gaps in the literature, most importantly arising from the common premise that there is one predominant type of post-war situation. This post-war state is often endowed with certain generic features that predispose it towards violence, such as a weak state, criminal elements generated by the war, time economy, demobilized but not demilitarized, or reintegrated ex-combatants, impunity, and rapid liberalization. The premise

of this volume differs. It argues that features which constrain or encourage violence stack up in ways to create distinct and different types of post war environments. Critical factors that shape the post war environment in this respect lie in the war to peace transition itself above all the outcome of the war in terms of military and political power and its relationship to social hierarchies of power, normative understandings of the post war order and the international context. This book will be of much interest to students of war and conflict studies, peacebuilding and IR Security Studies in general.

The Criminology of War Ruth Jamieson, 2017-07-05. The essays selected for this volume provide an overview of the range of issues confronting scholars interested in the complex and multiple relationships between war and criminality and map the many connections between war, security, governmentality, punishment, gender and crime. The collection draws on the recent theoretical advances made by both criminologists and scholars from cognate disciplines such as law, politics, anthropology and gender studies in order to open out criminological thinking about what war is, how it is related to crime and how these war-crime relationships reach into peace. The volume features contributions from key thinkers in the field and serves as a valuable resource for academics and students with an interest in the criminology of war.

The essays selected for this volume provide an overview of the range of issues confronting scholars interested in the complex and multiple relationships between war and criminality and map the many connections between war, security, governmentality, punishment, gender and crime. The collection draws on the recent theoretical advances made by both criminologists and scholars from cognate disciplines such as law, politics, anthropology and gender studies in order to open out criminological thinking about what war is, how it is related to crime and how these war-crime relationships reach into peace. It incorporates over 225 new entries and over 100 revisions, including a range of contributions and updates from the renowned academic and practitioner leaders of today as well as the next generation of top scholars. The entries address topics in clear and coherent language and include references to additional sources for further study.

ISIS Propaganda Stephane Baele, Katharine A. Boyd, Travis G. Coan, 2020. This book offers a comprehensive overview and analysis of the Islamic State's use of propaganda. Combining a range of different theoretical perspectives from across the social sciences and using rigorous methods, the authors trace the origins of the Islamic State's message, laying bare the strategic logic guiding its

evolution examining each of its multi media components and showing how these elements work together to radicalize audiences worldviews This volume highlights the challenges that this sort of full spectrum propaganda raises for counter terrorism forces It is not only a one stop resource for any analyst of IS and Salafi jihadism but also a rich contribution to the study of text and visual propaganda radicalization and political violence and international security **Routledge Handbook of Security Studies** Myriam Dunn Cavelty,Thierry Balzacq,2016-07-01 This revised and updated second edition features over twenty new chapters and offers a wide ranging collection of cutting edge essays from leading scholars in the field of Security Studies The field of Security Studies has undergone significant change during the past 20 years and is now one of the most dynamic sub disciplines within International Relations This second edition has been significantly updated to address contemporary and emerging security threats with chapters on organised crime migration and security cyber security energy security the Syrian conflict and resilience amongst many others Comprising articles by both established and up and coming scholars The Routledge Handbook of Security Studies provides a comprehensive overview of the key contemporary topics of research and debate in the field of Security Studies The volume is divided into four main parts Part I Theoretical Approaches to Security Part II Security Challenges Part III Regional In Security Part IV Security Governance This new edition of the Handbook is a benchmark publication with major importance for both current research and the future of the field It will be essential reading for all scholars and students of Security Studies War and Conflict Studies and International Relations

Encyclopedia of Victimology and Crime Prevention Bonnie S. Fisher,Steven P. Lab,2010-02-02 Victimology and crime prevention are growing interrelated areas cutting across several disciplines Victimology examines victims of all sorts of criminal activity from domestic abuse to street violence to victims in the workplace who lose jobs and pensions due to malfeasance by corporate executives Crime prevention is an important companion to victimology because it offers insight and techniques to prevent situations that lead to crime and attempts to offer ideas and means for mitigating or minimizing the potential for victimization In many ways the two fields have developed along parallel yet separate paths and the literature on both has been scattered across disciplines as varied as sociology law and criminology public health and medicine political science and public policy economics psychology and human services and more The Encyclopedia of Victimology and Crime Prevention provides a comprehensive reference work bringing together such dispersed knowledge as it outlines and discusses the status of victims within the criminal justice system and topics of deterring and preventing victimization in the first place and responding to victims needs Two volumes containing approximately 375 signed entries provide users with the most authoritative and comprehensive reference resource available on victimology and crime prevention both in terms of breadth and depth of coverage In addition to standard entries leading scholars in the field have contributed Anchor Essays that in broad strokes provide starting points for investigating the more salient victimology and crime prevention topics A representative sampling of general topic areas covered includes interpersonal and domestic violence child maltreatment and

elder abuse street violence hate crimes and terrorism treatment of victims by the media courts police and politicians
community response to crime victims physical design for crime prevention victims of nonviolent crimes deterrence and
prevention helping and counseling crime victims international and comparative perspectives and more **Peace**

Operations and International Criminal Justice Majbritt Lyck, 2008-07-29 This new volume provides the first thorough examination of the involvement of peace enforcement soldiers in the detention of indicted war criminals The book firstly addresses why peace enforcement missions need to be involved in detaining indicted war criminals This discussion includes an analysis of how the securing of justice and transitional justice is incorporated into the UN's approach to peace building It also explores IFOR's SFOR's and KFOR's activities aimed at detaining indicted war criminals before turning to an analysis of how the detaining of indicted war criminals is incorporated into peace enforcement doctrines mandates and rules of engagement The book then outlines the mechanisms that need to be established in order to enable peace enforcers to effectively arrest war criminals in the areas where they are deployed It concludes with a discussion of the prospects for the involvement of peace enforcement soldiers in the detention of indicted war criminals and of what lessons future peace enforcement missions can learn from the experience of IFOR SFOR and KFOR **Understanding Civil Wars** Edward

Newman, 2014-04-24 This volume explores the nature of civil war in the modern world and in historical perspective Civil wars represent the principal form of armed conflict since the end of the Second World War and certainly in the contemporary era The nature and impact of civil wars suggests that these conflicts reflect and are also a driving force for major societal change In this sense Understanding Civil Wars Continuity and change in intrastate conflict argues that the nature of civil war is not fundamentally changing in nature The book includes a thorough consideration of patterns and types of intrastate conflict and debates relating to the causes impact and changing nature of war A key focus is on the political and social driving forces of such conflict and its societal meanings significance and consequences The author also explores methodological and epistemological challenges related to studying and understanding intrastate war A range of questions and debates are addressed What is the current knowledge regarding the causes and nature of armed intrastate conflict Is it possible to produce general cross national theories on civil war which have broad explanatory relevance Is the concept of civil wars empirically meaningful in an era of globalization and transnational war Has intrastate conflict fundamentally changed in nature Are there historical patterns in different types of intrastate conflict What are the most interesting methodological trends and debates in the study of armed intrastate conflict How are narratives about the causes and nature of civil wars constructed around ideas such as ethnic conflict separatist conflict and resource conflict This book will be of much interest to students of civil wars intrastate conflict security studies and international relations in general **Global Criminal and**

Sovereign Free Economies and the Demise of the Western Democracies Robert J. Bunker, Pamela Ligouri

Bunker, 2014-09-15 Much has been written about the many economic benefits of globalization and the triumph and spread of

democratic liberalism with the end of the Cold War following the demise of the Soviet Union This work takes issue with such wine and roses perspectives about the future of the Western democracies and their faith based views on the moral purity of a globalized marketplace It also questions many of the assumptions found in the status quo reinforcing discipline of international political economy IPE a discipline that focuses on the formal and legitimate economies and the facade they present that international relations and commerce is still dominated and dictated solely by the old Westphalian state centric system Having highlighted these concerns this book looks at two major themes The first theme focuses on the theoretical perception that a Dark Renaissance is taking place globally one in which the Western liberal democracies and its citizens are ill prepared to respond because it exists at the trans civilization level bridging the modern to the post modern world The second theme focuses on the actual process of state deconstruction that is taking place This process is leading to what may become the very undoing of the democracies Drawing together experts from a variety of backgrounds this work explores the increasing shift away from formal based capitalism and evaluates through case studies how different states are responding to the challenges they face This work will be of great interest to students and scholars of international political economy

The Political Economy of Civil War and UN Peace Operations Mats Berdal, Jake Sherman, 2023-03-31 This book examines the operational and political challenges facing UN peace operations deployed in countries where civil war and protracted violence have given rise to the complex and distinctive political economies of conflict The volume explores the nature and impact of such political economies informal systems of power and influence formed by the interaction of local national and region wide war economies with the political agendas of conflict actors on the course of UN peace operations It focuses in detail on the UN's long running peace operations in the Democratic Republic of Congo South Sudan Afghanistan Sierra Leone Mali and Somalia The book is centrally concerned with the interaction of UN missions with the power structures and local conflict dynamics that shape individual mission settings and the challenges these pose for mediation protection of civilians and other tasks It also offers a critical assessment of the various ways in which the UN system from its headquarters in New York to the field has confronted the policy challenges posed by political economies of conflict affected states societies and regions It advances a pragmatic set of policy recommendations aimed at improving the UN's ability to confront predatory and exploitative war economies At the same time the volume makes it clear that political and institutional obstacles to more effective UN action are certain to remain profound and are unlikely ever to be fully overcome let alone eradicated Despite making some progress since the 1990s to better understand the political economy of civil wars the UN has struggled with how to tackle informal networks of power and their consequences for efforts to end wars The book will be of special interest to students of war and conflict studies statebuilding political economy of conflict UN interventionism and peacebuilding and IR Security in general

Computational Conflict Research Emanuel Deutschmann, Jan Lorenz, Luis G. Nardin, Davide Natalini, Adalbert F. X. Wilhelm, 2019-11-09 This open access book brings together a set of original studies that use cutting

edge computational methods to investigate conflict at various geographic scales and degrees of intensity and violence Methodologically this book covers a variety of computational approaches from text mining and machine learning to agent based modelling and social network analysis Empirical cases range from migration policy framing in North America and street protests in Iran to violence against civilians in Congo and food riots world wide Supplementary materials in the book include a comprehensive list of the datasets on conflict and dissent as well as resources to online repositories where the annotated code and data of individual chapters can be found and where agent based models can be re produced and altered These materials are a valuable resource for those wishing to retrace and learn from the analyses described in this volume and adapt and apply them to their own research interests By bringing together novel research through an international team of scholars from a range of disciplines Computational Conflict Research pioneers and maps this emerging field The book will appeal to students scholars and anyone interested in the prospects of using computational social sciences to advance our understanding of conflict dynamics

Online Organized Violence After Civil War Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Online Organized Violence After Civil War PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various

fields. It is worth noting that while accessing free Online Organized Violence After Civil War PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Online Organized Violence After Civil War free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Online Organized Violence After Civil War Books

1. Where can I buy Online Organized Violence After Civil War books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Online Organized Violence After Civil War book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Online Organized Violence After Civil War books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
