Online Book Safekeeping Karen Hesse:

Safekeeping Karen Hesse, 2025-09-23 Radley's parents had warned her that all hell would break loose if the American People's Party took power. And now with the president assassinated and the government cracking down on citizens, the news is filled with images of vigilante groups, frenzied looting, and police raids. It seems as if all hell has broken loose. Coming back from volunteering abroad, Radley just wants to get home to Vermont and the comfort and safety of her parents. Travel restrictions and delays are worse than ever, and by the time Radley's plane lands in New Hampshire, she's been traveling for over twenty-four hours. Exhausted, she heads outside to find her parents, who always come, day or night, no matter when or where she lands aren't there. Her cell phone is dead, her credit cards are worthless, and she doesn't have the proper travel papers to cross state lines. Out of money and options, Radley starts walking. Illustrated with 50 of her own haunting and beautiful photographs, this is a vision of a future America that only Karen Hesse could write: real, gripping, and deeply personal.

Better with Books Melissa Hart, 2019-04-23 Featuring 500 diverse book recommendations covering a wide range of subjects, this preteen and teen reading guide is a go-to resource for parents, students, young adult literature teachers, and librarians. School Library Journal Needed now more than ever, a guide that includes 500 reading recommendations for preteens and teens with the goal of inspiring greater empathy for themselves, their peers, and the world around them. And just as important, reading books that feature a diverse range of real-life topics helps generate openness, empathy, and compassion in all kids. Reading lists are organized around topics including Adoption and foster care, Body image, Immigration, Learning challenges, LGBTQIA youth, Mental health, Nature and environmentalism, Physical disability, Poverty and homelessness, Race and ethnicity, Religion and spirituality. Each chapter explores a particular issue affecting preteens and teens today and includes a list of recommended related books, all published within the last decade. Recommendations are grouped by age, those appropriate for middle-grade readers and those for teens. **Better with Books** is a valuable resource for parents, teachers, librarians, therapists, and all caregivers who recognize the power of literature to improve young readers' lives.

Portrait of the Artist as a Young Adult Lois Thomas Stover, Connie S. Zitlow, 2013-10-30 Young adults often struggle with confusion or guilt because they perceive themselves as different from others, especially their peers. For some of these individuals, the arts can help them cope with adolescent turmoil, allowing them to express their emotions in poems, stories, painting, songs, and other creative outlets. Sensitive teachers and parents know how important it is for young people to realize that they are not alone in their quest for self-knowledge and finding their way in the world. It can make a difference when readers find something in a book that helps them understand more about who they are and helps them understand others. In *Portrait of the Artist as a Young Adult: The Arts in Young Adult Literature*, Lois Thomas Stover and Connie S. Zitlow

examine books in which the coming of age for young adults is influenced by the arts Stover and Zitlow consider the connection between the arts and a young person s developing sense of self the use of art to cope with loss and grief and how young adults can use art to foster catharsis and healing The young people in these books either identify as artists or use the arts in intentional ways to explore their identities They often have artistic gifts that make them stand outside the norms of teenage life yet those gifts also help them find a sense of community Artists considered in this book include painters photographers sculptors actors directors choreographers dancers composers musicians graffiti artists and others The books discussed also explore the ways adults can nurture the artist s development and understand the way young people sometimes use the arts to form their unique identity Included is an annotated bibliography organized by art discipline as well as an appendix about using the arts pedagogically making Portrait of the Artist as a Young Adult a valuable resource for educators parents librarians and young adults
