The Online Self Soraj Hongladarom, 2016-07-27 This book investigates the emerging phenomenon of the self as it exists in the online world It argues for an externalist conception of self and identity one that does not depend on the continuity of consciousness of the subject It also offers an analysis of related phenomenon such as online friendship and games based on this analysis An outstanding feature of social networking sites such as Facebook and MySpace is that it allows for the user to put forward their selves or their identity onto the Internet and use the online self as an anchor to connect with any number of friends each of whom also has their own online selves A number of questions then arise which are deeply conceptual and philosophical in nature What is the metaphysical nature of this emerging online self Is it the same or fundamentally different from the offline self with which we are already familiar Since increasing numbers of people are connected to the online world this world itself seems to be taking on a reality of its own This much has been appreciated by a number of scholars in the field However there seems to be lacking a systematic study of the philosophical and metaphysical nature of the self that has become a key element in cyberspace a key topic which this volume addresses Apart from the problem of constitution of the online self this volume addresses related questions concerning personal identity in the online world and scrutinizes computer games and the characteristics that they share with social networking sites Unlike the majority of the existing literature which discusses the topic from a more social scientific perspective this volume fills the lacuna of a philosophical and theoretical study of the online world

The Web of Fraud That Is Enslaving Everyone and How We Can Escape to Freedom* Donald Lee,2022-10-20 Why does nothing make sense How can there be a climate emergency when the climate has not changed noticeably during my lifetime How can we fight a War on Drugs for fifty years and the drug problem gets worse How can we fight a War on Terror for two decades yet there s more terror than ever How could there be a worldwide pandemic when there were no excess deaths anywhere in 2020 Why is the answer to every problem more power and control for governments yet they never solve the problems Why is it that the real power doesn t seem to be in elected governments at all Every government in the world seems to be taking its marching orders from the World Economic Forum

What the Hell Is Going On What s the connection between all these things Is it all just an accident These events seem to be planned but even if they aren t it doesn t matter Like pregnancy planned or unplanned the result is the same Whether by accident or conspiracy we are on the road to totalitarian slavery It s not hard to understand But it s hard to believe It is unbelievable You have to see the evidence to believe it That what this book is about evidence Donald Lee pulls together evidence from a dozen disciplines to connect the dots on a web of fraud that is leading inexorably to a one world totalitarian tyranny That s the path we re on But we can still get on a different path We re in World War III It s a 5th generation war so it doesn t even seem like war At its root it is a spiritual war and spiritual wars are fought within My favorite line from the book is In this spiritual war our strategy is love our tactic is forgiveness our weapon is non violent non cooperation I couldn t agree more Karen Kan M D In What the Hell Is Going On spiritual author Donald Lee takes you on a journey of unfolding enlightenment He shows you how To perceive differently so you can perceive what is really going on The Marxist Philosophy of Death has slowly marched through the institutions and culture of the Western world The tactics of communist subversion have overwhelmed our society and nobody noticed Mass formation psychosis has blinded people to reality making them immune to reason and common sense in every fraud We still have the structure of democracy in the Western world but all governance is really functioning as a dictatorship the Policy Hierarchy The central bank digital currencies about to be unleashed on the world will trap everyone in the iron grip of a greater slavery than the world has ever known and from which there will be no escape The time to escape is NOW It is already late If we delay much longer all hope will be lost YOU must act NOW To turn back the totalitarianism and bring a new rebirth of freedom Turning back to democracy means turning back to God means exposing the lies and uncovering the truth particularly the truth of who you really are an eternal child of God a being of Light and Love You will be surprised maybe horrified but you won t emerge with the same set of conclusions you went in with Christopher A Shaw Ph D This might be the most important book you read this decade Buy it now *The Library of Choice Literature and Encyclopædia of Universal Authorship ...* Ainsworth Rand Spofford, Charles Gibbon, 1893
