Parish Church Treasures John Goodall, 2015-10-08 An enthralling guide to the largely unrecognised treasures of England's remarkable Parish Churches the supreme treasury of English vernacular art and memory Our parish churches constitute a living patrimony without precise European parallel Their cultural riches are astonishing not only for their quality and quantity but also their diversity and interest Fine art and architecture here combine unpredictably with the functional the curious and the naïve from prehistory to the present day to form an unsung national museum which presents its contents in an everyday setting without curators or formal displays Because church treasures usually remain in the buildings they were created for properly interpreted they tell from thousands of local perspectives the history of the nation its people and their changing religious observance John Goodall's weekly series in *Country Life* has celebrated particular objects in or around churches that are of outstanding artistic social or historical importance to underline both the intrinsic interest of parish churches and the insights that they and their contents offer into English history of every period *Parish Church Treasures* incorporates and significantly expands this material to tell afresh the remarkable history of the parish church It celebrates the special character of churches as places to visit whilst providing an authoritative and up to date history at a time when the use and upkeep of these buildings and the care of their contents is highly contentious

Servanthood of Song Stanley R. McDaniel,2024-05-23 Servanthood of Song is a history of American church music from the colonial era to the present Its focus is on the institutional and societal pressures that have shaped church song and have led us directly to where we are today The gulf which separates advocates of traditional and contemporary worship Black and White Protestant and Catholic is not new History repeatedly shows us that ministry to be effective must meet the needs of the entire worshiping community not just one segment age group or class Servanthood of Song provides a historical context for trends in contemporary worship in the United States and suggests that the current polemical divisions between advocates of contemporary and traditional classically oriented church music are both unnecessary and counterproductive It also draws from history to show that to be the powerful component of worship it can be music whatever the genre must be viewed as a ministry with training appropriate to that Servanthood of Song provides a critical resource for anyone considering a career in either musical or pastoral ministries in the American church as well as all who care passionately about vital and authentic worship for the church of today

Faith, Family, and Filipino American Community Life Stephen M. Cherry,2014-01-03 Stephen M Cherry draws upon a rich set of ethnographic and survey data collected over a six year period to explore the roles that Catholicism and family play in shaping Filipino American community life From the planning and construction of community centers to volunteering at health fairs or protesting against abortion this book illustrates the powerful ways these forces structure and animate not only how first generation Filipino Americans think and feel about their community but how they are compelled to engage it over issues deemed important to the sanctity of the family Revealing more than intimate accounts of Filipino American lives Cherry offers a glimpse of the often hidden but vital relationship between religion and community in the lives of new immigrants and allows speculation on the broader impact of Filipino immigration on the nation The Filipino American community is the second largest immigrant community in the United States and the Philippines is the second largest source of Catholic immigration to this country This groundbreaking study outlines how first generation Filipino Americans have the potential to reshape American Catholicism and are already having an impact on American civic life through the engagement of their faith
