READ THE TEXT CAREFULLY AND ANSWER THE FOLLOWING QUESTIONS

Doctors tell us to eat more fruits and more vegetables. They tell us to drink more water and less **fizzy drinks**. But do we listen?? No, we **continue** to eat lots of **junk food** like pizza, sweets, chips, cakes and biscuits.

We are what we eat. If we keep putting bad things into our bodies every day, like lots of fats and sugar, we will see bad things happen to our body. Unhealthy food makes your body unhealthy. When you get older you start to have a lot of problems like heart **diseases**. We only think that burgers taste better than salad. We think that the juice we buy from the supermarket is more delicious than the juice we make at home. Burgers, French Fries and fizzy drinks may be delicious but they haven't got enough vitamins and minerals. Your body needs vitamins and **minerals** to grow healthy. Healthy food gives our body the vitamins and the minerals it needs.

People eat junk food because it is **tasty** but everybody can have a tasty meal at home. The only problem is that buying fresh **products** and cooking takes time. And people **prefer** to spend time doing other activities such as watching films, meeting friends, walking in parks and so on. I also like to do these activities but I am very careful of my body. If you want to be healthy, you should eat healthy food every day!!

Enhancements and Limitations to ICT-Based Informal Language Learning: Emerging Research and

Opportunities Ahmed, Rashad, Al-kadi, Abdu, Hagar, Trenton, 2020-01-03 In today's modernized world digital technology has taken the forefront in all aspects of society including education. Students have access to numerous electronic devices which has made online learning materials highly accessible. These technological impacts have blurred the distinction between formal and informal language learning methods. Informally learned English has lost proficiency when assessing student performance. Sizable research is necessary to study and understand the informal methods of language learning using technology. Enhancements and Limitations to ICT Based Informal Language Learning: Emerging Research and Opportunities is a pivotal reference source that provides vital research on the implementation of technological opportunities within informal language teaching methods along with the drawbacks that limit its efficiency. While highlighting topics such as acculturation, student perception, and autonomous applications, this publication explores how learners perform ICT-based activities beyond the classroom and assesses the linguistic gains generated by informal ICT uses. This book is ideally designed for teachers, IT consultants, educational software developers, researchers, policymakers, and academic professionals seeking current research on technological techniques within second language learning and teaching.
