Editorial Review This book of Luann Robinson Hull's is a stunning hit between the eyes She has complete command of her subject matter expertly navigating us through waters we probably didn't even know were treacherous Not once does she lose sight of her destiny using feminine power and finesse to enlighten us of this mysterious abyss called relationship Though her target audience may appear to be women Happily Ever After Right Now provided me with insight and clarity into something I gave up trying to comprehend long ago She reminded me not only of what I seek in a partner but helped me set off on the journey of reclaiming the man I have always wanted to be Branden Blinn The Branden Blinn Media Group **Spirituality**

**Beyond Science and Religion** William Pillow,Jack McMahan,2012-05 Spirituality means something different to everyone Some may believe it involves participating in organized religion Others may prefer it to be more personal like getting in touch with one's inner self through yoga meditation quiet reflection or even long walks A few may find that it lies in finding a new sense of purpose for their lives Spirituality Beyond Science and Religion addresses all of these and more through a new paradigm about life and death It lifts readers above their daily press for competitive survival and success by going to the heart of all spirituality The book disputes traditional science's claim that physical matter is the only reality It also helps

explain enigmas that have confronted orthodox religion for centuries To do so this book correlates published research from nearly one hundred and fifty authors and professionals in medicine neuroscience psychology theology history and metaphysics It explores new insights being revealed through thousands of subjective experiences around the world all of them beyond the ability of science or religion to explain The book therefore not only offers reassurance that death is not final but it also discloses profound implications for how we live our lives on earth

**Spirituality and Alternativity in Contemporary Japan** Ioannis Gaitanidis, 2022-10-20 This book critically analyses the creation and effects of spirituality as both discourse and practice in Japan It shows how the value of spirituality has been sustained by scholars who have wished for a more civic role for religion by the publishing industry whose exponential growth in the 1980s fashioned those who later identified as the representatives of this new spirituality culture by spiritual therapists who have sought to eke out a livelihood in an increasingly professionalized and regulated therapeutic field and by the cruel optimism of an increasingly precarious workforce placing its hopes in the imagined alternative that the supirichuaru represents Ioannis Gaitanidis offers a new transdisciplinary conceptualisation of alternativity that can be applied across and beyond the disciplines of religious studies media studies popular culture studies and the anthropology sociology of medicine
