Op De Hand Van De Engelen:

Het Boek Henoch Apostel Arne Horn,2014-02-12 Het boek van Henoch Volgens de Bijbelse chronologie was Henoch de zoon van Jered en de vader van Methusalah Hij werd geboren in het jaar 622 na de schepping van Adam toen zijn vader de leeftijd van 162 jaar had bereikt Zijn naam betekent zoveel als De ingewijde De inzicht hebbende en De kenner Henoch werd zonder te sterven van de aarde weggenomen in het jaar 987 toen hij 365 jaar oud geworden was , **Nieuw**

Apostolische Bijbel (grote letter) Apostel Arne Horn,2013 **Gods woord nader bekeken** Apostel Arne,2014-07-19 Volgens de opvatting en de uitleg van de kerk door de eeuwen heen is dit het hoofdthema van het Nieuwe Testament en daarmee van het christelijk geloof namelijk dat Jezus Christus aan het kruis zijn leven heeft gegeven voor de zonden van de mensen en uit de dood is opgestaan en dat men als zondaar aan dit heilswerk van Jezus deel krijgt door het geloof in Hem

Maori Folk-tales of the Port Hills, Canterbury, New Zealand James Cowan,2011-01-01 With the opening of tracks along the bold range of heights between the Canterbury Plains and Lyttelton Harbour and the acquisition of new reserves for the public mainly through the efforts of one tireless worker Mr H G Ell Christchurch residents are perhaps coming to a more lively sense of the value of the Port Hills as a place of genuine recreation The Summit Road has made city people free of the grandest hilltop pleasure place that any New Zealand city possesses within easy distance of its streets and the worth of this mountain track so easily accessible and commanding so noble a look out over sea and plains and Alps will increase in proportion to the growth of the Christchurch population The fragments of the native bush which survive in the valleys will be of surpassing botanical interest in another generation or two but the vegetation of the hills inevitably will suffer many changes and an exotic growth will for the most part replace the ancient trees With all the alterations which man's hand may make in the reserves and along the public tracks however the monumental rock beauty will remain the great and peculiar feature of the hills their most wonderful and unalterable glory The Port Range and the Banks Peninsula system of mountains are indeed the most remarkable heights in the whole of the South Island not excepting the snowy Alps there is nothing like them outside the northern volcanic regions and in some aspects they carry a greater scientific and scenic value than even the crater cones around the city of Auckland What the Canterbury coast would have been like but for the vast volcanic convulsions which formed these ranges and huge craters is not difficult to imagine It would have been a uniform billiard table on an enormous scale very gently sloping to the sea with scarcely a break but for the snow rivers and with never a usable natural harbour Volcanic energy gave us Lyttelton and Akaroa harbours and shaped for us also the ever marvellous hills that are at once a grateful relief to the eye from the eternal evenness of the plains and a healthful place of pleasure for our city dwellers The passage of untold ages has so little altered these fire made ranges that build a picture like ring about Lyttelton Harbour that their origin and history are plainly revealed to the climber and the Summit Road stroller the story of the rocks can scarcely be mistaken Geologists from the days of von Haast have written much of the Lyttelton and Akaroa

volcanic systems and in truth it is an ever new and ever fascinating subject There is hardly a more interesting specimen of vulcanism in New Zealand for example than the strange wall of grey white lava rock which Europeans call the Giant s Causeway and the Maoris The Fire of Tamatea which protrudes from the hilltop just above Rapaki and which may be seen again on the far side of the harbour a volcanic dyke that the ancient people with surely some perception of geological truth connected in their legends with the internal fires of the North Island Along the craggy hill faces again and particularly well in such places as Redcliffs and the Sumner end of the range it is easy to read the history of the rocks in the alternate strata of solid volcanic rock and the soft rubble that seems almost to glow again with the olden fires The most wonderful example of this stratified formation is the face of the south head of Akaroa Harbour but it is possible to study similar pages in the volcanic chapter of Canterbury s history without going many yards from the Summit Road anywhere from the sea to the hills above the harbour head

Nieuw Apostolische Bijbel #5 Apostel Arne Horn,2014-07-10 Het Nieuwe Testament is een verzameling religieuze geschriften behorend tot het Christendom Het vormt het tweede deel van het heilige boek van de Christenen de Bijbel Hoewel precieze datering moeilijk is wordt algemeen aangenomen dat de geschriften van het Nieuwe Testament dateren uit de tweede helft van de eerste eeuw tot het begin van de tweede eeuw na Christus

The Battle of Gettysburg: The Country, The Contestants, The Results William C. Storrick,2020-09-28 It is difficult to present a great battle with sufficient detail to please both the student of tactics and the average reader If the visitor is not satisfied with the brief outline here presented he is recommended to read further in the books listed and especially to employ a guide without whose trained and supervised services the best manual is inadequate The reader in search of romance is recommended to the successive Incidents of the Battle as herein presented According to official records the Gettysburg campaign of 1863 began on June 3rd and ended on August 1st No effort will be made to describe the movements counter movements and fifty minor engagements that occurred before the armies crossed the Mason and Dixon s line and finally concentrated at Gettysburg where they engaged in battle on July 1st 2nd and 3rd It is necessary however that the visitor should understand the approach to the field On June 3rd the Union Army called the Army of the Potomac lay at Falmouth Va on the north side of the Rappahannock River Major General Joseph Hooker in command The Confederate Army called the Army of Northern Virginia occupied the south bank with headquarters at Fredericksburg General Robert E Lee in command Both armies were resting after the major engagement at Chancellorsville in which the Confederates were victorious The Army of the Potomac was made up of seven infantry and one cavalry corps It numbered at the time of the battle approximately 84 000 The Army of Northern Virginia was made up of three infantry corps and one division of cavalry It

numbered at the time of the battle about 75 000 Following the text is a roster of officers which should be consulted both for an understanding of the battle and because of the obligation to honor brave men During the month of May General Lee visited Richmond to discuss with the Confederate government various plans involving political and military considerations Up to this time the South had won the major victories but her resources both in men and sinews of war were diminishing and a prolonged conflict would be disastrous It was decided that the army should invade the North via the Shenandoah and Cumberland valleys with Harrisburg as an objective This route not only afforded a continuous highway but put the army in a position to threaten Baltimore Philadelphia and Washington from the north The Blue Ridge Mountains to the east would screen the advance and the rich agricultural section would furnish supplies of food and forage The time was propitious General Lee s army was in the prime of condition The North was discouraged by losses distrustful of Lincoln weary of war The South believed that one great victory would assure her the friendliness of the leading powers of Europe Her independence once acknowledged she could import the materials of war and the necessities of life which she lacked It was thought certain that at the prospect of invasion the North would withdraw troops from the siege of Vicksburg then being conducted by General Grant With high hopes the march was begun On June 3rd Lee put his army in motion northward with Ewell s Corps preceded by Jenkins and Imboden s Cavalry in the advance followed by Longstreet and lastly by Hill Longstreet moved on the east side of the Blue Ridge in order to lead Hooker to believe that Washington would be threatened On reaching Snicker s Gap he crossed the Ridge into the Shenandoah Valley and followed Hill who was now in advance The great army was strung out from Fredericksburg Va on the south to Martinsburg W Va on the north with the cavalry division under Stuart guarding the gaps along the Blue Ridge Since 1863 the population of Gettysburg has increased from 2 000 to 5 500 After driving out Union forces stationed at Winchester under Milroy Lee s Army crossed the Potomac at Williamsport and Shepherdstown on June 23rd 24th and 25th and advanced northward unopposed through the Cumberland Valley toward Harrisburg
