A Tour Through the Whole Island of Great Britain Daniel Defoe, 2005-08-25 Britain in the early eighteenth century an introduction that is both informative and imaginative reliable and entertaining To the tradition of travel writing Daniel Defoe brings a lifetime s experience as a businessman soldier economic journalist and spy and his Tour 1724 6 is an invaluable source of social and economic history But this book is far more than a beautifully written guide to Britain just before the industrial revolution for Defoe possessed a wild inventive streak that endows his work with astonishing energy and tension and the Tour is his deeply imaginative response to a brave new economic world By employing his skills as a chronicler a polemicist and a creative writer keenly sensitive to the depredations of time Defoe more than achieves his aim of rendering the present state of Britain
