Introducing Postmodernism Chris Garratt, Richard Appignanesi, 2014-06-05 What connects Marliyn Monroe Disneyworld The Satanic Verses and cyber space Answer Postmodernism But what exactly is postmodernism This Graphic

Guide explains clearly the maddeningly enigmatic concept that has been used to define the world's cultural condition over the last three decades. *Introducing Postmodernism* tracks the idea back to its roots by taking a tour of some of the most extreme and exhilarating events, people and thought of the last 100 years in art, constructivism, conceptual art, Marcel Duchamp, Jackson Pollock and Andy Warhol in politics and history, McCarthy's witch hunts, feminism, Francis Fukuyama and the Holocaust in philosophy, the work of Derrida, Baudrillard, Foucault and Heidegger. The book also explores postmodernism's take on today and the anxious grip of globalisation, unpredictable terrorism and unforeseen war that greeted the dawn of the 21st century. Regularly controversial, rarely straightforward and seldom easy, postmodernism is nonetheless a thrilling intellectual adventure. *Introducing Postmodernism* is the ideal guide. *Introducing Anthropology* Merryl Wyn-Davis, 2014-12-01

Anthropology originated as the study of primitive cultures. But the notion of primitive exposes presumptions of civilized superiority and the right of the West to speak for less evolved others. With the fall of Empire, anthropology became suspect and was torn by dissension from within. Did anthropology serve as a handmaiden to colonialism? Is it a science created by racism to prove racism? Can it aid communication between cultures or does it reinforce our differences? *Introducing Anthropology* is a fascinating account of an uncertain human science seeking to transcend its unsavoury history. It traces the evolution of anthropology from its genesis in Ancient Greece to its varied forms in contemporary times. Anthropology's key concepts and methods are explained and we are presented with such big name anthropologists as Franz Boas, Bronislaw Malinowski, E. E. Evans Pritchard, Margaret Mead and Claude Lévi-Strauss. The new varieties of self-critical and postmodern anthropologies are examined and the leading question of the impact of anthropology on non-Western cultures is given centre stage. *Introducing Anthropology* is lucid in its arguments, its good humour supported by apt and witty illustrations. This book offers a highly accessible invitation into anthropology. [The Magic of a Name: The Rolls-Royce Story, Part 1](#) Peter Pugh, 2015-04-02

The Magic of a Name tells the story of the first 40 years of Britain's most prestigious manufacturer, Rolls Royce. Beginning with the historic meeting in 1904 of Henry Royce and the Honourable C. S. Rolls and the birth in 1906 of the legendary Silver Ghost, Peter Pugh tells a story of genius, skill, hard work and dedication which gave the world cars and aero engines unrivalled in their excellence. In 1915, 100 years ago, the pair produced their first aero engine, the Eagle, which along with the Hawk, Falcon and Condor proved themselves in battle in the First World War. In the Second, the totemic Merlin was installed in the Spitfire and built in a race against time in 1940 to help win the Battle of Britain. With unrivalled access to the company's archives, Peter Pugh's history is a unique portrait of both an iconic name and of British industry at its best. **Love Among the Ruins** Harry Leslie Smith, 2015-09-10

Harry Leslie Smith is absolutely one of my heroes. Everyone should read this and be humbled. Annie Lennox: A deep love of humanity is what animates Smith. He is a hero of our times. *Newsweek*: His straight from the heart delivery makes these events seem as clear and immediate as if they happened yesterday. *Morning Star*: At 22, the war is over for RAF serviceman Harry Leslie Smith, the now 92-year-old

activist and author of the acclaimed *Harry's Last Stand* but the battle for love and hope rages on. Stationed in occupied Hamburg a city physically and emotionally ripped apart by Allied bombing and determined to escape the grinding poverty of his Yorkshire youth Harry unexpectedly finds a reason to stay a young German woman by the name of Friede. As their love develops they must face both German suspicion and British disapproval of relations with the enemy. Harry's ardent straight from the heart memoir brings to life a city reduced to rubble populated with refugees, black marketeers, corrupt businessmen and cynical soldiers. *Love Among Ruins* A memoir of life and love in Hamburg is a unique snapshot of a terrible period in Europe's history and a passionate love letter to a city, to a woman and to life itself. 30-Second Philosophies Julian

Baggini, Stephen Law, 2010-08-05 A full colour illustrated tour through philosophy's most famous and most mind bending ideas. I Think Therefore I Am, Existentialism, Dialectical Materialism, The Socratic Method and Deconstruction. Sure you know what they all mean. That is, you've certainly heard of them. But do you know enough about them to join a dinner party debate or dazzle the bar with your knowledge? *30 SECOND PHILOSOPHIES* takes a revolutionary approach to getting a grip on the 50 most significant schools of philosophy. The book challenges leading thinkers to quit fretting about the meaning of meaning for a while and explain the most complex philosophical ideas using nothing more than two pages, 300 words and a metaphorical image. Here in one unique volume you have the chance to pick the potted brains of our leading philosophers and understand complex concepts such as Kant's Categorical Imperative without ending up in a darkened room with an ice pack on your head. **Introducing Time** Craig Callender, 2014-05-15 What is time? The 5th century philosopher St

Augustine famously said that he knew what time was so long as no one asked him. Is time a fourth dimension similar to space or does it flow in some sense? And if it flows, does it make sense to say how fast? Does the future exist? Is time travel possible? Why does time seem to pass in only one direction? These questions and others are among the deepest and most subtle that one can ask, but *Introducing Time* presents them many for the first time in an easily accessible, lucid and engaging manner, wittily illustrated by Ralph Edney. **Sexuality** Meg-John Barker, 2021-02-05 Sexuality delivers the goods, making the history and theory of sexuality downright sexy. I learned more in one session with this book than I've figured out in a lifetime.

Christine Burns MBE, author of *Trans Britain*. They're back! Writer Meg-John Barker and artist Jules Scheele once again team up in this cheeky and informative comic book follow up to *Queer and Gender*. Sex is everywhere. It's in the stories we love and the stories we fear. It defines who we are and our place in society. At least we're told it ought to. Sex and sexuality can seem like a house of horrors full of monsters and potential pitfalls. We often live with fear, shame and frustration when it comes to our own sexuality and with judgement when it comes to others. Sex advice manuals, debates over sex work and stories of sexual dysfunction only add to our anxiety. With compassion, humour, erudition and a touch of the erotic, Meg-John Barker and Jules Scheele shine a light through the darkness and unmask the monsters. The art introduces a set of reoccurring characters, tongue-in-cheek references to the Scooby Doo gang who journey through a haunted house confronting and unmasking the

villains patriarchy white supremacy ableism and capitalism personified The sum accessible compassionate reading for readers wanting to think more deeply about sex society and how they intersect Publishers Weekly **Queer: A Graphic History** Meg-John Barker,2016-09-08 Queer A Graphic History Could Totally Change the Way You Think About Sex and Gender Vice Activist academic Meg John Barker and cartoonist Jules Scheele illuminate the histories of queer thought and LGBTQ action in this groundbreaking non fiction graphic novel From identity politics and gender roles to privilege and exclusion Queer explores how we came to view sex gender and sexuality in the ways that we do how these ideas get tangled up with our culture and our understanding of biology psychology and sexology and how these views have been disputed and challenged Along the way we look at key landmarks which shift our perspective of what s normal Alfred Kinsey s view of sexuality as a spectrum Judith Butler s view of gendered behaviour as a performance the play Wicked or moments in Casino Royale when we re invited to view James Bond with the kind of desiring gaze usually directed at female bodies in mainstream media Presented in a brilliantly engaging and witty style this is a unique portrait of the universe of queer thinking

Welcome to the Jilted Generation Ed Howker,Shiv Malik,2013-09-19 This the 44 page Preface to the 2013 edition of Ed Howker and Shiv Malik s Jilted Generation How Britain Bankrupted Its Youth In 2010 Jilted Generation How Britain Bankrupted It s Youth revealed the plight of Britain s youngest adults for the first time while a new coalition government set out to solve them The Tories said they would fulfil a solemn promise to the next generation The Liberal Democrats said they were absolutely determined that we will be able to look our children and grandchildren in the eye and say we did the best we could for them So how has that been working out In this trailblazing new analysis the authors of Jilted Generation reveal the canyon between Britain s next generation and the politicians claiming to help them In unemployment and homelessness rates through the riots student protests and workfare battles a picture emerges of a generation in crisis a government in stasis and an unprecedented opportunity to solve both problems Published here as an eBook Short as well as in the fully updated new edition of Jilted Generation this essay offers an insight into the issues a clear and hard hitting view of the situation in 2013 for Britain s young adults
