**One Thousand Moons** ,1985      *Knocking at the Open Door* R.E. Mark Lee,2016-09-30 J Krishnamurti 1895 1986 was thought by many to be a modern day equivalent of the Buddha In fact he was once even considered to be the second coming of Christ While many think it wonderful to live and work in close proximity with such a person its difficult to understand the depth of what this means and how challenging this might be In *Knocking at the Open Door* author R E Mark Lee provides an ordinary person view of what being close up and working together with such a man means how it challenges one at every turn and how it causes one to question ceaselessly even more deeply than one ordinarily would Lee offers an insightful candid and heartfelt narrative that reveals various unknown facets of the eminent world teacher J Krishnamurti and highlights his distinctive vision for education worldwide This comprehensive volume brings alive the practical and everyday interactions Lee had with Krishnamurti during a twenty year period in India and the United States *Knocking at the Open Door* shares a clear and honest account that demonstrates the challenges of working with Krishnamurti in running a school that is true to the teaching and yet able to function in the reality of modern parental student and educational establishment expectations      *J. Krishnamurti* Meenakshi Thapan,2022-06-01 Teacher thinker writer and speaker J Krishnamurti 1895 1986 was an Indian educationist spiritual leader and key figure in world philosophy He raised significant questions about the state of the world about our tendency to remain passive conditioned and in a state of overwhelming confusion about how we relate to the world Through talks and writings spread over many decades and geographical locations he articulated an unconditioned reflective approach which emphasised self inquiry This volume provides an understanding of Krishnamurti s views on the human predicament in a disintegrating world marked by conflict divisions wars and climate change It also examines his educational thought and its enormous potential for change Krishnamurti argued that our minds are so conditioned that we are unable to look listen or learn without our prior knowledge that foregrounds the role of memory and time He highlighted the need to work with young children with a special focus on the school as the centrepiece of his perception for psychological development and educational excellence It is within an educational setting that Krishnamurti hoped that the seeds for individual and social change will be catalysed An introspective look at the life and legacy of an eminent twentieth century thinker this volume will be of great interest to students and researchers of philosophy education religion and spirituality South Asia studies modern history and the social sciences      *Times of India Illustrated Weekly* ,1986 Bombay ,1986      **Secularism** Mike King,2007-11-29 Spirituality is a difficult subject in the modern world Everywhere from popular media to the university from the bookshelf to the dinner table religions are derided or marginalised and public figures such as Richard Dawkins set upon anyone who admits to a belief in God It seems that science and religion are fundamentally at odds and that a mutual respect is unacceptable to either in their parallel pursuit of truth Yet the majority of Enlightenment authors engaged with both science and spirituality and did not lose their faith Today we tend to see these

authors as not having applied full scientific rigour to their religious beliefs but are we correct in dismissing this aspect of their lives so easily In *Secularism* Mike King examines the elements of religion philosophy and science which have contributed to an almost total disavowal of spirituality by contemporary western intellectuals He engages with a wide range of thinkers including Pythagoras Marx Spinoza Darwin and Nietzsche and incorporates detailed studies of a variety of spiritual leaders some of whom readers are unlikely to have considered in this way before to uncover why the western world no longer has any interest in devotion or accords it any respect **India Today** ,1986 *Eastern Mysteries* ,1991 Donated
