Confucianism in Contemporary Chinese Politics Shanruo Ning Zhang, 2016-03-29 This book examines the ways in which Confucian political culture operates in contemporary Chinese politics and influences its development. The author argues that the authoritarian political culture performs functions similar to the democratic political culture drawing on a wide range of data surveys interviews archives Public Hearing Meeting records and the Party Congress Reports of the Chinese Communist Party to substantiate and illustrate these arguments. In an authoritarian political system the legitimating values of the authoritarian political culture persuade the public of their government's legitimacy and the engaging values equip individuals with a set of cultural dispositions resources and skills to acquire political resources and services from the state. In the context of Chinese politics personal connections infused with affection and trust the Social Capital in the Confucian culture facilitate political engagement. Despite the country's continuous advocacy for the rule of law state and public perceptions of legal professionals and legal practices such as mediation and lawyer judge relations are fundamentally moralized. A new people ideology which originated in the Confucian political culture has been re appropriated to legitimate the Party's hegemonic governing position and policies.

Confucianism in Contemporary Chinese Politics Shanruo Ning Zhang, 2016-03-29 This book examines the ways in which Confucian political culture operates in contemporary Chinese politics and influences its development. A new people ideology which originated in the Confucian political culture has been re appropriated to legitimate the Party's hegemonic governing position and policies.

China's Internet in the 2000s Junhao Hong, 2025-02-11 This book studies China's Internet in the 2000s with a focus on the challenges and dilemmas of the authorities and the battles between the authorities and the newly networked society in the cyber space which has been a critical centerpiece in the Chinese authorities struggle for political stability. The book also examines the distinct technological means and political legal regulations restrictions used for Internet control unique characteristics and the implications of their influences on the political change and social transformation of the world's most populous country. It illuminates the fierce competition between the authorities and the newly networked Chinese society by

looking at how Chinese netizens make every possible effort to gain access to the Internet for truth and make their voices and views heard while how the authorities use whatever possible means to prevent that from happening The in depth analyses of how these challenges dilemmas and battles have been affecting and changing China s political system the ruling communist ideology the public s access to information as well as the expression of the public s discourse are relevant to policymakers and analysts in both business and government sectors as well as scholars and researchers with an interest in Asian Studies Chinese Studies communication new media political science and sociology

Confucian Geopolitics Ning An,2019-12-09 This book presents an essential non western geopolitical landscape and draws on the conceptual framework of critical geopolitics to discuss the views on terrorism held by various groups of Chinese people including the elite middle class and masses After investigating these views the book posits that these Chinese geopolitical imaginaries cannot be fully understood using the extant geopolitical theories including communism nationalism and realism Accordingly it subsequently seeks to adapt the Confucian geopolitical idea in order to theorize Chinese geopolitics By doing so the book reintroduces the historically embedded but long ignored traditional Chinese political geography philosophies in particular Confucian thinking into efforts to explain Chinese geopolitics In this regard it promotes a specific and importantly Confucianism based understanding of international security politics The geopolitical model provided can also help to explain Chinese views on other major geopolitical issues

The Confucian Political Imagination Eske J. Møllgaard,2018-05-07 This book critically examines the Confucian political imagination and its influence on the contemporary Chinese dream of a powerful China It views Confucianism as the ideological supplement to a powerful state that is challenging Western hegemony and not as a political philosophy that need not concern us Eske M llgaard shows that Confucians despite their traditionalist ways have the will to transform the existing socio ethical order The volume discusses the central features of the Confucian political imaginary the nature of Confucian discourse Confucian revivals Confucian humanism and civility and the political ideal of the Great Unity It concludes by considering if Confucianism can be universalized as an ideology in competition with liberal democracy

Encyclopedia of Contemporary Chinese Culture Edward Lawrence Davis,2005 First Published in 2009 Routledge is an imprint of Taylor Francis an informa company

Changes And Continuities In Chinese Communism Yu-ming Shaw,2019-05-20 A collection of essays split into 4 sections that cover methodology ideology Part and Politics and Foreign Affairs Published in cooperation with the Institute of International Relations Taipei Taiwan Republic of China

Confucian Governmentality and Socialist Autocracy in Contemporary China Chih-yu Shih,2025-05-20 In October 2022 the 20th Party Congress of the Chinese Communist Party CCP concluded extending Xi Jinping s leadership indefinitely which many view as a one party dictatorship Exploring Confucian and socialist principles this book examines the relationship between the citizens and leaders in the Chinese autocracy By applying a Foucauldian twist to a range of topics from discussing the politics of love and pandemic nationalism to analysing Xi s personality it challenges the binary of

authoritarianism and democracy Interdisciplinary in nature it will appeal to scholars and students working in the fields of politics international relations culture studies and critical theory **Christian Values in Communist China** Gerda Wielander,2013-10-08 This book argues that as new political and social values are formed in post socialist China Christian values are becoming increasingly embedded in the new post socialist Chinese outlook It shows how although Christianity is viewed in China as a foreign religion promoted by Christian missionaries and as such at odds with the official position of the state Christianity as a source of social and political values rather than a faith requiring adherence to a church is in fact having a huge impact The book shows how these values inform both official and dissident ideology and provide a key underpinning of morality and ethics in the post socialist moral landscape Adopting a variety of different angles the book investigates the role Christian thought plays in the official discourse on morality and love and what contribution Chinese Christians make to charitable projects It analyses key Christian publications and dedicates two chapters to Christian intellectuals and their impact on political liberal thinking in China The concluding chapter highlights gender roles the role of the Chinese diaspora and the overlap of the government and Christian agenda in China today The book challenges commonly held views on contemporary Chinese Christianity as a movement in opposition to the state by showing the diversity and complexity of Christian thinking and the many factors influencing it *Legitimacy, the Chinese Communist Party and Confucius* Wai Kong Ng,2023-11-21 This book explores the use of Confucianism by the Chinese Communist Party in its assertion of political legitimacy Confucian thought offers an enduring framework for political legitimacy in East Asian societies including China All states strive to acquire legitimacy and despite once denouncing Confucianism as the remnants of feudal poison the Party is turning towards Confucianism as part of its legitimization efforts This suggests that the Party is suffering from an ideological void in terms of legitimacy and legitimation due to the diminishing relevance of Marxism in Chinese societal practices The book will devise a non liberal legitimacy framework drawing on the ideas of Habermas and Bernard Williams to examine the legitimacy of the Party and use an analysis of the elite discourse to determine the nature of the Confucian turn in a sharp polemic that will interest scholars of Chinese politics of the role of traditional beliefs in Asian modernity and in China s future **Defending Rights in Contemporary China** Jonathan Benney,2013-02-15 The growth of rights defence movements in China reflects the increasing capacity of Chinese citizens to shape their own civic discourse in order to achieve diverse goals Rights defence campaigns have taken novel forms which are unprecedented in China including the use of the Internet by rights campaigners the development of rights entrepreneurs and the selection of representatives and leaders in rights defence campaigns Defending Rights in Contemporary China offers the first comprehensive analysis of the emergence and development of notions of rights defence or weiquan in China Further it shows that rights defence campaigns reflect the changing lives and priorities of Chinese citizens both urban and rural and the changing distribution of power in China The Chinese government first used rights defence to promote the law and protect the

rights of the weak But the use of rights defence strategies by private citizens and lawyers also demonstrates changing power structures in areas as diverse as private property rights rights for the handicapped corruption claims and grievances with officials In this book Jonathan Benney argues that the idea of rights defence has gone from being a tool of the government to being a tool to attack the party state and explores the consequences of this controversial activist movement This book offers essential insight into the development of rights in contemporary China and will be highly relevant for students scholars and specialists in legal developments in Asia as well as anyone interested in social movements in China **Politics in China**

William A. Joseph, 2024-07-19 *Politics in China* is an authoritative introduction to how the world's second most populous nation and rapidly rising global power is governed today Written by leading China scholars each chapter offers an accessible overview of a key topic in Chinese politics The fourth edition of *Politics in China* has been thoroughly updated and includes a new chapter on the rise and rule of Xi Jinping It is essential reading not only for students studying the PRC but also for any reader interested in learning how China has evolved in recent times how its political system works and about the most important challenges it faces in years ahead **Online Society in China**

David Kurt Herold, Peter Marolt, 2011-03-25 This book discusses the rich and varied culture of China's online society and its impact on offline China It argues that the internet in China is a separate space in which individuals and institutions emerge and interact While offline and online spaces are connected and influence each other the Chinese internet is more than merely a technological or media extension of offline Chinese society Instead of following existing studies by locating online China in offline society the contributors in this book discuss the carnival of the Chinese internet on its own terms Examining the complex relationship between government officials and the people using the Internet in China this book demonstrates that culture is highly influential in how technology is used Discussing a wide range of different activities the contributors examine what Chinese people actually do on the internet and how their actions can be interpreted within the online society they are creating *Routledge Handbook of*

Korean Politics and Public Administration Chung-in Moon, M. Jae Moon, 2020-01-29 The *Routledge Handbook of Korean Politics and Public Administration* gathers the expertise of leading international scholars to survey the full spectrum of contemporary South Korean international relations public management and public policies Divided into four parts the handbook covers a range of issues including domestic Korean political parties elections and leadership foreign policy national security and relations with North Korea public administration governance and finance and economic social and environmental public policies Offering a complete overview of the field the handbook is an invaluable resource for academics researchers policy analysts graduate and undergraduate students studying South Korean Politics and International Relations as well as East Asian Politics **The Liberal Internet in the Postliberal Era**

Johannes Thumfart, 2024-09-16 This book begins with an examination of the internet as a central institution of the post Cold War liberal order From this starting point Johannes Thumfart analyzes the contemporary rise of digital sovereignty in Asia and Europe alongside the establishment of

private government within digital networks He interprets these phenomena as indications of an emerging postliberal era Thumfart engages with a wide array of empirical research and assesses liberal ideals such as state and net neutrality by discussing thinkers like Hegel Schmitt Mouffe Taylor Sandel Fukuyama Anderson Jasanoff and Girard as well as network and rational choice theories He contends that the internet's reification of liberal values has paradoxically subverted these values and catalyzed the transition to postliberalism Thumfart suggests that instead of adhering to the traditional liberal focus on neutrality states should adopt the more flexible approach of neutralization to respond to the complexities of this digital and postliberal era

The Sage Returns Kenneth J. Hammond, Jeffrey L. Richey, 2014-12-03 Until its rejection by reformers and revolutionaries in the twentieth century Confucianism had been central to Chinese culture identity and thought for centuries Confucianism was rejected by both Nationalists under Chiang Kai shek and Mao Zedong's Communist Party which characterized it as an ideology of reaction and repression Yet the sage has returned today Chinese people from all walks of life and every level of authority are embracing Confucianism As China turned away from the excesses of the Cultural Revolution and experienced the adoption and challenges of market practices alternatives were sought to the prevailing socialist morality Beginning in the 1980s and continuing through the years ideas images behaviors and attitudes associated with Confucianism have come back into public and private life In this volume scholars from a wide range of disciplines explore the contemporary Confucian revival in China looking at Confucianism and the state intellectual life and popular culture Contributors note how the revival of Confucianism plays out in a variety of ways from China's relationship with the rest of the world to views of capitalism and science to blockbuster movies and teenage fashion

Contemporary Parenting Guerda Nicolas, Anabel Bejarano, Debbie Liu L. Lee, 2015-10-05 Through a global multidisciplinary perspective this book describes how four factors influence parenting practices a country's historical and political background the parent's educational history the economy and the parent's financial standing and advances in technology Case studies that illustrate the impact these four factors have on parents in various regions help us better understand parenting in today's global interconnected world Descriptions of parenting practices in countries from Europe North and South America Africa Asia and the Caribbean give readers a contemporary perspective Both research and clinical implications when working with families from various cultures are integrated throughout Part I reviews the four major factors that shape parenting practices Part II features cases written by contributors with extensive experience in parenting practice and research that bring to life the ways in which these four factors influence parenting within their region Each chapter in Part II follows the same format to provide consistency for comparative purposes an introduction historical and political economic educational and societal factors and parenting practices and a conclusion Each case reviews Historical and political factors such as slavery war and natural disasters and how these factors impact cultural beliefs parenting behaviors and a child's development Economic factors which impact the capacity for consistent involved parenting which can result in low IQ behavioral problems

depression and domestic conflict and the need to account for financial factors when developing intervention programs Educational levels impact on parenting practices and their children s achievements Advances in technology and its impact on parenting practices Intended for graduate or advanced undergraduate courses in families in global context immigrant families family or public policy multiculturalism or cross cultural psychology social or cultural development counseling social work or international development taught in human development and family studies psychology social work sociology anthropology racial studies and international relations this book also appeals to practitioners and researchers interested in family studies and child development and policy and program managers of governments NGOs and mental health agencies

Chinese Politics in the Hu Jintao Era: New Leaders, New Challenges Willy Lam, 2016-07-01 Drawing on hundreds of interviews with top Chinese officials parliamentarians scholars and businessmen Willy Lam a renowned journalist and writer on Chinese affairs presents a first hand multi dimensional account of twenty first century China and the impact of fourth generation leaders including President Hu Jintao and Premier Wen Jiabao Lam goes behind the glitzy facade of nouveau riche Beijing and Shanghai to examine how the Hu leadership has tried to extend the Communist Party s mandate of heaven by tackling an array of daunting problems the weakening legitimacy of the Party s leadership restless peasants angry workers political stagnation over the lack of reform foreign relations difficulties unreliable energy supplies resurgent nationalism and the increasingly dubious Chinese model of development The author assesses possible contributions that the new classes of private businessmen professionals and intellectuals as well as new ideas such as nationalism globalization and federalism will make to economic prosperity and political liberalization The book also includes a chapter on foreign policy which contains an insightful account of Beijing s evolving and sometimes difficult relations with the United States Europe Japan and other major countries and blocs as well as the role of the People s Liberation Army

Consultative Democracy or Consultative Authoritarianism? Rongxin Li, 2022-08-11 This book theorizes Chinese politics specifically about China s deliberative democracy xieshang minzhu Creating a China West comparative framework the author interrogates China s government s claims to give representation to citizens allowing readers to see how all of these concepts interact within Chinese ideology democratic discourse and governance and their relationship with Chinese authoritarianism Above all this book represents a sustained hybridization of political theory one which is neither a simple democratic authoritarian dichotomy nor a reinterpretation of the official propaganda This study will interest scholars of Chinese politics and statecraft shedding light on an emergent discourse of the state Chinese xieshang minzhu More importantly this book goes beyond a simple rhetorical and linguistic use of deliberative democracy in the Western sense and rather emphasizes the very consultative nature of Chinese politics which facilitates and reconsolidates Chinese authoritarianism

Voices from the Chinese Century Joshua A. Fogel, Timothy Cheek, David Ownby, 2019-11-19 China s increasing prominence on the global stage has caused consternation and controversy among Western thinkers especially since the financial crisis of 2008 But what do Chinese

intellectuals themselves have to say about their country's newfound influence and power. *Voices from the Chinese Century* brings together a selection of essays from representative leading thinkers that open a window into public debate in China today on fundamental questions of China and the world, past, present and future. The voices in this volume include figures from each of China's main intellectual clusters: liberals, the New Left and New Confucians. In genres from scholarly analyses to social media posts, often using Party-approved language that hides indirect criticism, these essayists offer a wide range of perspectives on how to understand China's history and its place in the twenty-first century world. They explore questions such as the relationship of political and economic reforms, the distinctiveness of China's history and what to take from its traditions, what can or should be learned from the West and how China fits into today's eruption of populist anger and challenges to the global order. The fifteen original translations in this volume not only offer insight into contemporary China but also prompt us to ask what Chinese intellectuals might have to teach Europe and North America about the world's most pressing problems.

This is likewise one of the factors by obtaining the soft documents of this **Online Confucianism Contemporary Chinese Politics Authoritarian** by online. You might not require more time to spend to go to the books inauguration as competently as search for them.
