## Online My Train Freedom Journey Activism:

*The Net Delusion* Evgeny Morozov, 2012-02-28 The revolution will be Twittered declared journalist Andrew Sullivan after protests erupted in Iran in June 2009 Yet for all the talk about the democratizing power of the Internet regimes in Iran and China are as stable and repressive as ever In fact authoritarian governments are effectively using the Internet to suppress free speech hone their surveillance techniques disseminate cutting edge propaganda and pacify their populations with digital entertainment Could the recent Western obsession with promoting democracy by digital means backfire In this spirited book journalist and social commentator Evgeny Morozov shows that by falling for the supposedly democratizing nature of the Internet Western do gooders may have missed how it also entrenches dictators threatens dissidents and makes it harder not easier to promote democracy Buzzwords like 21st century statecraft sound good in PowerPoint presentations but the reality is that digital diplomacy requires just as much oversight and consideration as any other kind of diplomacy Marshaling compelling evidence Morozov shows why we must stop thinking of the Internet and social media as inherently liberating and why ambitious and seemingly noble initiatives like the promotion of Internet freedom might have disastrous implications for the future of democracy as a whole

**Bombarded** Cyrus Krohn, Tom Farmer, 2020-10-10 Imagine an imminent America where citizens are bombarded with personalized political messages from every smart device yet information is so suspect nobody can tell what the truth is It means oceans of disinformation engineered to sow false beliefs or simply disorient The coronavirus pandemic provided a foretaste of an infuriating dystopian future From the start Americans fought over the most basic facts of the crisis from death tolls to quack cures to the wisdom of stay at home orders The splintered digital infosphere bred confusion and delusion some of it fatal Now think of our campaigns and elections The digital information age means more than hyper targeted just for you messages from insurance companies and presidential candidates alike Big Data is on the way to fueling information environments so fine tuned no two of us hold the same view of reality and no two voters hear the same pitch Already citizens don't know who to trust or what to believe about COVID 19 or anything else If we ask nothing more of tech providers or digital citizens the fog will continue to thicken Irritation will merge

into despair and then numbness and democracy teeters Digital pioneer Cyrus Krohn knows the territory and in *Bombarded How to Fight Back Against the Online Assault on Democracy* Krohn locates the roots of our blooming political chaos in the earliest days of the World Wide Web But he goes beyond recounting 25 years of destabilizing Internet shock waves and his own role in building digital culture Krohn rolls out a provocative action plan for rescuing the American system of campaigns and elections while there is still time Trying to shield yourself from disinformation and deep fakes Cyrus Krohn offers a five step program to fight back This book rings true Jill Dougherty Former CNN Moscow Bureau Chief *Ethnography on the Underground Migratory Routes from Sudan to the North* Livio Amigoni, 2025-06-02 This book uses an ethnography of the migratory route from Sudan to the EU to understand how undocumented migration experiences take place and breed underground forms of mobilities and survival strategies It pays particular attention to the production circulation and resilience of migratory knowledge in transnational networks and how those produce and sustain specific mobility practices The related research questions focus on how and which narratives and popular imaginations circulate and foster high risk journeys towards Europe referred to as *sombok* understanding how these kind of journeys are interpreted and framed according to gender religion and family traditions discerning how border regimes produce specific migration careers decision making processes and forms of resistance and cooperation with other actors how the figure of the smuggler is framed by people on the move and how one group of smugglers interpret their activities at the Ventimiglia border and how the practices of homing on the move and solidarity housing experiences take place and prop underground routes This book will be of interest to scholars of migration
