Solving the Immigrant Church Crisis Ronald M. Rothenberg, 2016-08 Solving the Immigrant Church Crisis The Biblical Solution of Parallel Ministry Acts 6 1 7 addresses the crisis of the immigrant church in which complex cultural and linguistic factors create a reticence on the part of immigrants to transfer financial and decision making authority to succeeding generations and this results in a culturally irrelevant ministry to those generations an exodus of believers from the church a spiritually immature remnant and an inability to reach the lost The thesis of this book is that parallel ministry based on Acts 6 1 7 is the biblical solution to the crisis in the immigrant church While there are at least two main aspects of this crisis a spiritual relational and an ecclesiastical aspect this book focuses on the ecclesiastical aspect of defining the biblical structure of church government Specifically this book is for immigrant churches primarily in the United States and offers them a biblical and practical solution to the problem plaguing them for over two centuries of how to minister effectively to the succeeding generations

Year The city presents serious challenges that cry out for answers poverty racism human exploitation and government corruption How can the church move ahead in the midst of these demands with the gospel of hope Here in one comprehensive volume Harvie Conn and Manuel Ortiz two noted scholars and proven practitioners of urban ministry address the vital work of the church in the city Their dual goal to understand the city and God's work in it Through four great waves of development Conn and Ortiz trace the history of the city around the world Then they tackle the critical issue of a biblical basis for urban mission How does the Bible view the city Are we closer to God in the country than the city Does the Bible have an anti urban bias These questions are given a thorough analysis that unveils God's urban mandate as reflected in both Old and New Testaments From this foundation the authors unpack the multifaceted nature of the city as place as process as center as power and as a place of change and stability They move us beyond fragmented stereotypes to a new way of seeing that is holistic enough for a fully biblical ministry to develop In addition Conn and Ortiz lay out what the social sciences have to offer urban mission including ethnographic and demographic studies and they focus on the particular issues and needs of urban leadership including a plan for developing and mentoring leaders while equipping the laity for ministry in the city This is the essential text for bringing God's kingdom to the city through the people of God

Fireweed Evangelism Elizabeth Geitz, 2004-11-01 Fireweed always the first flower to spring up and bloom in ruins and burned over places is Elizabeth Geitz's metaphor for evangelism that comes from the heart It is the motivation that makes some Christians eager to welcome the stranger and invite people into their churches while others hang back In this prequel to *Entertaining Angels* Hospitality Programs for the Caring Church Geitz explores this missing ingredient in Christian hospitality reminding us that in a multi faith world where Christians wish to honor the validity of other religious paths we may hesitate to talk about the uniqueness of Jesus Christ Her book helps both individuals and communities to understand what holds them back from evangelism and discover the path that is right for them This book unfolds in three sections In the first we look at the factors that inhibit our evangelism including the awareness that we live in a pluralistic world and do not wish to offend those with other faith commitments Geitz offers both reflection and exercises to help us discover our own motivation for evangelism Part 2 addresses the question of context Where does evangelism take place and for whose benefit To what sort of communities do we invite those to whom we reach out Section 3 focuses on the uniqueness of Christian hospitality and describes the nuts and bolts of newcomer ministry and the programs needed to sustain Christian hospitality in a pluralistic society It includes workshop and group process material

Winston,2023-09-23 This book expands on the New Testament leadership principles introduced in Volume 1 and draws connections to the contemporary organizational leadership literature By applying these principles to analyze modern organizations and leaders it aims to uncover how they are manifested within an organization and their impact on both the organization and individual employees Through interviews with leaders and coding of the transcripts the chapter authors develop scale development items to measure the concept of organizational spirituality within organizations This volume offers theoretical framing and practical applications for scholars and practitioners in the field of organizational leadership particularly those interested in the Christian perspective Global Mission Rose Dowsett,2011-06-27 Reflections and Case Studies in Contextualization for the Whole Church Global Mission is divided into two sections the first Reflections and Foundations comprises nine essays of a more general nature the second Contextualization at Work contains twenty one essays of a more specific nature most of them case studies from a particular location and people group The thirty three contributors come from five continents and a host of contexts Some are veterans some quite young but every one of them is passionate about God s mission and about building bridges for the gospel in a way that is absolutely faithful to Scripture but also sensitive to specific contexts North and South East and West demonstrate precious unity in Christ in our common calling Contextualization is complex and none of the authors claim to have got everything right But their essays are thoughtful and written out of love for God and love for his world They tell the stories of trial and error of struggles and triumphs as each seeks to present Christ in terms that make sense and can be understood It is following the process quite as much as specific conclusions which make this book valuable and transferable to many other parts of the global church The essays also give us a peep into many different societies and the birthing of faith in the grace of the Holy Spirit Thus we give thanks to God for all that he is wonderfully doing around his world and stimulate our prayers for those who work cross culturally especially in pioneer situations Not all contributors agree on every point especially when it comes to the difficulties of mission in the Muslim world and increasingly amongst Hindus There has been no attempt to standardize different approaches letting a robust conversation develop Each chapter ends with some suggested study questions useful for personal reflection or group or class discussion The book is deliberately accessible to lay people but stimulating to career missionaries and academics
