ideas and textual content. Seminarians and anyone else interested in a deep understanding of Christian Scripture will do well to begin with this thorough volume that covers everything from the historical Jesus to the emergence of early Christianity. The contributors stress the importance of Christianity's emergence within and from Second Temple Judaism. Unique to this book is a special focus on interpretative methods with several illustrative examples included in the final chapter of various types of scriptural exegesis on select New Testament passages. Readers are guided through the hermeneutical considerations of a historical text oriented reading, a historical analogical reading, a rhetorical epistolary reading, argumentation analysis, feminist analysis, postcolonial analysis, and narrative criticism among others. These practical hands-on applications enable students to move from an abstract understanding of the New Testament to a ready ability to make meaning from Scripture.

Jonah's Story, Our Challenge Karl Möller, 2023-02-28. Jonah's radical and enigmatic nature calls for deeper exploration and engagement. Given its brevity, it is also an ideal text for multiple readings from a range of perspectives that complement, build upon, or challenge and critique each other. In *Jonah's Story: Our Challenge*, each chapter brings a different hermeneutical tool to the text to demonstrate the wealth of fresh readings and new vistas which can open up and the rich resources for ministry which can come from these multiple readings. *The Drama of Doctrine* Kevin J.

Vanhoozer, 2005-08-02. Observing a strange disappearance of doctrine within the church, Kevin Vanhoozer argues that there is no more urgent task for Christians today than to engage in living truthfully with others before God. He details how doctrine serves the church, the theater of the gospel, by directing individuals and congregations to participate in the drama of what God is doing to renew all things in Jesus Christ. Taking his cue from George Lindbeck and others who locate the criteria of Christian identity in Spirit-led church practices, Vanhoozer relocates the norm for Christian doctrine in the canonical practices which he argues both provoke and preserve the integrity of the church's witness as prophetic and apostolic. *The Psalms as Christian Worship* Bruce K. Waltke, James M. Houston, 2010-11-22. This commentary uniquely combines a verse-by-verse exposition of the Hebrew text of selected Psalms with a history of their interpretation in the Church from the time of the apostles to the present. Bruce K. Waltke begins the collaboration by first skillfully establishing the meaning of the chosen psalms through careful exegesis in which each text is interpreted in light of its historical background, its literary form, and the poet's rhetoric. James M. Houston then exposit each text's relevance in conjunction with the Church's interpretation of it throughout her history. To further the accuracy of this interpretation, he commissioned fresh translations of numerous Latin and Middle English texts. The authors' purpose in creating this volume was not merely to produce a masterful commentary. Rather, they wished to aid in enriching the daily life of the contemporary Christian and to deepen the church's community. Waltke and Houston here bring together the two voices of the Holy Spirit heard infallibly in Scripture and edifyingly in the Church's response in a rare and illuminating combination. **Inherited Prejudices: Orientalists and Their Delusions**

The Understanding of Adultery in the Hebrew Bible Alexander Izuchukwu Abasili, 2016-06-09 Adultery though not an umbrella concept for all the sexual prohibitions in the Hebrew Bible enjoys a certain pride of place Remarkably it is the one sexual prohibition attested in all biblical genres which makes it very representative in the Hebrew Bible It is the only Hebrew biblical sexual prohibition explicitly mentioned in the Decalogue A solid understanding of Hebrew biblical adultery therefore is an important step towards grasping the vital role of human sexuality in the Hebrew Bible both in terms of inter-human relationships and the relationship between the human and the divine Without prejudice to the contents of the Hebrew biblical lexicons and theological dictionaries this work aims at providing a comprehensive understanding of adultery in the Hebrew Bible its meaning punishments and the implications thereof Among others it corrects some wrong assumptions about the concept of adultery in the Hebrew Bible and provides a balanced and unbiased Hebrew biblical conception of adultery and the implications thereof for today's couples

Particularism and Universalism in the Book of Isaiah Se-Hoon Jang, 2005 This study offers a critical assessment of the two contested issues religious pluralism and iconoclasm from a Korean perspective by looking at a number of Isaiah's central themes which can be identified as particularistic and universalistic It also seeks to elucidate the contemporary implications of Isaiah's particularistic and universalistic themes for a pluralistic world especially for Korean religious communities which have been overwhelmed by a fiery debate about these issues

Patterns of Christological Categorisation Marvin C. Sanguinetti, 2023-03-28 This book focuses on Christological Monotheism an underexplored area which combines two disciplines of theological appraisal often addressed as separate subjects Christological Monotheism is underexplored in the literature and even more underexplored are interpretations of Christological Monotheism from the perspectives of Christian voices within the Oneness Pentecostal faith tradition Oneness Pentecostalism offers opposing perspectives to what is

considered fixed orthodoxy within the Christian faith traditions i.e. its views differ on doctrines relating to the nature of God and Christ from accepted norms This project seeks to include various Oneness Pentecostal interpretations to commonly held perspectives and explore what such might look like when juxtapose with Christian orthodoxy Moreover it rereads perspectives about the relationship between God and Christ offered by both traditions in the contexts of earlier contributors to Christian history all the way to the Second Temple Jewish periods and includes similar patterns exposed by various groups scholars along this trajectory The Pragmatics of Perception and Cognition in MT Jeremiah 1:1-6:30 Elizabeth Hayes, 2008-12-10 Recent advances in cognitive linguistics provide new avenues for reading and interpreting Biblical Hebrew prophetic text This volume utilises a multi layered cognitive linguistics approach to explore Jeremiah 1 1 6 30 incorporating insights from cognitive grammar cognitive science and conceptual blending theory While the modern reader is separated from the originators of these texts by time space and culture this analysis rests on the theory that both the originators and the modern reader share common features of embodied experience This opens the way for utilising cognitive models conceptual metaphor and mental spaces theory when reading and interpreting ancient texts This volume provides an introduction to cognitive theory and method Initially short examples from Jeremiah 1 1 6 30 are used to introduce the theory and method This is followed by a detailed comparison of traditional and cognitive approaches to Biblical Hebrew grammar These insights are then applied to further examples taken from Jeremiah 1 1 6 30 in order to test and refine the approach These findings show that Jeremiah 1 1 1 3 establishes perspective for the text as a whole and that subsequent shifts in perspective may be tracked using aspects of mental spaces theory Much of the textual content yields to concepts derived from conceptual metaphor studies and from conceptual blending theory which are introduced and explained using examples taken from Jeremiah 1 1 6 30 The entire analysis demonstrates some of the strengths and weaknesses of using recent cognitive theories and methods for analysing and interpreting ancient texts While such theories and methods do not obviate the need for traditional interpretive methods they do provide a more nuanced understanding of the ancient text
