Papandrea, 2011-11-07 Novatian of Rome and the Culmination of Pre Nicene Orthodoxy is an overview of the development of Christology and Trinitarian doctrine which reached a plateau with Novatian the third century priest of Rome Here James Papandrea offers an enlightening and thorough treatment of the thought historical context and theological influences of Novatian Included are an assessment of the alternative Christologies of the pre Nicene period a survey of Novatian's legacy and concluding comments on the relevance of his theology and ecclesiology for the contemporary church **The Humility and Glory of the Lamb** Jeffrey R. Dickson, 2018-09-13

Although the Apostle John endorses Lamb twenty nine times in his Apocalypse and employs a term that is used only one other time in the New Testament to this end this unique title and its sophisticated christological implications has only received cursory attention both historically and more recently Even then incomplete monochromatic interpretations of the unique verbiage John employs to describe Christ are reached After identifying this clearing that exists in the christological forest this book reaches a robust understanding of Revelation's Lamb by means of a contextual grammatical canonical historical hermeneutic Ultimately this monograph concludes that the apostle's use of Lamb throughout his Apocalypse promotes a multifaceted christological presentation of John's protagonist that is dependent on the paradoxical theme of glory in humility a theme that is introduced when the Lamb first emerges in Revelation 5 and is then reiterated every time the title is used thereafter In so doing this work offers students and scholars alike a better understanding of who is coming in the end and what this means for the church at present **Memorials of Deceased Members of the Society of Friends.
