*A Woman's Journey Round the World, from Vienna to Brazil, Chili, Tahiti, China, Hindostan, Persia, and Asia Minor*, 1852

**A Woman's Journey Round the World** Ida Pfeiffer, 2019-11-25 In *A Woman's Journey Round the World* Ida Pfeiffer presents a pioneering travelogue that encapsulates her experiences as one of the first female globetrotters in the mid 19th century. Written in an engaging first person narrative, Pfeiffer's prose combines personal reflection with meticulous observation, echoing the Romantic literary style that emphasizes individual experience and emotion. The book explores diverse cultures, landscapes, and encounters across continents, challenging prevailing notions of gender roles and mobility in the Victorian era. Her adventurous spirit and keen insights into the social and political landscapes of the regions she traversed lend a rich texture to this remarkable narrative. Ida Pfeiffer, born in 1797 in Vienna, was driven by a profound curiosity and a desire for autonomy that was uncommon for women of her time. Following a conventional life constrained by marriage and family, she embarked on her journeys in her early forties, fueled by the need to break free from societal norms. Her extensive travels, which took her to places such as Bali and South America, informed her thoughtful critiques of colonialism, gender inequality, and cultural exchange. This book is highly recommended for readers interested in travel literature, feminist studies, and cultural history. Pfeiffer's unique perspective not only makes her a trailblazer for future generations of women travelers but also offers a rare glimpse into the complexities of 19th-century global dynamics. Her eloquence and trailblazing spirit encourage readers to embrace the unknown and challenge societal limitations. *Narrative Structure and Reader Formation in Lady Mary Wroth's Urania* Rahel Orgis, 2016-12-01 *Narrative Structure and Reader Formation in Lady Mary Wroth's Urania* offers the first systematic formal and thematic analysis of Wroth's *Urania* in its historical context and explores the structural means by which Wroth fashions her readership The book thus has a dual focus at once on narrative art and reader formation It makes two original claims the first being that the *Urania* is not the unorganized accumulation of stories critics have tended to present it as but a work of sophisticated narrative structures i.e. a complex text in a positive sense These structures are revealed by means of a circumspect narratological analysis of the formal and thematic patterns that organise the *Urania* Such an analysis furthers our understanding of the reading strategies that Wroth encourages The second claim is then that through the careful structuring of her text Wroth seeks to create her own ideal readership More precisely the formal and thematic structures of

the Urania engage with readers expectations inviting them to reflect on prominent thematic issues and respond to the text as what early modern prefaces term good readers Combining narratological methods with a generic perspective and taking into account the work of book historians on early modern reading practices this monograph provides a new approach to the Urania supplementing the typically gender or auto biographically oriented interpretations of the romance Moreover it contributes to the study of early modern prose narrative and romance and exemplifies how historically contextualised narratological analysis may yield new insights and profit research on reading strategies
