Oneness Of God Pentecostal Theology:

"In Jesus' Name" David A. Reed, 2019-08-26 In Jesus Name tells the story of the third stream of Pentecostalism which emerged during the formative years of the Pentecostal Revival This is the first comprehensive study of the origins history and theology of Oneness Pentecostalism the heterodox movement expelled from the Assemblies of God in 1916 for its rejection of the doctrine of the Trinity and insistence on water baptism in the name of the Lord Jesus Christ Reed traces the movement now estimated at 14 million world wide to its Pietist and Evangelical roots Its distinctive doctrine is a radical trajectory of a christocentric reaction that had already begun in early Pentecostalism Reed s study shows the inadequacy of the label of heresy in light of its thoroughgoing Pentecostal identity and theology of the Name of God This title was granted the PNEUMA award for 2009

Oneness Pentecostals and the Trinity Gregory A. Boyd, 1992-06-01 What s special about Oneness Pentecostals In this penetrating analysis of Oneness theology and practice Gregory Boyd reveals the experience of four years of personal involvement in a Oneness church Although Oneness Pentecostals belief in Christ s deity establishes some common ground with other Christians their aggressive denial of the Trinity has nonetheless fostered their indisputably sub Christian ideas about God s character about salvation and about Christian living *The Oneness of God* David K. Bernard, 1998

The Oneness of God David K. Bernard, 1984 **Essentials of Pentecostal Theology** Tony Richie, 2020-01-20 Only a few decades past academia tended to scoff at the very idea of serious Pentecostal theology Today profound and variegated theological implications of this dynamic movement are the object of exploration and development across the entire spectrum of the Christian theological corpus Arguably an acute need has arisen for identification and evaluation of the Pentecostal movement s original and ongoing theological essentials What is Pentecostal theology really all about anyway This volume realizes that Pentecostal theology is at its heart a working theology undergirding and energizing believers worship of God in prayer and praise in holy living and in witness to a personal experience of the risen Lord and Savior manifested in the continuing power of the Holy Spirit Authentic implementation if not explicit articulation of fervent Pentecostal theology often occurs in the vitality of local churches house fellowships and various mission settings in America and around the world Birthed in the fires of revival movements essential Pentecostalism including Pentecostal theology continues to burn brightest wherever it is fueled most directly *Christianity Without the Cross* Thomas A. Fudge, 2003 Grounded in primary source research this boldly revisionist book examines the doctrine of salvation in Oneness Pentecostalism United Pentecostal Church from its origins through its several developmental stages The gradual rise of a literal interpretation of Acts 2:38 eliminated a tradition of doctrinal diversity within Oneness thought which regarded salvation as occurring at repentance prior to water and Spirit baptism With this development a main link to the wider stream of evangelical Christianity was severed The water and Spirit theology resulted in a form of Christianity which does not necessarily require the cross in any meaningful sense for salvation This study recovers the lost theological tradition

associated with important figures such as Howard A Goss A D Gurley W M Greer C H Tadon Wynn T Stairs Earl Jacques E P Wickens John Paterson and the Pentecostal Church Incorporated Combining traditional historical methodology and theological research with the principles of a broadly based oral history this study argues for a theological diversity within the history of Oneness Pentecostalism and in so doing bridges an important gap in the history and theology of the United Pentecostal Church

Oneness Pentecostal Churches Bruce Tucker, 2002 There are approximately 111 separate sects and denominations that are classified as Oneness Pentecostal Churches These congregations are found in nearly every city and town in the United States as well as around the world They get their distinctive name from the fact that they do not believe in the orthodox doctrine of the Trinity They believe that all who do believe in the Trinity are spiritually lost because they have adopted a pagan doctrine They differ from other Pentecostals and the rest of the historical church on several important issues earning them the title of a Pseudo Christian Cult by established cult watching organizations and cult experts The book Oneness Pentecostal Churches examines the claims doctrines and practices of these fellowships It addresses the issues in a manner comprehensive enough to satisfy the professional minister yet clear enough to meet the needs of laypeople who are seeking answers about this significant movement The questions discussed in the book include 1 Who are Oneness Pentecostals 2 Why are Oneness Pentecostals called the people of the name 3 Is the doctrine of the Trinity really pagan 4 Is there a three step pathway to salvation 5 Does water baptism save 6 Is speaking in tongues required for salvation For those interested in understanding the Oneness Pentecostal movement this book is required reading

Paul Tillich and Pentecostal Theology Nimi Wariboko, Amos Yong, 2015-11-17 Paul Tillich 1886 1965 is widely regarded as one of the most influential theologians of the 20th century By bringing his thought together with the theology and practices of an important contemporary Christian movement Pentecostalism this volume provokes active productive critical and creative dialogue with a broad range of theological topics These essays stimulate robust conversation engage on common ground regarding the work of the Holy Spirit and offer significant insights into the universal concerns of Christian theology and Paul Tillich and his legacy

Karl Barth and Pentecostal Theology Frank D. Macchia, Terry L. Cross, Andrew K. Gabriel, 2024-02-08 The essays in this volume evaluate and build on Barth's theology from the perspective of Pentecostal theology and thereby contribute to constructive Pentecostal systematic theology by using Barth as a valuable dialogue partner At present a theological conversation of Pentecostals with Barth does not exist and this volume fills this void More widely it will aid all those who seek a convergence of the Word and the Spirit in theology Barth and Pentecostals share some important common theological interests Barth's mature theology has a decidedly christological emphasis Likewise historically Pentecostals have often spoken of a full gospel with an emphasis on Christ as savior healer baptizer in the Spirit and soon and coming King with some Pentecostal traditions also adding a fifth emphasis on Christ the sanctifier Furthermore near the end of his life Barth anticipated the possibility of a theology of the third article a theology where the Holy Spirit would dominate and be decisive

The realization of Barth's dream is no doubt coming to pass in part through the development of Pentecostal theology in as much as pneumatological theology exploring how pneumatology affects supplements and might reform other doctrines is an emerging paradigm for Pentecostal theology

Against Oneness Pentecostalism Michael Burgos, 2016-07-20 See what Christian leaders are saying about Against Oneness Pentecostalism Michael Burgos has produced a brilliant blend of systematic theology and biblical exegesis with a detailed and thorough discussion of the main passages at the center of the dispute between Oneness Pentecostalism and traditional trinitarianism. He argues throughout for certain central elements of trinitarianism in particular the eternality of the Son of God and the eternal co-existence of the Father and Son with a focus on the Son's activity in creation. He ably interacts with technical issues including the original languages Greek grammar and textual criticism and cogently demonstrates that Oneness Pentecostalism is deeply flawed in its interpretation of Scripture and its understanding of God. Highly recommended for those interested in Oneness Pentecostalism and the biblical teaching regarding Theology Proper and Christology. Alexander E. Stewart, Ph.D., Academic Dean and Associate Professor of New Testament Language and Literature at Tyndale Theological Seminary.

Oneness theology is nothing more than the crass unitarianism of Judaism and Islam. In this work Michael Burgos has outlined in a systematic fashion the chief theological assertions of Oneness theology and then provides a point-by-point exegetical refutation. Burgos clearly demonstrates throughout this work that the Scriptural view of a Triune God and preexistent unipersonal Son sharply opposes the Oneness idea of the Son being a mere mode or role of a unitarian deity named Jesus. Burgos consistently stays fastened to the exegesis of the biblical text both in his positive affirmation of the Trinity and in his thorough dismantlement of Oneness theology. Thus Burgos has clearly laid out the biblical case against Oneness unitarianism. Edward L. Dalcour, M.A., Ph.D., President, Department of Christian Defense, Faculty of Theology, North West University.

Are you looking for a careful, serious, and fair treatment of Oneness Pentecostalism from an orthodox Christian perspective? Search no further; this is the book you're looking for. Vocab Malone, host of Urban Theologian Radio. Michael Burgos has presented a stalwart defense of the Holy Trinity and an academic and scholarly explanation of Oneness Pentecostalism. In classic polemic style, Burgos gives the reader a defense of truth as well as a critique of false doctrine. J.D. Hall, host of the Polemics Report and Pastor of Fellowship Baptist Church.

In the near 25 years since the publication of Gregory Boyd's *Oneness Pentecostals and the Trinity*, there has been a dearth of critical interaction with the arguments and exegetical underpinnings of Oneness Pentecostal theology. Michael Burgos has taken up this task in *Against Oneness Pentecostalism*. Here Burgos interacts with the top Oneness Pentecostal and expositors of our day and finds their arguments wanting. This volume has practical implications beyond the debate that exists between trinitarians and Oneness Pentecostals because if popular piety is any indication, then many professing trinitarian Christians are Oneness in practice, and Burgos' work will help to show how such thinking is wrong as well as offering an exegetical alternative that is faithful to what God has revealed about himself in Scripture. Nick Norelli, *Rightly*

Dividing the Word of Truth Pentecostal Theology Keith Warrington, 2008-08-07 Pentecostals traditionally do not think theologically so much as do it practically This book will present Pentecostal theology as well as the particular style of Pentecostal thinking and praxis that makes it different Pentecostalism is not just distinctive because of its belief base but also because of the worldview it owns The latter is based on a certainty that a religion that does not work is not worth much Consequently they look for expressions of life and vitality in their faith These dominate rather than an expression of the cerebral though this is changing Nevertheless the sense of the immediate the God of the now not the distant past underlie how they do theology Pentecostal theology tends to be seen through the eyes of people not theologians through the community not traditions though they have them through their faith and worship not ancient creeds It is a theology of the dynamic seen through the lens of experience It is a functional theology that exists to operate to incorporate an experiential dimension Pentecostal theology does not operate as other theologies which often only detail a list of beliefs it does this but also and more importantly it explores them in the context of praxis Thus this volume incorporates praxis as part of the enquiry relating to theology

The Incarnate Christ and His Critics Robert M. Bowman Jr., J. Ed Komoszewski ,2024-11-12 A current comprehensive and clear defense of the deity of Christ The central theological claim of Christianity that Jesus is God incarnate finds eager detractors across a wide spectrum from scholars who interpret Jesus as a prophet angel or guru to adherents of progressive Christianity and non Christian religions and philosophies Yet thorough biblical scholarship strongly supports the historic Christian teaching on the deity of Christ Authors Robert M Bowman Jr and J Ed Komoszewski follow the approach of their landmark 2007 study on the same topic Putting Jesus in His Place They focus on five pillars of New Testament teaching using the acronym HANDS and demonstrate what both Jesus and the earliest believers recognized namely that Jesus shares in the Honors that are due God Attributes of God Names of God Deeds that God does Seat of God s eternal throne The Incarnate Christ and His Critics engages objections to the divine identity of Jesus from Jehovah s Witnesses Mormons progressive Christians Muslims Unitarians and others Bowman and Komoszewski show how biblical scholarship cannot reasonably ignore the enduring wide ranging and positive case for the deity of Christ

Beyond Pentecostalism Wolfgang Vondey, 2010-09-23 The Pentecostal Manifestos series aims to speak for and to a rising outward looking generation of Pentecostal scholarship Written by both established and newly emerging scholars the various manifesto volumes are to be creative statements marked by rigorous theological scholarship reflecting a distinctly Pentecostal engagement with wider themes and concerns in Christian thought today

The Truth of the Oneness Doctrine Bishop D.R. Vestal, Ph.D., 2019-07-27 This doctrinal course is a rebuttal to Trinitarian theology that proves from scripture the fallacies of that belief system and the Biblical accuracy of the Apostolic Pentecostal view of God and salvation

Pentecostals and the Doctrine of the Trinity Marius Nel, 2023-04-17 This book explores the complex ideas of the Trinity and God placing particular emphasis on the Pentecostal Church If Jesus and the Spirit are divine to the same extent as

the God of Israel what is their relationship with the Father Traditionally the Western Church responds that there are three persons in the one God How did the early Church think about the Trinity The Church assumed that Jesus died a gruesome death on the cross to atone for our sins This implies that God required one part of the divine to die to appease another part of the divine A further complication arises when we consider that Jesus taught believers to forgive why then did God not forgive humans This book challenges the reader to rethink and reconsider their conception of God and the Trinity given that God falls outside our frame of reference and outside of our universe which we can consider our final frame of reference

Divino Compañero Sammy Alfaro, 2010-09-01 Divino Companero explores the necessary foundations for constructing a Hispanic Pentecostal Christology Although traditionally Pentecostal Christologies have been anchored in a two nature Chalcedonian model Alfaro proposes that Spirit Christology is a more suitable paradigm for a Hispanic Pentecostal Christology provided it is grounded in the experience faith and worship of its community and oriented toward liberative praxis After reviewing the christological reflection of early Pentecostals and the contemporary turn to Spirit Christology Alfaro lays out the main components needed to construct a christological model born out of the Hispanic Pentecostal reality rooted in the broader Pentecostal christological imagination and informed by the Pentecostal way of doing theology

Following this method Alfaro concludes the central metaphor of Hispanic Pentecostal Christology is El Divino Companero for in their pilgrimage through this world it is Jesus the Divine Companion who through the Spirit guides and nurtures his followers on their way back home **The Glory of God in the Face of Jesus Christ** David K. Bernard, 2019-05-21 There is now a substantial scholarly consensus for the emergence of a high or divine Christology very early and from a Jewish context but the questions of how and why need further study Within the framework of traditional Jewish monotheism Paul and other early Christians used the language of deity to describe Jesus To investigate their view of Jesus the author examines Paul's discourse in 2 Cor 3 16 4 6 employing insights from rhetorical criticism and Oneness Pentecostal Christology He explains how early Christians proclaimed the deity of Jesus within their monotheistic Jewish context He then identifies socio rhetorical reasons for and practical consequences of the monotheistic deification of Jesus *Oneness Pentecostal Theology: Volume 1*
