Onscreen Allusions to Shakespeare Alexa Alice Joubin, Victoria Bladen, 2022-05-05 Allusions to Shakespeare haunt our contemporary culture in a myriad of ways whether through brief references or sustained intertextual engagements Shakespeare s plays and motifs have been appropriated in fragmentary forms onstage and onscreen since motion pictures were invented in 1893 This collection of essays extends beyond a US UK axis to bring together an international group of scholars to explore Shakespearean appropriations in unexpected contexts in lesser known films and television shows in India Brazil Russia France Australia South Africa East Central Europe and Italy with reference to some filmed stage works

International Literary Market Place. European Edition, 1998 *Globalism in the Middle Ages and the Early Modern Age* Albrecht Classen, 2023-09-05 Although it is fashionable among modernists to claim that globalism emerged only since ca 1800 the opposite can well be documented through careful comparative and transdisciplinary studies as this volume demonstrates offering a wide range of innovative perspectives on often neglected literary philosophical historical or medical documents

Texts images ideas knowledge and objects migrated throughout the world already in the pre modern world even if the quantitative level compared to the modern world might have been different In fact by means of translations and trade for instance global connections were established and maintained over the centuries Archetypal motifs developed in many literatures indicate how much pre modern people actually shared But we also discover hard core facts of global economic exchange import of exotic medicine and on another level intensive intellectual debates on religious issues Literary evidence serves best to expose the extent to which contacts with people in foreign countries were imaginable often desirable and at times feared of course The pre modern world was much more on the move and reached out to distant lands out of curiosity economic interests and political and military concerns Diplomats crisscrossed the continents and artists poets and craftsmen traveled widely We can identify for instance both the Vikings and the Arabs as global players long before the rise of modern globalism so this volume promises to rewrite many of our traditional notions about pre modern worldviews economic conditions and the literary sharing on a global level as perhaps best expressed by the genre of the fable The Making of Modern Immigration Patrick J. Hayes,2012-02-13 Combining the insight of two dozen expert contributors to examine key figures events and policies over 200 years of U S immigration history this work illuminates the foundations of the ethnic and socioeconomic makeup of our nation The two volume The Making of Modern Immigration An Encyclopedia of People and Ideas is organized around a series of four dozen in depth essays on specific aspects of American immigration history since the founding of the Republic This encyclopedia addresses the major historical themes and contemporary research trends related to U S immigration canvassing all the major policy endeavors on immigration in the last two centuries In addition to documenting immigration policy the contributors devote extensive attention to the historiography of immigration supplementing theories with cutting edge sociological data Not content with providing a comprehensive overview of immigration history however the work also offers probing investigations of key figures behind the ideas that have shaped the nation s self understanding Taken as a whole this seminal work lifts out the personalities and policies that surround the composition of America s national identity illuminating the past as a series of lessons for the future *Encyclopaedia Britannica* Harry S. Ashmore,1961 **Encyclopaedia Britannica, a New Survey of Universal Knowledge** ,1957
 Bulletin of the Atomic Scientists ,1986-04 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world International Literary Market Place Information Today Inc,2007-12 Forthcoming Books Rose Arny,1992-10 International Literary Market Place 2007 Information Today, Incorporated,2006-08
