Finishing the Mysteries of Gods and Symbols Seven Star Hand, 2010-09-17 Here is comprehensive proof that the symbolism of many ancient texts canons and concepts is an advanced and extremely ancient spiritual and philosophical technology that predates all extant religions and mystery schools Consequently here is proof beyond disproof that all three so-called Faiths of Abraham are purposeful deceptions Accordingly related esoteric mystery schools and the New Age are rife with error caused by undue reliance upon the assertions of these religions and their leaders Throughout this book I present verifiable proof that ancient sages and prophets opposed religion and wisely never trusted religious leaders As comprehensive validation of this they redundantly encoded stunning proof of why throughout pivotal symbolic narratives and related concepts The ancient sages and prophets hid vital secrets from religious leaders throughout the previous several millennia When these decoded details are compared to the history words and deeds of these religions and their leaders they finally prove the truth about many long hidden things These religions have always purposely imposed ignorance based on the deceptive recasting of earlier symbolic concepts and narratives that also expertly encoded the keys to ancient wisdom as redundant proofs of the truth Arrogant religious leaders while hypocritically lecturing others about morality have long overlooked that the ancient sages and prophets were painfully aware of their then current and future misdeeds and deceptions and patiently and expertly prepared for them

The Influence of Ancient Egypt on Modern Culture Omar Khalil, The fascination with Ancient Egypt's visual and structural aesthetics has significantly influenced Western art and architecture, especially during the 18th and 19th centuries. Known as the Egyptian Revival, this movement emerged as part of a broader romantic and neoclassical interest in ancient civilizations. Following Napoleon's campaign in Egypt and the publication of *Description de l'Égypte*, Europe became enamored with Egyptian motifs, leading to their incorporation into a wide range of architectural projects. One of the most recognizable contributions of Egyptian Revival architecture is the use of obelisks and pyramid forms.

in public spaces and memorials These iconic shapes once central to Egyptian religious and ceremonial design were reinterpreted in cemeteries government buildings and monuments across Europe and the United States The Washington Monument in the U S for instance is a clear example of how Egyptian form was adapted to convey power and permanence In interior design and decorative arts Egyptian Revival made a mark through bold geometric patterns lotus flower motifs and symbolic elements like the sun disk and winged scarab Furniture wallpaper jewelry and textiles adopted these styles evoking the mystery and majesty of the Nile This decorative trend became especially popular after the discovery of King Tutankhamun's tomb in 1922 which triggered a new wave of Egyptomania in the early 20th century

History as the Story of Freedom Clark Butler, 1997 The purpose of this book is to advance responsible rehabilitation of the speculative philosophy of history It challenges the idea popularized by thinkers such as and Claude Levi

Strauss and Jean Francois Lyotard that historical meta mythology and meta narrative are philosophically obsolete As long as humanity viewed anthropologically lives by over arching narrative the quest for a version that survives rational criticism remains vital Here human rights serve as the key to unlock such a version Despite the fact that the Hegelian philosophy of history has often been derided something very similar currently functions as the official ideology of the world community the idea of history as the story of freedom This book does not retell the world historical story of freedom Rather it uncovers it beginning with the current age of human rights and working backward through the great role model civilizations of history Its conclusion is that a forward retelling of the story of freedom as the story of human rights can be justified by dewesternizing the story The book contains critical responses from specialized scholars and representative of selected world cultures The volume includes illustrations and a guest Afterword by Donald Phillip Verene It is a companion volume to the author s Hegel s Logic Between History and Dialectic North western University Press 1996

Lost Voices of Egypt Mfon Edie, 2011-09-26 By offering some insights into a key area of West Africa this book attempts to take the wonders of Ancient Egypt out of the realm of myths and folklore The credit for the longevity of Ancient Egyptian traditions belongs to their erstwhile scribes who managed to keep extensive records of Egypts history and achievements over an exceptionally long period The Anang Efik and Ibibio people also deserve recognition for maintaining a spoken language that has not changed very much from that spoken by the Ancient Egyptians at the various stages of their development and for perpetuating a very unique culture that allows for the uncomplicated linkage of these two worlds By studying this ancient language and culture we can pose some formidable questions about our present questions that shape our understanding of the genesis of the three main Middle Eastern religious movements and that help explain the evolution of modern science The fact that other venerated civilizations including the Semites Persians and Greeks represented Egyptian words inaccurately does not warrant perpetuating such corruption as this would rob those words of their true essence Much as the corrupted English words Ikobi inokobi would not sound familiar to an English speaker as the words To be or not to be neither do words like miri kem or osiris represent the Ancient Egyptian muara ekim and ase respectively Page 56 re men kimi In Efik these corrupted words should read as uyo mn ekim meaning black voices voices of those who are black Up until the earlier period of the present day Copts Egyptians referred to themselves as such mn ekim In a similar vein the present day speakers of this language including the Efik Ibibio Anang rn Etinan Uyo Nsit Ibun Itu Ikt Abasi ft Ediene Eket Abak Ikt Aran Ikt Ub Oku Itam Muaa iba are described in similar fashion i e mn so and so In this case mn is used in a generic manner as opposed to nu which has particular relevance to family or ancestors
