meXicana Encounters Rosa Linda Fregoso, 2003-12-04 meXicana Encounters charts the dynamic and contradictory representation of Mexicanas and Chicanas in culture Rosa Linda Fregoso's deft analysis of the cultural practices and symbolic forms that shape social identities takes her across a wide and varied terrain Among the subjects she considers are the recent murders and disappearances of women in Ciudad Juarez transborder feminist texts that deal with private domestic forms of violence how films like John Sayles's Lone Star re-center white masculinity and the significance of la familia to the identity of Chicanas/os and how it can subordinate gender and sexuality to masculinity and heterosexual roles Fregoso's self-reflexive approach to cultural politics embraces the movement for social justice and offers new insights into the ways that racial and gender differences are inscribed in cultural practices

Between the 1980s and the first decade of the twenty first century Asian Americans in Los Angeles moved toward becoming a racial majority in the communities of the East San Gabriel Valley By the late 1990s their model minority status resulted in greater influence in local culture neighborhood politics and policies regarding the use of suburban space In the country living subdivisions which featured symbols of Western agrarianism including horse trails ranch fencing and Spanish colonial architecture white homeowners encouraged assimilation and enacted policies suppressing unwanted changes that is increased density and influence of Asian culture While some Asian suburbanites challenged whites concerns many others did not Rather white critics found support from affluent Asian homeowners who also wished to protect their class privilege and suburbia s conservative Anglocentric milieu In *Resisting Change in Suburbia* award winning historian James Zarsadiaz explains how myths of suburbia the American West and the American Dream informed regional planning suburban design and ideas about race and belonging **Arise!** Christina Heatherton,2024-02-06

An international history of radical movements and their convergences during the Mexican Revolution The Mexican Revolution was a global event that catalyzed international radicals in unexpected sites and struggles Tracing the paths of figures like Black American artist Elizabeth Catlett Indian anti colonial activist M N Roy Mexican revolutionary leader Ricardo Flores Mag n Okinawan migrant organizer Paul Shinsei K chi and Soviet feminist Alexandra Kollontai *Arise* reveals how activists around the world found inspiration and solidarity in revolutionary Mexico From art collectives and farm worker strikes to prison universities *Arise* reconstructs how this era s radical organizers found new ways to fight global capitalism Drawing on prison records surveillance data memoirs oral histories visual art and a rich trove of untapped sources Christina Heatherton considers how disparate revolutionary traditions merged in unanticipated alliances From her unique vantage point she charts the remarkable impact of the Mexican Revolution as radicals in this critical era forged an anti racist internationalism from below *The Power of the Zoot* Luis Alvarez,2008

Luis Alvarez has quite simply crafted a magnificent first book one that tells a national story from African American and Mexican American youth in New York and Los Angeles to Nisei Filipino and Euro American zooters and the wartime race based violence that erupted in Detroit Beaumont and Mobile Vicki L Ruiz author of *From Out of the Shadows* Mexican Women in Twentieth Century America Alvarez has broken new ground with implications for our understanding of minority youth cultures of the past and today Edward J Escobar author of *Race Police and the Making of a Political Identity* Mexican Americans and the Los Angeles Police Department 1900 1945 *Emancipation Betrayed* Paul Ortiz,2005-03-29

Paul Ortiz's lyrical and closely argued study introduces us to unknown generations of freedom fighters for whom organizing democratically became in every sense a way of life. Ortiz changes the very ways we think of Southern history as he shows in marvelous detail how Black Floridians came together to defend themselves in the face of terror to bury their dead to challenge Jim Crow to vote and to dream. David R. Roediger, author of *Colored White: Transcending the Racial Past*, *Emancipation Betrayed* is a remarkable piece of work, a tightly argued, meticulously researched examination of the first statewide movement by African Americans for civil rights, a movement which since has been effectively erased from our collective memory. The book poses a profound challenge to our understanding of the limits and possibilities of African American resistance in the early twentieth century. This analysis of how a politically and economically marginalized community nurtures the capacity for struggle speaks as much to our time as to 1919. Charles Payne, author of *I've Got the Light of Freedom*.

**Popular Culture in the Age of White Flight** Eric Avila, 2006-04 In *Popular Culture in the Age of White Flight*, Eric Avila offers a unique argument about the restructuring of urban space in the two decades following World War II and the role played by new suburban spaces in dramatically transforming the political culture of the United States. Avila's work helps us see how and why the postwar suburb produced the political culture of balanced budget conservatism that is now the dominant force in politics; how the eclipse of the New Deal since the 1970s represents not only a change of views but also an alteration of spaces. George Lipsitz, author of *The Possessive Investment in Whiteness*.

Sasaki, 2022-11-29 Introduction Emerging nations, emerging empires, inter-imperial intimacies and competing settler colonialisms in Hawai'i At the borders of nation and state The 1894 Constitutional Convention How the Portuguese became white The search for labor and the cost of indemnity The Shinshu Maru Affair barred landings and immigration detention Historicizing the homestead in Wahiawa Colony from American family farm to industrial plantation economy Conclusion

**Not Yo' Butterfly** Nobuko Miyamoto, 2021-06-15 A mold-breaking memoir of Asian American identity, political activism, community and purpose. *Not Yo' Butterfly* is the intimate and unflinching life story of Nobuko Miyamoto, artist, activist, and mother. Beginning with the harrowing early years of her life as a Japanese American child navigating a fearful west coast during World War II, Miyamoto leads readers into the landscapes that defined the experiences of twentieth-century America and also foregrounds the struggles of people of color who reclaimed their histories, identities, and power through activism and art. Miyamoto vividly describes her early life in the racialized atmosphere of Hollywood musicals and then her turn toward activism as an Asian American troubadour with the release of *A Grain of Sand*, considered to be the first Asian American folk album. Her narrative intersects with the stories of Yuri Kochiyama and Grace Lee Boggs, influential in both Asian and Black liberation movements. She tells how her experience of motherhood with an Afro-Asian son, as well as a marriage that intertwined Black and Japanese families and communities, placed her at the nexus of the 1992 Rodney King riots and how she used art to create interracial solidarity and conciliation. Through it all, Miyamoto has embraced her identity.

as an Asian American woman to create an antiracist body of work and a blueprint for empathy and praxis through community art Her sometimes barbed often provocative and always steadfast story is now told Health as Property Nic John Ramos,2025-12-16 Health as Property shows how responses to racism can be predatory harmful and dangerous to poor people of color Nic John Ramos examines a Black led academic medical center known as King Drew that was built in response to the 1965 Watts Uprising Forged by the political willingness of white voters to experiment with anti poverty programs in poor neighborhoods of color the health system s multiple missions represented the freedom dreams of civil rights Black Power welfare rights and consumer rights activists in the 1960s and 1970s However during Los Angeles s rise as a global city in the 1970s and 1980s white voters desire to realize these dreams was curtailed by renewed narratives of health rooted in racist sexist homophobic and transphobic ideas about poor people of color Instead of working to combat the forces of racial and sexual capitalism underlying health inequality a diverse group of liberal progressive leaders inverted the healthcare aims of King Drew Health as Property demonstrates how healthcare policy in America is both labor and real estate policy and as such preserves health as the property of a select few **Empire's Tracks** Manu Karuka,2019-01-29 Empire s Tracks boldly reframes the history of the transcontinental railroad from the perspectives of the Cheyenne Lakota and Pawnee Native American tribes and the Chinese migrants who toiled on its path In this meticulously researched book Manu Karuka situates the railroad within the violent global histories of colonialism and capitalism Through an examination of legislative military and business records Karuka deftly explains the imperial foundations of U S political economy Tracing the shared paths of Indigenous and Asian American histories this multisited interdisciplinary study connects military occupation to exclusionary border policies a linked chain spanning the heart of U S imperialism This highly original and beautifully wrought book unveils how the transcontinental railroad laid the tracks of the U S Empire **Assimilation** Catherine S. Ramírez,2020-12-08 For over a hundred years the story of assimilation has animated the nation building project of the United States And still today the dream or demand of a cultural melting pot circulates through academia policy institutions and mainstream media outlets Noting society s many exclusions and erasures scholars in the second half of the twentieth century persuasively argued that only some social groups assimilate Others they pointed out are subject to racialization In this bold discipline traversing cultural history Catherine Ram rez develops an entirely different account of assimilation Weaving together the legacies of US settler colonialism slavery and border control Ram rez challenges the assumption that racialization and assimilation are separate and incompatible processes In fascinating chapters with subjects that range from nineteenth century boarding schools to the contemporary artwork of undocumented immigrants this book decouples immigration and assimilation and probes the gap between assimilation and citizenship It shows that assimilation is not just a process of absorption and becoming more alike Rather assimilation is a process of racialization and subordination and of power and inequality Possible Histories Charlotte Karem Albrecht,2023-02-07 A free ebook version of this title is
