EU Law Stories Fernanda Nicola,Bill Davies,2017-05-29 Through an interdisciplinary analysis of the rulings of the Court of Justice of the European Union this book offers thick descriptions contextual histories and critical narratives engaging with leading or minor personalities involved behind the scenes of each case The contributions depart from the notion that EU law and its history should be narrated in a linear and incremental way to show instead that law evolves in a contingent and not determinate manner The book shows that the effects of judge made law remain relatively indeterminate and each case can be retold through different contextual narratives and shows the commitment of the European legal elites to the experience of legal reasoning The idea to cluster the stories around prominent cases is not to be fully comprehensive but to re focus the scholarship and teaching of EU law by moving beyond the black letter and unravel the lawyering techniques to achieve policy results

decide on the investment strategy that might bear systemic risks Due to their financial market potential and in view of the design of financial products these entities admittedly have a strong impact on the financial market development and may jointly be responsible for the realisation of systemic risks of transnational dimensions In particular in the view of a steady credit supply of the real economy the enormous transnational mobility of capital and the global competition of financial market regulations it seems doubtful whether one can identify the fund managers as those responsible for the financial market crisis of 2008 2009 This thesis highlights the history symptoms and supposed core reasons of the financial crisis of 2008 2009 and critically assesses whether the AIFMD can reach its objective to effectively contain systemic risks in the context of a globalised financial system *Direito das Sociedades em Revista Vol. 31* Paulo Olavo Cunha, Jorge Manuel Coutinho de Abreu, 2024-04-10 NDICE DOUTRINA Governa o societ ria e sustentabilidade no direito europeu J M Coutinho de Abreu Digitaliza o societ ria europeia A proposta de diretiva de 2023 Jos Engr cia Antunes A base de dados de inibi es e destitui es BDID criada pelo DL 114 C 2023 e outros temas Alexandre de Soveral Martins As presta es acess rias gratuitas natureza e delimita o do respetivo objeto Paulo Olavo Cunha All aboard mulheres e homens no governo das sociedades cotadas Maria Elisabete Ramos O novo regime jur dico societ rio da fus o cis o e transforma o transfronteiri as algumas quest es interpretativas Elda Marques Excedentes cooperativos interpreta o atualista do conceito de terceiro e pressupostos de cuja verifica o depende a possibilidade de os acr scimos patrimoniais provenientes das opera es com quem n o tem a qualidade de membro da cooperativa serem equiparados a excedentes distribu veis Joaquim Taveira da Fonseca Empr stimos Participativos uma tentativa frustrada de contribuir para a redu o do sobreendividamento das empresas Arthur Grossmann NOT CIAS Comunidades de energia societ rias Regime de dupla miss o sem sociedade de dupla miss o Maria Elisabete Ramos
