*A BRAND New You* Austin E. Thompson, Jr., MBA, MPM,2010-02-19 I took personal pride in composing this book on personal branding with a purpose of reaching entrepreneurs who are interested in enhancing their personal self image in parallel with the image of their businesses for working professionals who are on the fast track up the corporate ladder and may wish to gain an edge on the competition and for college students who are preparing for a professional life after their academic journey Personal branding is not new but has become increasingly important for many professionals in recent years who seek a competitive advantage over their counterparts to stand out and be noticed among a plethora of talented candidates This is even more imperative now than a few years ago as we are faced with 10% national unemployment with over 7 million workers laid off since the recession began back in December 2007 In some U S cities unemployment is over 50% with the unemployment rate in some states exceeding the national rate With so

many professionals out of work fighting to get re employed in a job and career commensurate with their skills and education the task has become increasingly challenging leaving many unemployed individuals hopeless while confronted with life changing decisions Trying to stand out and be recognized in a dense pool of qualified candidates is not as easy as it may have been in the past with companies directing millions of candidates to their websites on which to post resumes and create lengthy and time intensive profiles The job search has become a faceless and mundane process with very little success and with increased frustration to many who continue to sink into an abyss of debt and personal despair With this situation looming those out of work professionals will have to think outside the box on how to get noticed be recognized and make a positive impression on recruiters and hiring managers constantly searching for suitable talent Candidates will have to market and promote themselves as a BRAND a successful personal image that translates quality success integrity impressiveness reliability and bringing value to the company of their interest Personal branding will ensure that companies identify you with the strength and true worth in what they look for when considering candidates For those who are fortunate to still be employed personal branding is just as important to achieving success in the work place Companies are constantly looking for ways to trim the fat and become lean in their operations Hence operational efficiency is their ultimate goal Akin to this effort of process improvement is doing more with less which often influences the elimination of human labor This occurs when companies experience a reduction in profits have less retained earnings to expand operations and invest in growing the business and realizing diminishing returned value to their shareholders Oftentimes workers must be let go if they are determined to be part of non producing or non revenue generating functions of the organization or if they themselves are perceived to be adding little value to the organization If a company believes it can do without you it will let you go in a layoff or downsizing It is not a personal matter but a business decision that companies large or small are confronted with on a constant basis It is all about the bottom line and keeping the doors open Working professionals have to determine how they are identified by their companies How strong is your personal BRAND and how valuable are you to your employer What differentiates you from your peers that make you stand out What type of impression are you making on your company Are there any weaknesses that you have to strengthen These are some of the questions that you must honestly ask yourself and answer Performing an honest assessment on your personal BRAND will capture the things that make you valuable to your employer while at the

**President Barack Obama** John K. Wilson,2019-11-11 Barack Obama's improbable quest has become a fact of American life and a benchmark in American history Striving now toward a more perfect union Obama and the nation confront obstacles unforeseen at the outset of the 2008 electoral campaign John K

Wilson tracks the sweep of this progress from the beginning of Obama's political career through his move into the White House. Presidential campaigns are our national conversations; the widespread and complex communication of issues, images, social reality, and personas. Political communication specialists break down the 2012 presidential campaign and go beyond the quantitative facts, electoral counts, and poll results of the election to make sense of the political bits of communication that comprise our voting choices. The contributors look at the early campaign period, the nomination process, and conventions; the social and political contexts; the debates; the role of candidate spouses; candidate strategies; political strategies; and the use of the Internet and other technologies. **Cincinnati Magazine**, 2009-01 Cincinnati Magazine taps into the DNA of the city

Botero, 2021-05-27 A decade before Candidate Donald Trump announced his newly acquired obsession with building a wall on the US-Mexico border, investigative journalist Juan B. Botero denounced Colorado Congressman Tom Tancredo to the House Ethics Committee because of his bizarre obsession with building a wall paid for by the Mexican government. In the summer of 2006, he warned members of Congress and Colorado voters that if Tancredo's localization of World War II German-Italian fascism into American politics wasn't derailed, it would trigger a national crisis in a decade. In spite of severe childhood traumas involving Mexicans, the self-appointed Chairman of the Immigration Reform Caucus refused to recuse himself from shaping US immigration policy, and the Ethics Committee did nothing. In June of 2015, Donald Trump announced his Presidential ambitions, channeling Tancredo's anger issues by denigrating Sephardic Jews, Hispanics, Latinos as murderers and rapists in hardline, offensive tones. Tancredo's poisonous mix of vendetta against Mexicans eventually spread from Congress to the Executive Branch through Steve Bannon and Stephen Miller as the moral blueprint for the Trump Administration. **Lethal Injustice** exposes the corrupt, Americanized fascism that hijacked the Party of Lincoln in 2015: atrocities against immigrants by white supremacist vigilantes on the US-Mexico border and the unprecedented friendliness of conservative anti-immigrant influencers towards Russia. After 6 years of studying Trump's astonishing deference towards Vladimir Putin, the shocking conclusion is that he married not one but two honeytraps loyal to Eastern European intelligence: agent of influence Ivana Zelnik, Kov Trump from Czechoslovakia, and agent of influence Melania Knave, Trump from Slovenia. Trump's marriage to Melania Knave was the result of a highly sophisticated kompromat operation set up by Jeffrey Epstein and Ghislaine Maxwell. Upon taking the Oath of Office on January 20th of 2017, Donald Trump committed treason by aiding
