*Ageing in a Nursing Home* Rosalie Hudson, 2022-04-19 Spending the final chapter of your life in a nursing home is considered by many a fate worse than death Others however have found that through enlightened imaginative care even the frailest of lives can flourish The key to such a transformation is to replace the constricting custodial centres of the past with a more informed research based approach This book is timely responding to evidence of the urgent need for change

described in the Australian Royal Commission into Aged Care Quality and Safety Final Report Care Dignity and Respect and its predecessor subtitled Neglect In this book the author proposes a model of care that places the whole person at its centre sidestepping the constraints of a reductionist funding model that focusses on residents deficits and the proprietor s financial gain Aged care requires a comprehensive research based guide to fulfil this aim Narratives are included throughout the book to reinforce the fact that nursing home care is about individual residents and their unique lives Topics explored in various chapters include Ageing in a Changing Community Social Gerontological Care A Palliative Approach Community Expectations Ageing in a Nursing Home Foundations for Care takes a realistic approach that draws on contemporary research and narratives from the unique lives of older Australians who despite their frailty teach us how to care Such knowledge informs and influences their future The book is a resource intended for all who have a stake in the provision of best practice residential aged care and all who benefit from such care Its academic appeal will include those who design and teach courses in aged care gerontology general practice medicine nursing attendant care allied health and chaplaincy Academics and teachers will find useful well referenced material for their courses together with ample scope for researchers
