Application of LC-MS/MS in the Mycotoxins Studies Laura Gámiz-Gracia, Ana M. García-Campaña, Natalia Arroyo-Manzanares, 2020-06-17 Mycotoxins are secondary metabolites produced by the fungi of different species mainly

Aspergillus Fusarium and Penicillium with toxic effects for humans and animals These mycotoxins can contaminate food and feed The European Union EU has established the maximum permitted or recommended levels for well known mycotoxins in different foodstuffs However there are other mycotoxins that are not included in the regulations the emerging mycotoxins whose toxicity is still not clear and the modified or masked mycotoxins produced as a consequence of a detoxification strategy of the host plant of the fungus or during food processing These mycotoxins could pose a risk and should also be taken into account In order to assure consumers health analytical methods for the accurate determination of mycotoxins in different food matrices and feeds are required In this sense liquid chromatography tandem mass spectrometry LC MS MS is a powerful tool for their unique identification and quantification Moreover the use of high resolution mass spectrometry HRMS allows one to identify novel mycotoxins and targeted untargeted approaches for study This Special Issue compiles recent applications of LC MS MS in mycotoxin studies as well as the development and validation of new analytical methods for their identification and quantification in different food matrices and feed occurrence studies and the biomonitoring of mycotoxins and their metabolites in biological fluids

A typology of questions in Northeast Asia and beyond Andreas Hölzl, 2018-08-29 This study investigates the distribution of linguistic and specifically structural diversity in Northeast Asia NEA defined as the region north of the Yellow River and east of the Yenisei In particular it analyzes what is called the grammar of questions GQ i e those aspects of any given language that are specialized for asking questions or regularly combine with these The bulk of the study is a bottom up description and comparison of GQs in the languages of NEA The addition of the phrase and beyond to the title of this study serves two purposes First languages such as Turkish and Chuvash are included despite the fact that they are spoken outside of NEA since they have ties to or even originated in the region Second despite its focus on one area the typology is intended to be applicable to other languages as well Therefore it makes extensive use of data from languages outside of NEA The restriction to one category is necessary for reasons of space and clarity and the process of zooming in on one region allows a higher resolution and historical accuracy than is usually the case in linguistic typology The discussion

mentions over 450 languages and dialects from NEA and beyond and gives about 900 glossed examples The aim is to achieve both a cross linguistically plausible typology and a maximal resolution of the linguistic diversity of Northeast Asia Ibadan Market Women and Politics, 1900-1995 Mutiat Titilope Oladejo, 2015-12-16 Ibadan market women were active in political mobilization and they engaged in eclectic political actions during the decolonization process Their leaders significantly swayed the electorate both in and beyond the market places This study examines the historical development of the roles of Ibadan market women in politics between 1900 and 1995 with a view to establishing their contributions By a thorough historical analysis Ibadan Divisional and Provincial papers and newspapers of the nationalists era 1945 1960 Nigerian Tribune and Southern Nigerian Defender from the National Archives Ibadan were consulted for information on the activities of Ibadan market women Secondary data were obtained from the Women Research and Documentation Centre and other resource centres Simultaneously Ibadan market women were involved in party politics of the National Council for Nigeria and Cameroons NCNC Action Group AG and traditional power politics **Rediscovering the Essentiality of Marketing** Luca Petruzzellis, Russell S. of more than 50 genetically areally and typologically diverse languages and is unique in considering cross linguistic patterns defined both by lexical and grammatical information The detailed descriptions of the linguistic and extra linguistic facts will serve as an important step in teasing apart the role of the different factors in how we speak about temperature neurophysiology cognition environment social cultural practices genetic relations among languages and linguistic contact The book is a significant contribution to semantic typology and will be of interest for linguists psychologists anthropologists and philosophers

A Luta Continua Lizette Rabe, 2020-10-16 What has media freedom entailed over the couple of centuries and successive governments of the geopolitical region that became South Africa since it was colonised by Westerners And why can media freedom be described as both pillar and cornerstone of a democracy It s simple as in the words of Nelson Mandela first state president of a democratic South Africa Press freedom is the lifeblood of democracy This book tells the tale of the various states of press freedom or unfreedom from colonial times to today from a British governor called a dictator and a despot through apartheid s pigmentocracy or sjambokkracy where the rule of law has been replaced by the rule of the whip up to the dawn of liberation with media freedom entrenched in Article 16 of South Africa s Bill of Rights And why should all of this concern you Because media freedom is not about the freedom of the media It is about your freedom As was formulated by an editor under apartheid If we don t have a public sympathetic to a free press not only will we not have a free press we won t have a democracy either Or in the words of former Sowetan editor and SANEF chair Mpumelelo Mkhabela Media freedom has nothing to do with the media but with the freedom of citizens And that is why you should know that a free media is the only guarantee for your freedom As we have seen both under apartheid and also under a democratic dispensation it is a matter of a luta continua The struggle continues But you the public are the guardian of those that guard democracy Help ensure the rights of a free media and thereby your democratic rights and a democratic South Africa

Dominant Language Constellations Joseph Lo Bianco, Larissa Aronin, 2020-09-07 This volume is dedicated to the concept and several applications of Dominant Language Constellations DLC by which it advances understanding of current multilingualism through addition of a novel perspective from which to view contemporary language use and acquisition The term Dominant Language Constellation denotes the set of a person s or group s most expedient languages functioning as an entire unit and enabling an individual or group to meet their needs in a multilingual environment The volume presents pioneering contributions that employ DLC as the lens for analysing a wide array of issues These include multilingual syntactic development cross linguistic interaction and multilingual production in formal and informal educational contexts as well as linguistic profiles of multilingual groups used in elementary school and higher education Other DLC issues include discussions of how identity emotions and attitudes operate in various minority and majority contexts Because the DLC concept does not assume any inherent hierarchy of languages it can serve as a framework public policy in multilingual countries communities faced with challenging policy determinations regarding choice of languages for use in education settings and more widely in social

institutions and the economy Some chapters develop and extend the DLC concept others adapt and apply it to a variety of contexts both global and local Many chapters feature educational and social settings across large parts of the world Africa Australia Europe North America Canada and the USA and Southeast Asia The volume can serve as supplementary reading for courses on multilingualism sociolinguistics language policy and planning educational linguistics Second and Third Language Acquisition
