Dismantling the Racism Machine Karen Gaffney, 2017-11-13 While scholars have been developing valuable research on race and racism for decades this work does not often reach the beginning college student or the general public who rarely learn a basic history of race and racism If we are to dismantle systemic racism and create a more just society people need a place to begin This accessible introductory and interdisciplinary guide can be one such place Grounded in critical race theory this book uses the metaphor of the Racism Machine to highlight that race is a social construct and that racism is a system of oppression based on invented racial categories It debunks the false ideology that race is biological As a manual this book presents clear instructions for understanding the history of race including whiteness starting in colonial America where the elite created a hierarchy of racial categories to maintain their power through a divide and conquer strategy As a toolbox this book provides a variety of specific action steps that readers can take once they have developed a foundational understanding of the history of white supremacy a history that includes how the Racism Machine has been recalibrated to perpetuate racism in a supposedly post racial era Diversity in Criminology and Criminal Justice Studies Derek M.D. Silva, Mathieu

Deflem, 2022-05-12 This volume explores the theoretical and methodological maturity and diversity in reflexive accounts of criminology and criminal justice in a number of areas such as and teaching and research in criminology queer criminology the intersections of race and gender indigeneity and decolonization domestic violence and human rights **Stress in**

Policing Ronald J. Burke, 2016-07-01 Stress in policing remains a serious concern for individual officers their families their organizations and society at large As an editor of the Psychological and Behavioural Aspects of Risk series Ronald J Burke brings together the latest research findings and intervention strategies shown to be effective by an international group of experts The contributors comprise of a group of high profile researchers and writers who are experts in their respective fields This edited collection addresses such issues as The increased risk of international terrorism Racial profiling Police Culture Police integrity Police suicide Inadequate police training The work of police officers exposes them to sources of stress that increase several risks in terms of their psychological and physical health their family relationships physical injuries emotional trauma ambiguity about their roles in society Shift work and undercover work add additional burdens to officers and their families Police work also places risks on the communities in which officers serve in terms of officers being inadequately trained to deal with mentally ill citizens Sex Scandal Ashley McGuire, 2017-02-13 Men and women used to

cheer vive la difference But now contrary to all science and common sense we re supposed to believe that there is no difference And if you insist there is you just might be accused of a hate crime Our culture and our laws are endorsing a worldview rooted in craziness For instance we re told that Boys who think they re girls and who could change their minds tomorrow should be allowed to participate in girls sports and shower in their locker rooms Expectant mothers are now birthing individuals Coed college dorm rooms and bathrooms are great but single sex clubs are a campus danger It s horrible

for stores to have separate boys and girls clothing departments let alone toy sections It would be a great idea for our military to lower physical standards and push young women and mothers into combat roles in the military If you think that s insanity you re not alone but you might be surprised at just how widespread and successful this lunatic campaign has become In her compelling new book Sex Scandal journalist Ashley McGuire takes this radical campaign to task and reveals How so called gender norming flies in the face of science which is proving that men and women are even more different than commonly acknowledged Why especially if you have kids it s almost impossible to avoid the dangerous consequences of a gender neutral world How embracing sexual differences can make policing safer government more efficient and hedge funds lose less money How gender neutrality is making women more vulnerable to violence How the word gender formerly a grammatical term has been used to dismiss the reality of definite biological sex male and female with fluid gender identities Why gender insanity is not something we can just ignore and hope will fade away but need to refute now with hard cold facts before it does any more damage which it likely will Sex Scandal The Drive to Abolish Male and Female is packed with news breaking interviews shocking examples and inconvenient facts that everyone needs to read and act on
