Dostoevsky](#) Stephen

Carter,2014-09-19 This study concentrates on *The Devils* but also places this novel in the total context of Dostoevsky's work Also considered is the life and work of T N Granovsky who is satirised along with Turgenev in the novel and thus offers a useful basis on which to delineate the contours of Dostoevsky's thought First published in 1991 the book begins from the belief that his genius embodies much of what is typical of Russian life his boundless vitality his extremism his lack of empiricism and economy To understand Dostoevsky is therefore somehow to understand Russia The author concludes that Dostoevsky badly misunderstood Western liberalism but grappled very well with the psychology of the radical terrorist This is explained with reference to his intellectual revolution which is seen as consisting of six stages from his early works of the 1840s

*Tapestry Of My Mother's Life* Malve von Hassell,2022-02-04 *Tapestry Of My Mother's Life* is a biographical account of a woman coming of age in Germany during the 1930s Malve von Hassell explores her mother's life through the fragmented lens of transmitted memory and its impact on the second generation Born at her grandfather's house in Farther Pomerania 1923 Christa von Hassell had to contend with the increasing and pervasive impact of the Nazi regime As the child of a German army officer she moved with her parents often Through boarding school university marriage the Second World War life under Soviet occupation and a new beginning in the West eventually in America the biography is an incredible emotional journey of childhood survival and relationships The portrayal of Christa's life also focuses on the role of memory shaped distorted and realigned in the continual process of telling stories of the past in conjunction with silence about many aspects Children of women who shared similar experiences and life trajectories struggled with the challenge of learning about their

parents lives during extraordinary times confounded by a wealth of stories on the one hand and a seemingly impenetrable veil of silence on the other Working through such memorabilia as well as the tales of the past can offer ways in which one can come to terms with the inherited detritus of thoughts and memories As such this account of the life of a unique and complex individual has also wider relevance in that it addresses age old questions of the relationship between one generation and the next

Rich Noble, Poor Noble M. L. Bush, 1988      The Private Library , 1984      **Russian Literature** Andrew Baruch Wachtel, Ilya Vinitsky, 2013-05-08 For most English speaking readers Russian literature consists of a small number of individual writers nineteenth century masters such as Dostoevsky Tolstoy and Turgenev or a few well known works Chekhov's plays Brodsky's poems and perhaps Master and Margarita and Doctor Zhivago from the twentieth century The medieval period as well as the brilliant tradition of Russian lyric poetry from the eighteenth century to the present are almost completely terra incognita as are the complex prose experiments of Nikolai Gogol Nikolai Leskov Andrei Belyi and Andrei Platonov Furthermore those writers who have made an impact are generally known outside of the contexts in which they wrote and in which their work has been received In this engaging book Andrew Baruch Wachtel and Ilya Vinitsky provide a comprehensive conceptually challenging history of Russian literature including prose poetry and drama Each of the ten chapters deals with a bounded time period from medieval Russia to the present In a number of cases chapters overlap chronologically thereby allowing a given period to be seen in more than one context To tell the story of each period the authors provide an introductory essay touching on the highpoints of its development and then concentrate on one biography one literary or cultural event and one literary work which serve as prisms through which the main outlines of a given period's development can be discerned Although the focus is on literature individual works lives and events are placed in broad historical context as well as in the framework of parallel developments in Russian art and music

*The Belief of an Unwilling to believe* Michael Murauer, 2025-06-10 Against all dogmatic ideologies What can a philosophical life orientation look like in our time Why should we favour it over a religious life orientation The future belongs to philosophy not to religions or secular ideologies With this fundamental statement Michael Murauer places himself in the tradition of Enlightenment thinking The philosopher and physician who sees no acceptable alternative to a rational debate on philosophical and especially moral issues is aware that at the end of such a debate there are no absolute truths but well founded value judgements as presented here in a wide range of topics *The Belief of an Unwilling to believe* constantly balances on the edge between systematic philosophical treatise and personal confession measuring itself against the current state of thought This book attempts to summarise the philosophical criticism of ideologies taking into account the world view developed by modern science while at the same time offering orientation and
