Managerial Strategies and Green Solutions for Project Sustainability Tam, Gilman C.K., 2017-02-22 Sustainability has become an

increasingly vital topic of discussion in modern society Various businesses and their professionals have begun adopting environmentally friendly practices and continue to search for new ways to incorporate sustainability into their protocol Managerial Strategies and Green Solutions for Project Sustainability is an essential reference source for the latest scholarly research on core concepts of project sustainability and its applications Featuring extensive coverage on a broad range of topics and perspectives such as energy systems climate change and human capital this publication is ideally designed for managers researchers and students seeking current information on structured managerial strategies for planning executing and assessing project sustainability performance Business and Human Rights Rory Sullivan, Mary Robinson, 2017-09-08

The end of the Cold War and the virtual disappearance of communism have completely altered the world economy The supply chains of supermarkets and consumer goods industries have spread ever more widely and deeply into Asia Africa and South America while oil mining and financial companies among many others have invested heavily in countries that were previously denied to them by political or ideological barriers While companies have seized the opportunities presented by globalisation they have in many cases been completely unprepared for the risks presented by their headlong rush into these new markets Companies have found themselves and their business partners operating in countries where corruption injustice internal conflict and human rights violations are rife An increasingly alert and critical world has acted as watchdog highlighting corporate malpractice and the links between corporations and repressive regimes It has increasingly been argued that companies have responsibilities for the protection and promotion of human rights These arguments are at least to some extent accepted by companies Yet despite the increasing use of human rights language in public policy discourses the expectations of companies remain unclear That is what are the ethical imperatives What are the legal expectations How far does responsibility extend What can companies actually do in practice The debate is further complicated by the range of actors companies governments international institutions local communities non governmental organisations NGOs trade unions consumers involved by debates around free trade versus and fair trade by the discussion of the specific role of governments and by questions about the relative merits of regulation and self regulation Business and Human Rights provides an analysis of the relationship between companies and human rights in the context of globalisation The analysis is in two parts The first maps the reasons financial ethical regulatory why human rights have become a business issue However simply because there are reasons why companies should be concerned about human rights this does not say what companies should or could do Therefore the second part of the book looks at the practical experiences of companies in responding to specific human rights issues in the context of their own operations in their supply chains and in specific countries These case studies many of which have not been previously published or analysed from the perspective of human rights provide important insights into questions such as How do companies organise themselves to respond to human rights challenges What have the experiences been positive and negative How have companies responded to specific situations What are the

roles and responsibilities of other actors government trade unions NGOs What are the limits to responsibility In this outstanding collection Rory Sullivan has drawn together leading thinkers and actors from the debate on business and human rights to establish how far the business and human rights debate has evolved and explore the many complex questions around roles responsibilities and solutions that remain to be answered **E-Business Managerial Aspects, Solutions and Case Studies** Cruz-Cunha, Maria Manuela,Varajão, João,2010-12-31 This book provides a discussion of the managerial aspects solutions and case studies related to e business disseminating current achievements and practical solutions and applications Provided by publisher **Business and Technology Sources** ,1958 **Encyclopaedia of Mathematics, Supplement III** Michiel Hazewinkel,2007-11-23 This is the third supplementary volume to Kluwer s highly acclaimed twelve volume Encyclopaedia of Mathematics This additional volume contains nearly 500 new entries written by experts and covers developments and topics not included in the previous volumes These entries are arranged alphabetically throughout and a detailed index is included This supplementary volume enhances the existing twelve volumes and together these thirteen volumes represent the most authoritative comprehensive and up to date Encyclopaedia of Mathematics available **Plastic Surgery E-Book** Geoffrey C. Gurtner,Peter C. Neligan,2017-08-08 Completely revised to meet the demands of today s trainee and practicing plastic surgeon Principles Volume 1 of Plastic Surgery 4th Edition features new full color clinical photos dynamic videos and authoritative coverage of hot topics in the field Editor narrated PowerPoint presentations offer a step by step audio visual walkthrough of techniques and procedures in plastic surgery Offers evidence based advice from a diverse collection of experts to help you apply the very latest advances in plastic surgery and ensure optimal outcomes Provides updated coverage of Digital technology in plastic surgery Repair and grafting of fat and adipose tissue Stem cell therapy and tissue engineering and Treatment of Lymphedema Includes brand new color clinical photos videos and lectures Expert Consult eBook version included with purchase This enhanced eBook experience allows you to search all of the text figures images videos and references from the book on a variety of devices Subject Index of Modern Books Acquired British Library,1961 **ECIC2016-Proceedings of the 8th European Conference on Intellectual Capital** Carlo Bagnoli, Chiara Mio, Andrea Garlatti and Maurizio Massaro,2016-04-21 British Paperbacks in Print ,1985 **British Books in Print** ,1986 **Library of Congress Catalogs** Library of Congress,1979 Managerial economics Robert E. McCormick,1993 Goes beyond other managerial economics texts by covering recent research including property rights uncertainty transaction costs information etc Has relevant business examples and solutions throughout the book **Books in Print** ,1991
