A Guide to Cross-language Equivalence

by Mildred L. Larson

Meaning Based Translation A Guide To Cross Language Equivalence Mildred L Larson

Greg Guest, Kathleen M. MacQueen

Meaning Based Translation A Guide To Cross Language Equivalence Mildred L Larson:

Meaning-Based Translation Mildred L. Larson, 1997-11-28 Meaning Based Translation is designed for training beginning translators and organized chapter by chapter as drill material for the textbook Meaning Based Translation The textbook emphasizes the importance of a translation being accurate clear and natural and the exercises give the student practice in achieving this goal The exercises follow closely the content of the textbook since this is a drill manual for added practice The textbook has some exercises as well but the workbook provides additional practice from one basic source thus giving students a wider variety of problems to solve during practice time It also provides material that can be used as homework or as testing material

Concepts of Conversion Lars Kirkhusmo Pharo, 2017-12-18 There has not been conducted much research in religious studies and linguistic anthropology analysing Protestant missionary linguistic translations Contemporary Protestant missionary linguists employ grammars dictionaries literacy campaigns and translations of the Bible in particular the New Testament in order to convert local cultures The North American institutions SIL and Wycliffe Bible Translators WBT are one of the greatest scientific evangelical missionary enterprises in the world The ultimate objective is to translate the Bible to every language The author has undertaken systematic research employing comparative linguistic methodology and field interviews for a history of ideas religions and epistemologies explication of translated SIL missionary linguistic New Testaments and its premeditated impact upon religions languages sociopolitical institutions and cultures In addition to taking into account the history of missionary linguistics in America and theological principles of SIL WBT the author has examined the intended cultural transformative effects of Bible translations upon cognitive and linguistic systems A theoretical analytic model of conversion and translation has been put forward for comparative research of religion ideology and knowledge systems

A Handbook for African Mother-Tongue Bible Translators Isaac Boaheng, 2022-03-22 A Handbook for African Mother Tongue Bible Translators examines key theoretical and practical issues to equip readers with the basic skills required to translate the Bible naturally accurately faithfully and clearly into their mother tongues Since accurate translation enhances the interpretation and application of Scripture the book will also improve the hermeneutical ability of the reader The book is divided into two parts the first part deals with theoretical issues related to Bible translation in general with the African context in focus and the second focuses on the key practical matters in translation This text will appeal to undergraduate and graduate seminary students and students of translation studies at private and public universities in Africa and beyond Bible translators and consultants will also find the text useful

Missiology and the Social Sciences Edward Rommen, 1996 Experts in various branches of social science address the reader explaining the scope and limitations of their discipline in the science of missiology Find the balance between those who discount the value of the sciences for missions and those who use them without discernment

Advanced English-Arabic Translation El Mustapha Lahlali, 2014-03-24 This clearly structured guide will help learners who already have a basic grasp of Arabic to hone their translation skills The

texts chosen for translation exercises have been carefully selected from a variety of authentic contemporary texts across a br

Handbook for Team-based Qualitative Research Greg Guest, Kathleen M. MacQueen, 2008 This authoritative collection provides a practical and comprehensive introduction to team based qualitative research The authors are social scientists and health researchers with extensive experience in this rapidly expanding field Qualitative research has become increasingly interdisciplinary and team oriented The transition away from the lone researcher approach to collaborative and inter institutional research creates new challenges for designing and implementing qualitative research The authors use examples from both American and international studies to show how working in teams affects research design project management data analysis and the presentation of research findings The book offers numerous approaches and methods for making team research more efficient and enhancing the quality of research findings throughout all stages of the research process Topics covered include project design and preparation logistics research ethics political dimensions of collaborative research data collection transcription and data management codebook development data reduction and analysis monitoring and quality control and dissemination of results

Fathoming Translation as Discursive Experience Chunshen Zhu, 2021-07-28 With his positive approach to translation studies featured in this highly original volume Chunshen Zhu brings into perspective from the vantage point of translation the workings of human factors in text production interpretation and dissemination in and through translation in varying social situations This book examines a variety of key issues heatedly debated or largely neglected in the field of translation studies and beyond for example meaning making nature of the unit of translation augmentation of transitivity by modification signification of repetition and cognitive effects of syntactic iconicity by critically engaging insights from functional linguistics and philosophy of language among other fields of study These issue driven phenomenon focused and theorization oriented studies presented in eight chapters with ample exemplification and case studies form a coherent whole to bring a network of correlations between theory and practice linguistics and literature form and content information structure and communicative function intention and effect and textuality and experience to bear upon the study of translation fathoming its depths not only as a linguistic operation but more significantly as a textually accountable process of intersubjective and cross lingual sign making that facilitates humans understanding of themselves and of the world The book is therefore a useful reference for scholars teachers and postgraduate and research students who are interested in a comprehensive yet focused approach to translation as an academic subject straddling linguistics and literary cultural and social studies It will also be useful for those who would like to observe bilingualism and cross cultural communication through translation in general and translation involving the Chinese language in particular

Japanese-English Translation Judy Wakabayashi, 2020-10-06 This volume is a textbook for aspiring translators of Japanese into English as well as a reference work for professional Japanese English translators and for translator educators Underpinned by sound theoretical principles it provides a solid foundation in the practice of Japanese English translation

then extends this to more advanced levels Features include 13 thematic chapters with subsections that explore common pitfalls and challenges facing Japanese English translators and the pros and cons of different procedures exercises after many of these subsections abundant examples drawn from a variety of text types and genres and translated by many different translators This is an essential resource for postgraduate students of Japanese English translation and Japanese language professional Japanese English translators and translator educators It will also be of use and interest to advanced undergraduates studying Japanese

Interlingual Lexicography Reinhard Rudolf Karl Hartmann, 2012-02-14 Selection of 24 essays by the dictionary researcher Reinhard Hartmann on Interlingual Lexicography a genre much neglected in the literature including interdisciplinary approaches to translation equivalence its analysis in contrastive text linguistics and its treatment in the bilingual dictionary with particular attention to the user perspective in English and German

Teaching Translation and Interpreting Cay Dollerup, Anne Loddegaard, 1992-04-09 Selected papers from a lively conference on the state of the art in translator and interpreter training Topics range from culture specific problems in Iran South Africa and Canada for instance to the internationalization of the profession The book is brim full of teaching ideas and strategies problems of assessment teaching translators to be professional and business oriented using cognitive methods terminology management technical translation literary translation theory and practice simultaneous consecutive interpreting subtitling and many other related topics

10th Conference on British and American Studies - Crossing Boundaries Marinela Burada, Oana Tatu, 2014-06-30 This book consists of a collection of papers on specific issues centred around three broad areas of scholarly interest native language analysis foreign language acquisition and training and cultural and literary studies It provides a concise snapshot of the multiplicity of vantage points from which language literature and culture related phenomena can be studied and accounted for The unifying principle behind the variety of issues and approaches illustrated here is the overarching notion of Englishness treated as an object of intellectual inquiry with a focus on the English speaking communities their cultures English based creole languages and as a repository of methodological blueprints applicable in explorations of other languages and cultures The authors of the articles included in this volume are academics and junior researchers who on the occasion of the 10th Conference on British and American Studies convened to share their ideas and pave the way for further work in intersecting research areas subsumed under linguistics sociolinguistics and cultural studies

Translations in Korea Wook-Dong Kim, 2019-03-28 This book explores practical and theoretical approaches to translation in Korea from the 16th century onwards examining a variety of translations done in Korea from a diachronic perspective Offering a discussion of the methodology for translating the Xiaoxue Lesser or Elementary Learning a primary textbook for Confucianism in China and other East Asian countries the book considers the problems involving Korean Bible translation in general and the Term Question in particular It examines James Scarth Gale an early Canadian Protestant missionary to Korea as one of the language s remarkable translators The book additionally compares three English versions

of the Korean Declaration of Independence of 1919 arguing that the significant differences between them are due both to the translators political vision for an independent Korea as well as to their careers and Weltanschauungen The book concludes with a detailed analysis of Deborah Smith s English translation of *The Vegetarian* by Han Kang which won the 2016 Man Booker International Prize for Fiction

Studying Scientific Metaphor in Translation Mark Shuttleworth, 2017-03-16
Studying Scientific Metaphor in Translation presents a multilingual examination of the translation of metaphors Mark Shuttleworth explores this facet of translation and develops a theoretically nuanced description of the procedures that translators have recourse to when translating metaphorical language Drawing on a core corpus consisting of six Scientific American articles in the fields of neurobiology and biotechnology dating from 2004 along with their translations into Chinese French German Italian Polish and Russian Shuttleworth provides a data driven and theoretically informed picture of the processes that underpin metaphor translation The book builds interdisciplinary bridges between translation scholars and metaphor researchers proposes a new set of procedures for metaphor translation conceived within the context of descriptive translation studies and puts forward a possible resolution to the debate on metaphor translatability

Dictionary of Translation Studies Mark Shuttleworth, 2014-04-08
Published at a time of unprecedented growth of interest in translation the *Dictionary of Translation Studies* aims to present the insights of a number of different approaches to translation in an unbiased non partisan way With more than 300 articles this essential volume provides the reader with a snapshot of a rapidly developing discipline based on work produced in several languages With a clear easy to follow layout the *Dictionary* provides a comprehensive and highly accessible survey of key terms and concepts such as Abusive Translation Equivalence Informationsangebot Minimax Principle Texteme and Thick Translation types of activity Autotranslation Dubbing Signed Language Interpreting and schools and approaches Leipzig School Manipulation School Nitra School Each term is presented within the context in which it first occurred and is given a definition which is both clear and informative Major entries include a discussion of relevant viewpoints as well as comments on how the usage and application of the term have developed subsequent to its coining In addition all entries provide suggestions for further reading and there is an extensive bibliography included at the end This is an indispensable tool for anyone studying or teaching translation at university level

Oral Bible Translation and Biblical Performance in Southern Siberia Bronwen Cleaver, 2025-08-05
This book is about designing a contextualized performance based on biblical passages translated by oral Bible translation to give oral preference learners in the Republic of Altai the best possible access to Scripture It presents a model for other oral Bible teams to translate and perform biblical texts in culturally relevant ways The work explores key issues the internalization process orally translating non narrative genres extra linguistic exegesis using local poetic features in oral biblical translations creating notes for translation teams and integrating audience responses into the translation A comprehensive literature review covers orality biblical literacy performance criticism functional translation complexity theory multimodality

and hospitality theory Research includes interviews with oral Bible translation teams using internalization and studies of Altai epic poetry featuring interviews with Altai epic singers and musicians The book culminates in describing the crafting of an oral presentation based on the Altai epic story genre and its evaluation by local Altai audiences in focus groups This demonstrates how oral Bible translation can effectively engage communities This approach ensures that Scripture is not only translated but also communicated in a manner that resonates deeply with the cultural and oral traditions of the audience making it more accessible and impactful

In Other Words Mona Baker,2018-04-09 In Other Words has been the definitive coursebook for students studying translation for nearly three decades Assuming no knowledge of foreign languages it offers a practical guide based on extensive research in areas as varied as lexis grammar pragmatics semiotics and ethics It thus provides a solid basis for training a new generation of well informed critical students of translation Drawing on linguistic theory and social semiotics the third edition of this best selling text guides trainee translators through the variety of decisions they will have to make throughout their career Each chapter offers an explanation of key concepts identifies potential sources of translation difficulties related to those concepts and illustrates various strategies for resolving these difficulties Authentic examples of translated texts from a wide variety of languages and genres are examined and practical exercises and further reading are included at the end of each chapter The third edition has been fully revised to reflect recent developments in the field and includes a new chapter that engages with the interplay between verbal and visual elements in genres as varied as children s literature comics film poetry and advertisements This key text remains the essential coursebook for any student of translation studies

Registerial Expertise in Traditional Chinese Medical Translation Yan Yue,2025-03-31 Yue s book explores the nature of translation using traditional Chinese medicine TCM and the TCM classic Huangdi Neijing and its various translations Yue examines in great detail and depth the important factors that cause the differences in the translators treatment of language indeterminacies Apart from having multi faceted and fine grained linguistic analysis this book also serves as a good model of methodology in terms of corpus building contrastive analysis exemplification and glossing following systemic functional linguistics SFL convention This book is an argument for greater emphasis on the linguistic notion of register in translator s expertise specifically in the way that professional experience and training with their registerial demands may be the key to semantic decisions forced on a translator by the inevitable vagaries and indeterminacies of establishing a working equivalence across languages and cultures and deep time It probes the issue in an extreme case the debate over who is the ideal translator in Chinese medicine translation through various case studies The result suggests it is possible to demonstrate empirically that clinical experience in translators is likely to have consistent or even measurable consequences This book will be of interest to three different fields translators in training applicable systemic functional linguistics and traditional Chinese medicine communication

Introducción a los estudios de traducción Lucía V. Aranda,2016-01-11 Introducci n a los estudios de traducci n presenta nociones clave relativas

a los estudios de traducción tales como autor e intraducibilidad cuestiones de género paratextualidad o invisibilidades como el papel de la traducción en la colonización y formación de literaturas Aunque en principio se concibió como una versión extendida en español de Handbook of Spanish English Translation este libro se nutre de una amplia variedad de ejemplos de las Américas Europa Asia y Oceanía para proporcionar al lector una visión esclarecedora de la historia de los estudios de traducción alrededor del mundo Además se subrayan los nombres más sobresalientes en el campo de la traducción y se habla del papel fundamental que la traducción ha jugado en la creación de cultura e identidad Esta publicación también abarca conceptos generales sobre interpretación y traducción audiovisual y presenta una serie de retos relativos a la traducción específicamente entre español e inglés

Contexts in Translating Eugene A. Nida, 2002-11-29 Contexts in Translating is designed to help translators understand the varieties of contexts and their importance for understanding a text and reproducing the meaning in another language The contexts include the historical setting of writing a text the cultural components that make a text unique the types of audiences for which the translation is intended and the most efficient and effective ways of producing a satisfactory representation of the source language text The structural levels of language are described and the principal features of text organization are also explained In addition the main features of various books on translation are outlined and a chapter on basic theories of translation is followed by a selective bibliography
