Constantine, Divine Emperor of the Christian Golden Age Jonathan Bardill, 2012 Constantine was the first Roman emperor to convert to Christianity The book explores the emperor s image as conveyed through literature art and architecture and shows how Constantine reconciled the tradition of imperial divinity with his monotheistic faith It demonstrates how the traditional themes and imagery of kingship were exploited to portray the emperor as the saviour of his people and to assimilate him to Christ This is the first book to study simultaneously both archaeological and historical information to build a picture of the emperor s image and propaganda It is extensively

illustrated Provided by publisher **Playful Letters** Erika Mary Boeckeler, 2017-11-01 Alphabetic letters are ubiquitous multivalent and largely ignored Playful Letters reveals their important cultural contributions through Alphabeticism a new interpretive model for understanding artistic production that attends to the signifying interplay of the graphemic phonemic lexical and material capacities of letters A key period for examining this interplay is the century and a half after the invention of printing with its unique media ecology of print manuscript sound and image Drawing on Shakespeare anthropomorphic typography figured letters and Cyrillic pedagogy and politics this book explores the ways in which alphabetic thinking and writing inform literature and the visual arts and it develops reading strategies for the letterature that underwrites such cultural production Playful Letters begins with early modern engagements with the alphabet and the human body an intersection where letterature emerges with startling force The linking of letters and typography with bodies produced a new kind of literacy In turn educational habits that shaped letter learning and writing permeated the interrelated practices of typography orthography and poetry These mutually informing processes render visible the persistent crumbling of words into letters and their reconstitution into narrative poetry and image In addition to providing a rich history of literary and artistic alphabetic interrogation in early modern Western Europe and Russia Playful Letters contributes to the continuous story of how people use new technologies and media to reflect on older forms including the alphabet itself **Dreams, Riddles, and Visions** Michael Segal, 2016-06-20 The volume contains eight original studies each of which focuses on a different chapter or central passage in Daniel and offers a new interpretation or reading of the passage in question The studies span the Danielic tales and apocalypses offering innovative analyses that often challenge the scholarly consensus regarding the exegesis of this book The eight chapters relate to Daniel 1 2 4 5 7 9 Susanna and the conception of angelology in Daniel The studies are all based on careful textual analysis including comparison between the Hebrew Aramaic and Greek versions especially regarding Daniel 4 6 and in each case the larger arguments are built upon solid philological foundations Many of the insights proposed in this volume are based upon the realization that the authors of Daniel were frequently interpreters of earlier biblical books and that the identification of these intertextual clues can be the key to unlocking the meaning of these texts In this sense Daniel is similar to other contemporaneous works such as Jubilees and Qumran literature but the extent of this phenomenon has not been fully appreciated by scholars of the book This volume therefore contributes to the appreciation of Daniel as both the latest book in the Hebrew Bible and a significant work in the landscape of Second Temple Judaism **A-Z Of Happiness: Tips To Live By And Break The Chains That Separate You From Your Dreams** Ana Claudia Antunes, 2015-01-12 What s like to have zest in your life In a conversational friendly way the author goes about showing how you can turn failures into success to reaching your potential and maximizing the results in a step by step that turns obstacles into stepping stones In an alphabet form from this easy to follow guide it reveals you the most basic lessons learned through many reflections towards your goals to never having to mirror yourself on something distant from you but to

Flying Saucers C. G. Jung,2020-05-05 In the threatening situation of the world today when people are beginning to see that everything is at stake the projection creating fantasy soars beyond the realm of earthly organizations and powers into the heavens into interstellar space where the rulers of human fate the gods once had their abode in the planets Even people who would never have thought that a religious problem could be a serious matter that concerned them personally are beginning to ask themselves fundamental questions Under these circumstances it would not be at all surprising if those sections of the community who ask themselves nothing were visited by visions by a widespread myth seriously believed in by some and rejected as absurd by others C G Jung in Flying Saucers Jung s primary concern in Flying Saucers is not with the reality or unreality of UFOs but with their psychic aspect Rather than speculate about their possible nature and extraterrestrial origin as alleged spacecraft he asks what it may signify that these phenomena whether real or imagined are seen in such numbers just at a time when humankind is menaced as never before in history The UFOs represent in Jung s phrase a modern myth **Collected Works of C.G.
