Mediated Memories In The Digital Age Cultural Memory In The Present:

Mediated Memories in the Digital Age José van Dijck, 2007 This book studies how our personal memory is transformed as a result of technological and cultural transformations digital photo cameras camcorders and multimedia computers inevitably change the way we remember and affect conventional forms of recollection

Mediated Memories in the Digital Age Jose van Dijck, 2022 Many people deploy photo media tools to document everyday events and rituals For generations we have stored memories in albums diaries and shoeboxes to retrieve at a later moment in life Autobiographical memory its tools and its objects are pressing concerns in most people s everyday lives and recent digital transformation cause many to reflect on the value and meaning of their own mediated memories Digital photo cameras camcorders and multimedia computers are rapidly replacing analogue equipment inevitably changing our everyday routines and conventional forms of recollection How will digital photographs lifelogs photoblogs webcams or playlists change our personal remembrance of things past And how will they affect our cultural memory The main focus of this study is the ways in which old and new media technologies shape acts of memory and individual remembrances This book spotlights familiar objects but addresses the larger issues of how technology penetrates our intimate routines and emotive processes how it affects the relationship between private and public memory and experience self and others

The Memory Effect Russell J.A. Kilbourn, Eleanor Ty, 2014-03-25 The Memory Effect is a collection of essays on the status of memory individual and collective cultural and transcultural in contemporary literature film and other visual media Contributors look at memory s representation adaptation translation and appropriation as well as its mediation and remediation Memory s irreducibly constructed nature is explored even as its status is reaffirmed as the basis of both individual and collective identity The book begins with an overview of the field with an emphasis on the question of subjectivity Under the section title Memory Studies Theories Changes and Challenges these chapters lay the theoretical groundwork for the volume Section 2 Literature and the Power of Cultural Memory Memorializing focuses on the relation between literature and cultural memory Section 3 Recuperating Lives Memory and Life Writing shifts the focus from literature to autobiography and life writing especially those lives shaped by trauma and forgotten by history Section 4 Cinematic Remediations Memory and History examines specific films in an effort to account for cinema s intimate and mutually constitutive relationship with memory and history The final section Multi Media Interventions Television Video and Collective Memory considers individual and collective memory in the context of contemporary visual texts at the crossroads of popular and avant garde cultures

Popular Music and Retro Culture in the Digital Era Jean Hogarty, 2016-07-15 This book explores the trend of retro and nostalgia within contemporary popular music culture Using empirical evidence obtained from a case study of fans engagement with older music the book argues that retro culture is the result of an inseparable mix of cultural and technological changes namely the rise of a new generation and cultural mood along with the encouragement of new technologies Retro culture has

become a hot topic in recent years but this is the first time the subject has been explored from an academic perspective and from the fans perspective As such this book promises to provide concrete answers about why retro culture dominates in contemporary society For the first time ever this book provides an empirically grounded theory of popular music retro culture and its intergenerational audience in the twenty first century It will appeal to advanced students of popular music studies cultural studies media studies sociology and music *Memory in the Twenty-First Century* Sebastian

Groes,2016-03-29 This book maps and analyses the changing state of memory at the start of the twenty first century in essays written by scientists scholars and writers It recontextualises memory by investigating the impact of new conditions such as the digital revolution climate change and an ageing population on our world Information Storage Cornelia S.

Große,Rolf Drechsler,2019-11-19 This book examines some of the underlying processes behind different forms of information management including how we store information in our brains the impact of new technologies such as computers and robots on our efficiency in storing information and how information is stored in families and in society The editors brought together experts from a variety of disciplines While it is generally agreed that information reduces uncertainties and that the ability to store it safely is of vital importance these authors are open to different meanings of information computer science considers the bit as the information block neuroscience emphasizes the importance of information as sensory inputs that are processed and transformed in the brain theories in psychology focus more on individual learning and on the acquisition of knowledge and finally sociology looks at how interpersonal processes within groups or society itself come to the fore The book will be of value to researchers and students in the areas of information theory artificial intelligence and computational neuroscience

Border Ecology Ila Nicole Sheren,2023-03-10 This book analyzes how contemporary visual art can visualize environmental crisis It draws on Karen Barad s method of agential realism which understands disparate factors as working together and entangled Through an analysis of digital eco art the book shows how the entwining of new materialist and decolonized approaches accounts for the nonhuman factors shaping ecological crises while understanding that a purely object driven approach misses the histories of human inequality and subjugation encoded in the environment The resulting synthesis is what the author terms a border ecology an approach to eco art from its margins gaps and liminal zones deliberately evoking the idea of an ecotone This book is suitable for scholarly audiences within art history criticism and practice but also across disciplines such as the environmental humanities media studies border studies and literary eco criticism The Portuguese Colonial War and the African Liberation Struggles Miguel Cardina,2023-09-14 The Portuguese

Colonial War and the African Liberation Struggles *Memory Politics and Uses of the Past* presents a critical and comparative analysis on the memory of the colonial and liberation wars that led to a regime change in Portugal and to the independence of five new African countries Angola Mozambique Guinea Bissau Cape Verde and S o Tom and Pr ncipe Covering more than six decades and based on original archival research and critical analysis of sources and interviews the book offers the first

plural account of the public memorialisation of this contested past in Portugal and in former colonised territories in Africa focussing on diachronic and synchronic processes of mnemonic production This innovative exercise highlights the changing and crossed nature of political memories and social representations through time emphasizing three modes of mnemonic intersections the intersection of distinct historical times the intersection between multiple products and practices of memory and the intersection connecting the different countries and national histories The Portuguese Colonial War and the African Liberation Struggles Memory Politics and Uses of the Past a major output of the research developed by CROME Crossed Memories Politics of Silence a project funded by a Starting Grant 715593 from the European Research Council ERC The book advances current knowledge on Portugal and Lusophone Africa and deepens ongoing conceptual and epistemological discussions regarding the relationship between social and individual memories the dialectics between memory power and silence and the uses and representations of the past in postcolonial states and societies The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution NonCommercial No Derivatives CC BY NC ND 4 0 license Art Book News Annual, volume 4: 2008 Art Book News Annual, volume 4: 2008 ,
