policy He argues that the US and Israel have both internalized deterrence ideas and become attached to these practices For them deterrence is not just a means to advance physical security but it constitutes their very selves as deterring actors As a result being unable to deter becomes a threat to their identity evoking strong emotional responses In recognizing these dynamics the book provides a fresh perspective on the US war in Iraq 2003 and the Israeli war in Lebanon 2006 both of which can be seen as attempts to repair each country s shaken sense of self
