Mg34 Machinegun The The Propaganda Photo Series:

The MG34 Machinegun Guus de Vries,2010 This is the first detailed publication on the MG34 Germany s most important machine gun of World War II It contains a description of the development production and use the accessories and markings of the MG34 including many pictures and descriptions of prototypes and variants that have never been depicted or described before

The Destruction of 6th Army at Stalingrad Ian Baxter,2020-04-15 The scale of death and destruction during the Battle of Stalingrad during late 1942 and early 1943 remains unprecedented in the history of warfare The annihilation of General von Paulus 6th Army epitomised the devastating defeat of Hitler s ambition to conquer Stalin s Soviet Union After the successful Operation Blue offensive 6th Army reached the River Volga north of Stalingrad in summer 1942 With over extended supply lines and facing steely opposition increasingly desperate attempts to seize the city repeatedly failed Slowly 6th Army became encircled The German High Command attempted a number of relief attempts notably Field Marshal von Manstein s Winter Storm but all were defeated by the tenacity of the enemy and the Russian winter To their credit the men of 6th Army fought to the end but by February 1943 the last pockets of German resistance were either destroyed or had surrendered Thanks to a superb collection of unpublished photographs this Images of War book provides an absorbing insight into the dramatic events of the last months of 6th Army s doomed existence

German Infantry Weapons of the Second World War John Christopher,2014-08-15 This fascinating in depth dossier on the German infantry weapons ranging from the legendary Lugar pistol to the anti tank guns and howitzers is based on classified military intelligence reports published during the Second World War

German Automatic Rifles 1941-45 Chris McNab,2013-03-20 This book explores the origins development combat use and lasting influence of Nazi Germany s automatic rifles focusing on the Gew 41 W Gew 43 Kar 43 FG 42 and MP 43 StG 44 The Blitzkrieg campaigns of 1939 40 convinced many observers that most infantry combat took place at closer ranges than the 750 1 000m From 1941 Germany s arms designers took note and produced a new series of infantry firearms This study not only provides a detailed technical description of each weapon but also explores how the firearms performed on the battlefields of World War II The combat takes us from the FG 42 in the hands of Fallschirmj ger at Monte Cassino through to StG 44s being used by Waffen SS soldiers on both the Eastern and Western Fronts Postwar service is also studied such as the Gew 43 s adoption by the Czech Army and the StG 44 s use by the Viet Cong in the Vietnam War Setting each firearm in its tactical and historical context and employing striking photographs and full colour artwork firearms expert Chris McNab sets out the absorbing story of this distinctive and influential series of weapons

Allied Intelligence Handbook to the German Army 1939-45 Stephen Bull,2017-04-06 What did the British or American soldier know about the German Army Was this knowledge accurate and just how did he know it There have been several handbooks of Second World War armies but they never tell us exactly what the Allied soldier knew at the time or how he was informed This is of importance because it influenced both conduct on the battlefield and the way in which the soldier

thought about his enemy The book explains the background history of the organisations involved followed by short chapters based around a series of original documents This puts the original into context and also discusses whether the document that follows was correct in the picture it painted and what can be deduced about sources and the concerns of the intelligence officers who compiled the material Most of the documents were produced at the time by the British War Office or US War Department and cover different aspects of the German Army including tactics weapons and uniforms Subjects include Allied intelligence on the German Army from 1930 onwards British SIS MI6 and US Military Intelligence The organisations responsible how they worked and how they changed very rapidly with the coming of war The role of technology modern like the radio transmitter ancient as in scouring libraries and periodicals reports on military manoeuvres and parades Limitations of Ultra The German army itself from the tiny force left after Versailles to the rapid expansion in the late 1930s Innovation in tanks tactics machine guns rocket weaponry The problems of gathering intelligence not just danger but finance asking the right questions and the limitations of reporting and distribution

World War II Spencer C. Tucker, 2016-09-06 With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most comprehensive reference work available on the war This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the causes course and consequences of the war Its introductory overview essays and cross referenced A Z entries explain how various sources of friction culminated in a second worldwide conflict document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world The coverage addresses the individuals campaigns battles key weapons systems strategic decisions and technological developments of the conflict as well as the diplomatic economic and cultural aspects of World War II The five volume set provides comprehensive information that gives readers insight into the reasons for the war s direction and outcome Readers will understand the motivations behind Japan s decision to attack the United States appreciate how the concentration of German military resources on the Eastern Front affected the war s outcome understand the major strategic decisions of the war and the factors behind them grasp how the Second Sino Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes of the battles during the conflict The lengthy documents volume represents a valuable repository of additional information for student research

Hitler's Soldiers Ben H. Shepherd, 2016-06-28 For decades after 1945 it was generally believed that the German army professional and morally decent had largely stood apart from the SS Gestapo and other corps of the Nazi machine Ben Shepherd draws on a wealth of primary sources and recent scholarship to convey a much darker more complex picture For the first time the German army is examined throughout the Second World War across all combat theaters and occupied regions and from multiple perspectives its battle performance social composition relationship with the Nazi state and involvement in war crimes and military

occupation This was a true people's army drawn from across German society and reflecting that society as it existed under the Nazis Without the army and its conquests abroad Shepherd explains the Nazi regime could not have perpetrated its crimes against Jews prisoners of war and civilians in occupied countries The author examines how the army was complicit in these crimes and why some soldiers units and higher commands were more complicit than others Shepherd also reveals the reasons for the army's early battlefield successes and its mounting defeats up to 1945 the latter due not only to Allied superiority and Hitler's mismanagement as commander in chief but also to the failings moral political economic strategic and operational of the army's own leadership *The Illustrated Encyclopedia of the World's Tanks and Fighting Vehicles*

Christopher F. Foss, 1977 **The New Encyclopedia of Handguns & Small Arms** Christopher Chant, 1995 Explores the development of the handgun from the 1830s to the present **MG 34 and MG 42 Machine Guns** Chris

McNab, 2012-10-20 With the MG 34 the German Wehrmacht introduced an entirely new concept in automatic firepower the general purpose machine gun GPMG In itself the MG 34 was an excellent weapon an air cooled recoil operated machine gun that could deliver killing firepower at ranges of more than 1 000m Yet simply by changing its mount and feed mechanism the operator could radically transform its function On its standard bipod it was a light machine gun ideal for infantry assaults on a tripod it could serve as a sustained fire medium machine gun During World War II the MG 34 was superseded by a new GPMG the MG 42 More efficient to manufacture and more robust it had a blistering 1 200rpm rate of fire Nicknamed Hitler's buzzsaw by Allied troops it was arguably the finest all round GPMG ever produced and alongside the MG 34 it inflicted heavy casualties Featuring specially commissioned full colour artwork and drawing upon numerous technical manuals and first hand accounts this study explores the technological development varied roles and lasting influence of the revolutionary MG 34 and MG 42 machine guns and their postwar successors *The K98k Rifle* Guus de Vries, Bas Martens, 2010 The first volume of the Propaganda Photo Series a unique series of books on World War II small arms Each volume covers all essential information on history development ammunition accessories codes markings and contains photos of nearly every model and accessory The most important quality of the Propaganda Photo Series however is a unique selection of original German World War II propaganda photos most never published before The combination of solid information and original photos makes the Propaganda Photo Series the most extensive and reliable source of German small arms in use depicting the weapons and equipment as they were actually used This book describes and depicts the K98K rifle the workhorse and most important small arm of the German armed forces during World War II It contains a detailed description of the history use and accessories of this rifle but also covers the sniper rifles rare variants and special accessories as the curved barrel device and the silencers **Mg34** A. Butz, This pamphlet was issued to all machine gunners in the German Army who had to work with the new machine gun the MG34 This weapon was the first true general purpose machine gun in the world in that it could be fired from a bipod as an infantry section weapon or mounted on a tripod as a heavy weapons support machine gun The

Pamphlet covers everything needed to be known about the weapon and shows stripping and cleaning reassembly and care It also details firing in the light role as well as in the heavy support role It also shows how the gun was mounted on vehicles especially trailers and motorcycle sidecars There are a number of photographs which have never been published before showing the gun and its mountings as well as methods of carrying the weapon This reprint will enable all those interested in this weapon access to a previously rare volume of detailed information **MG34-MG42** Folke Myrvang,2002 The German MG 34 and MG 42 Machine Guns Luc Guillou,Erik DuPont,2020 The German MG Maschinengewehr 34 along with the later war MG 42 was a recoil operated air cooled machine gun and is considered the world s first general purpose machine gun Considered the most advanced machine gun in the world at the time its ease of mobility and high rate of fire 900 rounds per minute made it ideal both for infantry and antiaircraft use First entering service during the Spanish Civil War in 1936 it remained in Wehrmacht service through the end of WWII in 1945 along with its updated model the MG 42 This illustrated book presents the design manufacturing and development both of the MG 34 and MG 42 from its acceptance by the German military through production and combat use from 1936 to 1945 Details include close up views of markings and other details as well as a breakdown of the weapon Accessories such as ammunition and gun mounts are featured throughout the book as are rarely seen combat related uniform and equipment items *The P08 Luger Pistol* Guus De Vries,Bas J. Martens,2001-07-19 The third volume of the Propaganda Photo Series a unique series of books on World War II small arms Each volume covers all essential information on history development ammunition accessories codes markings and contains photos of nearly every model and accessory The most important quality of the Propaganda Photo Series however is a unique selection of original German World War II propaganda photos most never published before The combination of solid information and original photos makes the Propaganda Photo Series the most extensive and reliable source of German small arms in use depicting the weapons and equipment as they were actually used The P08 Luger pistol is probably the most famous pistol ever and has been the subject of a long list of publications This book gives a concise history of the pistol including production codes and markings its variants and accessories but also offers new information on stocks magazines and intended successors Many new and special pictures AUTHOR Guus de Vries is a historian specialising in the field of firearms Thus far he has written fifteen books on firearms history mostly together with Bas Martens and numerous articles for magazines in Belgium Germany Finland the Netherlands Russia the United Kingdom and the U S A ILLUSTRATIONS 220 photographs German 7.9-mm Dual Purpose Machine Gun MG34 ,1943
