and taking the American motorcycle land speed record at Bonneville in 1948 have now passed into posterity In fact the big Vincent was so ahead of its time that it continued to compete successfully almost arrogantly in racing until the mid 1970s against modern bikes No other motorcycle in the world can claim this kind of achievement Following the premature ending of Vincent production Fritz Egli s 1967 Egli Vincent was the first chassis completely redesigned for a Vincent in 21 years Egli s machine inspired numerous builders for several generations and this book traces holistically the story of all those motorcycles in the broad context of the classic and modern history of the Vincent Understand how the flame of passion still burns brightly today
