Committee on the Budget,1999 *Assessing Accomplished Teaching* National Research Council,Division of Behavioral and Social Sciences and Education,Center for Education,Board on Testing and Assessment,Committee on Evaluation of Teacher Certification by the National Board for Professional Teaching Standards,2008-10-04 The mission of the National Board for Professional Teaching Standards NBPTS is to establish high and rigorous standards for what teachers should know and be able to do to certify teachers who meet those standards and to advance other education reforms for the purpose of improving student learning in American schools In response to a request from the U S Congress the National Research Council developed a framework for evaluating programs that award advanced level teacher certification and applied that framework in an evaluation of the impacts of the NBPTS Specifically this book addresses the impacts on students teachers and the educational system in this country Assessing Accomplished Teaching finds that teachers who earn board certification are more effective at improving their students achievement than other teachers but school systems vary greatly in the extent to which they recognize and make use of board certified teachers Many of the questions on the evaluation framework could not be answered because the

data have not been collected and the report makes recommendations for the kinds of research that are needed to fully evaluate the impacts of board certification by the NBPTS
