Brent Pickett

Michel Foucault Beyond Structuralism And Hermeneutics:

Michel Foucault Hubert L. Dreyfus, Paul Rabinow, 2014-06-06 First Published in 1984 This book was born out of a disagreement among friends Paul Rabinow attending a seminar given in 1979 by Hubert Dreyfus and John Searle which concerned among other things Michel Foucault objected to the characterization of Foucault as a typical structuralist This challenge stirred a discussion that led to the proposal of a joint article which soon became a medium length book Michel Foucault Hubert L. Dreyfus, Paul Rainbow, 2014-12-10 This book which Foucault himself has judged accurate is the first to provide a sustained coherent analysis of the French philosopher's work as a whole To demonstrate the sense in which Foucault's work is beyond structuralism and hermeneutics the authors unfold a careful analytical exposition of his oeuvre They argue that Foucault's work during the seventies became a sustained and largely successful effort to develop a new method interpretative analytics capable of explaining both the logic of structuralism's claim to be an objective science and the apparent validity of the hermeneutical counterclaim that the human sciences can proceed only by understanding the deepest meaning of the subject and his tradition There are many new secondary sources on Foucault None surpass the book by Hubert Dreyfus and Paul Rabinow The American paperback edition contains Foucault's On the Genealogy of Ethics a lucid interview that is now our best source for seeing how he construed the whole project of the history of sexuality David Hoy London Review of Books *Michel Foucault* Hubert L. Dreyfus, Paul Rabinow, 1983-12-15 This book which Foucault himself has judged accurate is the first to provide a sustained coherent analysis of Foucault's work as a whole To demonstrate the sense in which Foucault's work is beyond structuralism and hermeneutics the authors unfold a careful analytical exposition of his oeuvre They argue that during the of Foucault's work became a sustained and largely successful effort to develop a new method interpretative analytics capable of explaining both the logic of structuralism's claim to be an objective science and the apparent validity of the hermeneutical counterclaim that the human sciences can proceed only by understanding the deepest meaning of the subject and his tradition There are many new secondary sources on Foucault None surpass the book by Hubert Dreyfus and Paul Rabinow The American paperback edition contains Foucault's On the Genealogy of Ethics a lucid interview that is now our best source for seeing how he construed the whole project of the history of sexuality David Hoy London Review of Books **Michel Foucault** Hubert L. Dreyfus, Paul Rabinow, 1986 *Foucault and Heidegger* Alan Milchman, Alan Rosenberg, 2003 An essential consideration of these two closely related and influential figures Michel Foucault and Martin Heidegger are two of the most important intellectual figures of the twentieth century and yet there are significant largely unexplored questions about the relationship between their projects Foucault and Heidegger stages a crucial critical encounter between these two thinkers in doing so it clarifies not only the complexities of the Heidegger Foucault relationship but also their relevance to questions about truth and nihilism acquiescence and resistance and technology and agency that are central to debates in contemporary thought These essays examine topics ranging from

Heidegger's and Foucault's intellectual forebears to their respective understanding of the Enlightenment, modernity and technology to their conceptions of power and the political. *Making Social Science Matter* Bent Flyvbjerg, 2001-01-15 New approach demonstrating how social science can be successful focusing on context, values and power. **Michel Foucault and Theology** James Bernauer, 2017-03-02 Whilst Foucault's work has become a major strand of postmodern theology, the wider relevance of his work for theology still remains largely unexamined. Foucault both engages the Christian tradition and critically challenges its disciplinary regime. *Michel Foucault and Theology* brings together a selection of essays by leading Foucault scholars on a variety of themes within the history, thought and practice of theology. Revealing the diverse ways that the work of Michel Foucault 1926-1984 has been employed to rethink theology in terms of power, discourse, sexuality and the politics of knowledge, the authors examine power and sexuality in the church in late antiquity. Castelli Clark Schuld raises questions about the relationship between theology and politics. Bernauer, Leezenberg, Caputo consider new challenges to the nature of theological knowledge in terms of Foucault's critical project. Flynn, Cutrofello, Beadoin, Pinto and rethink theology in terms of Foucault's work on the history of sexuality. Carrette, Jordan, Mahon. This book demonstrates for the first time the influence and growing importance of Foucault's work for contemporary theology. **The SAGE Handbook of Political Geography** Kevin R. Cox, Murray Low, Jennifer Robinson, 2007-12-18 A thorough and absorbing tour of the sub-discipline. An essential acquisition for any scholar or teacher interested in geographical perspectives on political process. Sallie Marston, University of Arizona. This unique book is a true encyclopedia of political geography. Vladimir Kolossov, Institute of Geography of the Russian Academy of Sciences and Vice President of the IGU. The SAGE Handbook of Political Geography provides a highly contextualised and systematic overview of the latest thinking and research in the field. Edited by key scholars with international contributions from acknowledged authorities on the relevant research, the Handbook is divided into six sections: Scope and Development of Political Geography; the geography of knowledge; conceptualisations of power and scale; Geographies of the State: state theory, territory and central-local relations; legal geographies; borders; Participation and representation; citizenship; electoral geography; media; public space and social movements; Political Geographies of Difference: class, nationalism, gender, sexuality and culture; Geography, Policy and Governance: regulation, welfare, urban space and planning; Global Political Geographies: imperialism, post-colonialism, globalization, environmental politics, IR, war and migration. The SAGE Handbook of Political Geography is essential reading for upper-level students and scholars with an interest in politics and space. **On the Use and Abuse of Foucault for Politics** Brent Pickett, 2005-01-01 Sensitive to the discontinuities in Foucault's thought, neither critical nor slavishly devotional, *On the Use and Abuse of Foucault for Politics* demonstrates how Foucault is relevant for contemporary democratic theory. Beginning with a discussion of the interrelated ideas of power and resistance, Brent Pickett provides an interpretation of Foucault's political philosophy, including a comprehensive overview of the reasons for various conflicting interpretations and then explores how well the different

Foucaults can be used in progressive politics Accessible and insightful On the Use and Abuse of Foucault for Politics is valuable for specialists in Foucault and for students of postmodern and democratic theory alike **Genuine Reciprocity and Group Authenticity** Kevin Craig Boileau,2000 To some Jean Paul Sartre s philosophy signaled the end of modernity Michael Foucault s theories on the generation of the self helped to usher in the post modern era Kevin Boileau s work Genuine Reciprocity and Group Authenticity argues that Sartre s insight into the positive reciprocal relationships of individuals can be understood through the Foucauldian concept of power and discourse The book explores authenticity on individual and group levels breaking new ground in the study of Sartre and Foucault It is a beneficial tool for philosophers studying modern or post modern thought Encyclopedia of Contemporary Literary Theory Irene Rima Makaryk,1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture The Discourse of Palestinian-Israeli Relations Sean F. McMahon,2010-04-15 This Foucault inspired analysis of the degeneration of the Oslo Process into direct Palestinian Israeli violence critically examines the ideas and practices that define Palestinian Israeli relations The text offers a radically different peace proposal that moves far beyond exhausted calls for confidence building measures and or an end to settlement construction **Foucault Beyond Foucault** Jeffrey Nealon,2007-11-12 In Foucault Beyond Foucault Jeffrey Nealon argues that critics have too hastily abandoned Foucault s mid career reflections on power and offers a revisionist reading of the philosopher s middle and later works Retracing power s intensification in Foucault Nealon argues that forms of political power remain central to Foucault s concerns He allows us to reread Foucault s own conceptual itinerary and more importantly to think about how we might respond to the mutations of power that have taken place since the philosopher s death in 1984 In this the book stages an overdue encounter between Foucault and post Marxist economic history

Philosophical Hermeneutics Reinterpreted Paul Fairfield, 2011-08-11 In this important new study Paul Fairfield examines a number of issues of central importance to philosophical hermeneutics His aim is less to reexamine the basic hypotheses of hermeneutics Gadamer's hermeneutics in particular than to understand it in relational terms by bringing it into closer association with existentialism pragmatism critical theory and postmodernism Fairfield contends that there are important affinities and areas for critical exchange between hermeneutics and these four schools of thought which have until now remained underappreciated Philosophical Hermeneutics Reinterpreted examines several of these connections by interpreting hermeneutics in relation to specific themes in the writings of key figures within each of these traditions In so doing he both clarifies some outstanding issues in hermeneutics and advances the subject beyond what Heidegger Gadamer and Ricoeur have given us

The Behavioural Environment F.W. Boal, D.N. Livingstone, 2003-09-02 Placing human action and perception at the centre of the subject this book considers the effects of mankind on the environment drawing particularly from William Kirk's work on the behavioural environment model Reviewing Kirk's original model in light of recent ideological debate and extensive new evidence this collection of essays from leading names in the field shows that a behavioural approach is essential in understanding human geography and man's relationship with the ecological environment

The Death of the Playwright? Adrian Page, 1992-02-24 The nine essays in this volume make significant contributions to the development of contemporary literary theory and demonstrate how a range of new approaches can be applied to modern British drama In addressing the questions of power subjectivity sexuality psychoanalysis and the nature of the dramatic text the contributors reveal how much modern drama can be re-read to discover its radically subversive characteristics Their conclusions challenge accepted interpretations and suggest major revisions of the processes of understanding and staging drama

Studies of Discourse and Governmentality Paul McIlvenny, Julia Zhukova Klausen, Laura Bang Lindegaard, 2016-06-29 This volume brings together analyses of governmentality from different angles in order to explore the multiple forms practices modes programmes and rationalities of the conduct of conduct today Following the publication of Foucault's annual lecture series at the Collège de France scholars have attempted to critically rethink Foucault's ideas This is the first volume that attempts to revisit and expand studies of governmentality by connecting it to the theories and methods of discourse analysis The volume draws on different theoretical stances and methodological approaches including critical discourse analysis conversation analysis dialogic analysis multimodal discourse analysis the discourse historical approach corpus analysis and French discourse analysis The volume is relevant to students and scholars in the fields of critical discourse studies conversation analysis international studies environmental studies political science public policy and organisation studies

Punish and Critique Adrian Howe, 2005-10-27 Acknowledgements Introduction 1 Political economies of punishment 2 New histories of punishment regimes 3 The Foucault Effect from penology to penalty 4 Feminist analytical approaches to women's imprisonment 5 Postmodern feminism and the question of penalty 6 Towards a postmodern

penal politic Bibliography **Profiles in Contemporary Social Theory** Anthony Elliott, Bryan S Turner, 2001-05-18 This comprehensive book provides an indispensable introduction to the most significant figures in contemporary social theory. Grounded strongly in the European tradition, the profiles include Michel Foucault, Jürgen Habermas, Roland Barthes, Jean Baudrillard, Pierre Bourdieu, Zygmunt Bauman, Martin Heidegger, Fredric Jameson, Richard Rorty, Nancy Chodorow, Anthony Giddens, Stuart Hall, Luce Irigaray, and Donna Haraway. In guiding students through the key figures in an accessible and authoritative fashion, the book provides detailed accounts of the development of the work of major social theorists and charts the relationship between different traditions of social, cultural, and political thought. *Profiles in Contemporary Social Theory* will become a major reference work in the field of social theory because it offers in-depth commentaries that comprehensively examine the contents, contexts, and critical evaluation of key theorists of the day.

The Circular Structure of Power Torben Bech Dyrberg, 1997 Few concepts in social theory have been used so extravagantly in recent years as the notion of power. Yet despite its inflated presence, the term is still unclear and undertheorized. In *The Circular Structure of Power*, Torben Dyrberg rises to the challenge of conceptualizing power through a philosophical examination of its uses in contemporary social theory. Drawing on the insights of Michel Foucault, Ernesto Laclau, and Chantal Mouffe, Dyrberg brings this continental tradition into a creative dialogue with the Anglo-American tradition represented by figures such as Steven Lukes, William Connolly, Peter Bachrach, and Morton Baratz. Moreover, Dyrberg moves from such abstract considerations to their implications for political and democratic theory through an examination of the work of thinkers as diverse as Robert Dahl, John Rawls, Jürgen Habermas, and Nicos Poulantzas. Simultaneously engaging with and defying many of the dominant definitions of power, Torben Dyrberg destabilizes and undermines the conventional distinctions and polarities through which power is usually understood. The new perspective offered to us by this investigation is one which goes beyond the assumption that power can be based on and derived from either agency or structure, as if these categories themselves were not somehow constituted by power.

Michel Foucault Beyond Structuralism And Hermeneutics Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is actually remarkable.
