Extended Curriculum Programmes Tennyson Mgutshini, 2022-04-30 The introduction of ECPs in South African Universities is seen by many as South Africa s key strategy for addressing the problem of poor patterns of student success and has its basis on the uncontested acceptance that an extended study duration may be necessary to bring some categories of learners to a level of parity with the readiness expectations of their course of study Even so this transformative strategic imperative has been plagued by a range of challenges that include poor systems

readiness poor selection mechanisms in the identification of ECP students poor numeracy and literacy amongst students and indifferent teacher involvement in ECPs This volume offers a rare insight into many of the above recognised challenges and in so doing provides critical matter for thought for educators within the higher education sector

The Promise of New Technologies in an Age of New Health Challenges A.J. Maeder,K. Ho,A. Marcelo,2016-11-24 There is a changed emphasis in many health services with conventional pressures such as budget and workforce constraints combined with the indirect forces of social change and strategic direction bringing about the need for more flexible approaches for the longer term By enabling different care models and delivery channels telehealth offers demonstrably effective and sustainable solutions for issues such as access to and quality of care This book presents 18 papers delivered at the 5th Global Telehealth Conference held in Auckland New Zealand in November 2016 The theme

chosen for Global Telehealth 2016 is *The Promise of New Technologies in an Age of New Health Challenges* and the papers included here cover a wide variety of topics from theoretical and abstract contributions through to discussions of practical projects and highly specific applied contributions. The book also includes two invited papers which detail recent contributions to two global issues in which telehealth plays a major role: universal health coverage and personal health monitoring. With papers ranging in scope from computer assisted screening technology for diabetic retinopathy to behavior change through computer games, this book will be of interest to all those involved in the design and provision of healthcare services. *Metal Sulfide Nanomaterials for Environmental Applications* Peter R. Makgwane, Naveen Kumar, 2024-10-24. *Metal Sulfide Nanomaterials for Environmental Applications* presents the fundamentals necessary to understand the latest developments and possibilities of applied use specifically for chemical detection, sensing and monitoring in air, soil and water matrices as well as for chemical reaction engineering purposes: conversion, photocatalysis, adsorption to facilitate removal of pollutants. Organic contaminants, volatile organic compounds and heavy metals pose long term threats to natural ecosystems and human health. Particularly in the last decade, metal sulfide nanomaterials have piqued researchers' interest due to their outstanding physicochemical characteristics that make them amenable to modulation as well as their qualitative and quantitative structure-activity relationship. Offers up to date state of the art information on metal sulfide nanomaterials. Takes advantage of a structured and comprehensive approach to seamlessly combine theory and practical applications. Focuses on usability for environmental remediation making its contents extremely valuable. Conceptualizes future implications at the end of each chapter. **Drum**, 1998.
