*Self-in-Relationship Psychotherapy in Action* Augustine Meier, Micheline Boivin, 2024-06-14 This book presents a comprehensive guide to applying Meier and Boivin's Self in Relationship Psychotherapy model to clinical work with individuals couples families and children The central theme of the book is that the paradigm of affects cognitive processes and behaviors that informs current psychotherapy approaches needs to be broadened to include core self relational and physical intimacy needs as motivating factors in psychotherapy Drawing on multiple influences including relational psychoanalysis the authors illustrate how to work with core needs when providing therapy to children and adults They establish that core needs are universal and their realizations are essential for healthy living and argue that clients achieve the healthiest outcomes by finding a way to balance the self alongside their relations with others The concept of core self relational and physical intimacy needs is what binds all the chapters in this book and makes it unique among psychotherapy approaches With a clear transtheoretical approach and rich clinical vignettes this book is core reading for any psychotherapists psychoanalyst or practicing psychologists **The**

**Helping Relationship** Augustine Meier, Martin Rovers, 2011-02-28 The increased use of and emphasis on managed care manualized treatment protocols evidence based treatments and quick treatments have marginalized the role of the helping relationship in the helping professions The increased use of and emphasis on managed care manualized treatment protocols evidence based treatments and quick treatments have marginalized the role of the helping relationship in the helping professions This shift has sparked a debate within the helping professions over whether the helping relationship or technique is primarily responsible for healing and change The Helping Relationship weighs in on this debate arguing that healing and change always take place within the context of relationships and that the relationship is more important than the technique While recognizing the value of techniques the authors valorize the helping relationship considering it in unconventional contexts such as formal education supervision and faith communities to show its flexibility and efficacy This alternative approach adds a new perspective on the helping relationship debate shedding new light on the roles of relationship and technique in the healing process Published in English
