Healthcare Interpreting in Small Bites Cynthia E. Roat, 2010

Working with Interpreters and Translators Henriette W. Langdon, Terry Irvine Saenz, 2015-10-15

Working with Interpreters and Translators A Guide for Speech Language Pathologists and Audiologists offers state of the art procedures to conduct interviews assessments and conferences with students with limited English language proficiency and their families As no research base is available in the field of communicative disorders on this specific topic the information presented in this guide is supported by a critical review of the literature on best practices in interpreting for international conferences and legal and medical fields Furthermore the authors experience working with language interpreters and training professionals as well as graduate students in communicative disorders makes this a very valuable resource for professionals interpreters translators as well as undergraduate and graduate students Federal and state laws specify that if necessary English language learners ELL need to be assessed in their native language when referred for possible special education The number of ELL students attending public schools across the nation has increased in the past few decades There are not enough speech language pathologists SLPs or audiologists who are proficient in the various languages spoken by ELL students even in Spanish the most common language spoken by ELL students in the United States The next best solution is to conduct assessments in collaboration with a trained interpreter translator Key features include Information and references for the most common languages spoken by ELL students Discussion of culturally based variables that need to be considered in the process of interviewing and working with linguistically and culturally diverse populations Description of the roles and responsibilities for individuals who will be collaborating as interpreters and translators with SLPs and audiologists in various contexts such as interviews assessments and various meetings such as IEPs and IFSPs as well as suggestions on training individuals in this collaborative process Review of best practices in speech language and audiological assessments both with and without materials in the given language Disclaimer Please note that ancillary content such documents audio and video may not be included as published in the original print version of this book Working with Interpreters and Translators A Guide for Speech Language Pathologists and Audiologists is a must have reference for anyone working with ELL students Although the process was developed with the pediatric population in mind much of this information can be applied to older culturally and linguistically diverse populations in need of speech language and or hearing services It will also be useful to professionals working with language interpreters in allied health professions in other countries

Interpreting Quality: A Look Around and Ahead Cornelia Zwischenberger, Martina Behr, 2015-07-31 The issue of quality in interpreting has been debated for almost three decades now This volume is evidence of the sociological turn Interpreting Studies is taking on

quality research Based on either a socio cognitive perspective a sociological approach or the situational social variability of the entire source and target context this volume s contributions analyse the respective roles of participants in a communicative event and the objective of an equivalent effect The contributions from Europe North America and Australia signal a trend in the research on quality in interpreting they challenge the concept that sense in a communication is a single stable entity and instead view it as something constructed in a common effort This in turn highlights the interpreter s social responsibility

Washington Administrative Code ,2009

Testing and Assessment in Translation and Interpreting Studies Claudia V. Angelelli,Holly E. Jacobson,2009

Testing and Assessment in Translation and Interpreting Studies examines issues of measurement that are essential to translation and interpreting Conceptualizing testing both as a process and a product the collection of papers explores these issues across languages and settings including university classrooms research projects the private sector and professional associations The authors have approached their chapters from different perspectives using a variety of methods some focusing on very specific variables and others providing a much broader overview of the issues at hand Chapters range from a discussion of the measurement of text cohesion in translation the measurement of interactional competence in interpreting the use of a particular scale to measure interpreters renditions to the application of a specific approach to grading or general program assessment such as interpreter or translator certification at the national level or program admissions processes These studies point to the need for greater integration of research and practice in the specific area of testing and assessment and are a welcome addition to the field

Assessing legal interpreter quality through testing and certification: The Qualitas Project Cynthia Giambruno,2014

Respect for the procedural rights of any individual involved in police or judicial matters is a basic tenet of a modern and sound system of justice Providing legal interpreting services to suspects defendants victims and witnesses who are not proficient in the language in which legal matters are being conducted is a broadly accepted practice throughout the EU However it is only recently that emphasis has been placed on the quality of the services provided EU Directive 2010 64 EU through its mandate for quality in legal interpreter and translating services has provided the impetus needed to reexamine current practices and work towards common standards and practices across the EU that would enhance mutual trust and allow for reciprocity and the sharing of expertise This volume reflects the deliberations of a panel of experts from the fields of legal interpreting testing theory and public policy who agree that the most effective means of ensuring quality is through testing and certification It addresses issues related to the assessment of the skill sets and knowledge required to ensure high quality legal interpreting and offers practical guidance and advice on the design and administration of a valid and reliable certification process
