Rosier, 2006-01-01 This book is an historical examination of environmental justice struggles across the globe from the perspective of environmentally marginalized communities It is unique in environmental justice histography because it recounts these struggles by integrating the actual voices and memories of communities who grappled with environmental inequalities **Speaking for Ourselves** Julian Agyeman, Peter Cole, Randolph Haluza-DeLay, Pat O'Riley, 2010-01-01 The concept of environmental justice has evolved over the past two decades to offer a new direction for social movements public policy and public planning Researchers worldwide now position social equity as a building block for sustainability Yet the relationship between social equity and the environmental aspects of sustainability has been little studied in Canada Speaking for Ourselves draws together scholars and activists Aboriginal and non Aboriginal established and new who bring equity issues to the forefront by considering environmental justice in specifically Canadian cases and contexts and from a variety of perspectives and concerns including those of women and First Nations What is

Critical Environmental Justice? David Naguib Pellow, 2025-05-14 Human societies have always been deeply interconnected with our ecosystems but today those relationships are witnessing greater frictions tensions and harms than ever before These dynamics mirror those experienced by marginalized communities across the planet but they also provide a foundation for transformative thinking and action to address these challenges In this updated edition of his innovative contribution David Naguib Pellow introduces a new framework for critically analyzing Environmental Justice scholarship and activism In doing so he extends the field's focus to topics not usually associated with environmental justice including policing incarceration the Israel Palestine conflict and the Black Lives Matter movement In doing so he reveals that ecological violence is first and foremost a form of social violence driven by and legitimated by social structures and discourses He enriches this radical approach to Environmental Justice by drawing on Indigenous Studies the Black Radical Tradition Disability Studies Queer and Transgender Studies and Multi Species Justice among others Those already familiar with the discipline will find themselves invited to think about the subject in entirely new ways This book is a vital resource for students scholars and policy makers interested in innovative approaches to one of the greatest challenges facing humanity **Environmental Justice** Brendan Coolsaet, 2020-06-15 Environmental Justice Key Issues is the first and the planet textbook to offer a comprehensive and accessible overview of environmental justice one of the most dynamic fields in environmental politics scholarship The rapidly growing body of research in this area has brought about a proliferation of approaches as such the breadth and depth of the field can sometimes be a barrier for aspiring environmental justice students and scholars This book therefore is unique for its accessible style and innovative approach to exploring environmental justice Written by leading international experts from a variety of professional geographic ethnic and disciplinary backgrounds its chapters combine authoritative commentary with real life cases Organised into four parts approaches issues actors and future directions the chapters help the reader to understand the foundations of the field including the principal concepts debates and historical milestones. This volume also features sections with learning outcomes follow up questions references for further reading and vivid photographs to make it a useful teaching and learning tool Environmental Justice Key Issues is the ideal toolkit for junior researchers graduate students upper level undergraduates and anyone in need of a comprehensive introductory textbook on environmental justice Resilience, Environmental Justice and the City Beth Caniglia, Manuel Vallee, Beatrice Frank, 2016-12-08 Urban centres are bastions of inequalities where poverty marginalization segregation and health insecurity are magnified Minorities and the poor often residing in neighbourhoods characterized by degraded infrastructures food and job insecurity limited access to transport and health care and other inadequate public services are inherently vulnerable especially at risk in times of shock or change as they lack the option to avoid mitigate and adapt to threats Offering both theoretical and practical approaches this book proposes critical perspectives and an interdisciplinary lens on urban inequalities in light of individual group community and system vulnerabilities and resilience Touching upon

current research trends in food justice environmental injustice through socio spatial tactics and solution based approaches towards urban community resilience Resilience Environmental Justice and the City promotes perspectives which transition away from the traditional discussions surrounding environmental justice and pinpoints the need to address urban social inequalities beyond the build environment championing approaches that help embed social vulnerabilities and resilience in urban planning With its methodological and dynamic approach to the intertwined nature of resilience and environmental justice in urban cities this book will be of great interest to students scholars and practitioners within urban studies environmental management environmental sociology and public administration Gender Violence in Ecofeminist Perspective Gwen Hunnicutt, 2019-09-23 This book aims to begin an eco centered eco feminist informed discussion about the ways in which our relationship to nature is bound up with gender patriarchy and violence Ecofeminist scholars study the interconnections between gendered relationships of domination among humans between humans and between humans nonhumans and the earth It is in this ideological and structural tangle between humans and the environment that a deeper understanding of gender violence is possible Ecofeminism offers analytical possibilities for understanding a logic of domination which sustain a whole host of problems including the interrelated oppressions of gender violence and exploitation of the more than human life world In this book Gwen Hunnicutt brings into dialog ecofeminism and gender violence Ideological components such as speciesism and the belief that the earth and its nonhuman inhabitants are ours to exploit inform a host of other social practices including interpersonal violence A portion of this book is devoted to exploring the ways in which patriarchy is foregrounded by another hierarchy uman domination over nature Thus gender violence stems from a logic of domination that is built on the domination of nature and the domination of the Other as nature As this blueprint of oppression repeats itself where there are vectors of difference the chapters ultimately connect these oppressions by showing the inextricable bind of violence against humans and the more than human life world This book will serve as a resource for scholars activists and students in sociology gender violence and interdisciplinary violence studies critical animal studies environmental studies and feminist and ecofeminist studies The Worlds of American Intellectual History Joel Isaac, James T. Kloppenberg, Michael O'Brien, Jennifer Ratner-Rosenhagen, 2017 The Worlds of American Intellectual History follows American thinkers and their ideas as they have crossed national institutional and intellectual boundaries The volume explores ways in which American ideas have circulated in different cultures It also examines the multiple sites from social movements museums and courtrooms to popular and scholarly books and periodicals in which people have articulated and deployed ideas within and beyond the borders of the United States Environmental Justice David E. Newton, 2009-07-08 Environmental Justice A Reference Handbook Second Edition offers a current overview of the environmental inequities faced by poor and minority communities and the development of the grassroots movement working to address them Building on the original edition s focus on the link between social inequalities and the uneven distribution of environmental hazards in the air

water and soil Environmental Justice A Reference Handbook Second Edition presents a contemporary look at the convergence of the environmental movement and civil rights activism Environmental Justice Second Edition follows the rise and maturation of the movement focused on environmental racism describes solutions that have been implemented and examines issues that remain unresolved The book offers a wealth of new data and information particularly in its expanded coverage of environmental disparities in developing countries and its rich bibliography of print and online resources

Environmentalism in Popular Culture Noël Sturgeon, 2022-04-12 In this thoughtful and highly readable book No l Sturgeon illustrates the myriad and insidious ways in which American popular culture depicts social inequities as natural and how our images of nature interfere with creating solutions to environmental problems that are just and fair for all Why is it she wonders that environmentalist messages in popular culture so often naturalize themes of heroic male violence suburban nuclear family structures and U S dominance in the world And what do these patterns of thought mean for how we envision environmental solutions like green businesses recycling programs and the protection of threatened species Although there are other books that examine questions of culture and environment this is the first book to employ a global feminist environmental justice analysis to focus on how racial inequality gendered patterns of work and heteronormative ideas about the family relate to environmental questions Beginning in the late 1980s and moving to the present day Sturgeon unpacks a variety of cultural tropes including ideas about Mother Nature the purity of the natural and the allegedly close relationships of indigenous people with the natural world She investigates the persistence of the myth of the frontier and its extension to the frontier of space exploration She ponders the popularity and occasional controversy of penguins and penguin family values and questions assumptions about human warfare as natural The book is intended to provoke debates among college students and graduate students among their professors among environmental activists and among all citizens who are concerned with issues of environmental quality and social equality Advances in International Environmental Politics M. Betsill, K. Hochstetler, D. Stevis, 2014-07-16 This book provides authoritative and up to date research for anyone interested in the study of international environmental politics It demonstrates how the field of international environmental politics has evolved and identifies key questions topics and approaches to guide future research Theory and Praxis M.S. Pandey, R.N. Rai, Anita Singh, 2015-04-01 The present anthology is a collection of fifteen research papers which critically explore the multiple dimensions of contemporary literary theory It provides a wide spectrum of theories and shows their application to different texts across the globe The twentieth and twenty first centuries were witness to three major movements namely Marxism Feminism and Postcolonialism which have led to a serious reconsidering of the so called metanarratives of literature science history economics philosophy and anthropology These movements have brought together a wide variety of human discourses and have made literary theory an interdisciplinary body of cultural theory which has now become an important model of inquiry into the intricacies and complexities of human existence The anthology includes articles on

poststructuralism postcolonialism postmodernism postfeminism orientalism nationalist and hegemonic discourses subalternity gender identity eco criticism and global aesthetics by eminent scholars and critics **Defining Environmental Justice** David Schlosberg, 2009 The book uses both environmental movements and political theory to help define what is meant by environmental and ecological justice It will be useful to anyone interested in environmental politics environmental movements and justice theory The Routledge Handbook of Environmental Movements Maria Grasso, Marco Giugni, 2022-01-31 This handbook provides readers with up to date knowledge on environmental movements and activism and is a reference point for international work in the field It offers an assessment of environmental movements in different regions of the world macrostructural conditions and processes underlying their mobilization the microstructural and social psychological dimensions of environmental movements and activism and current trends as well as prospects for environmental movements and social change The handbook provides critical reviews and appraisals of the current state of the art and future development of conceptual and theoretical approaches as well as empirical knowledge and understanding of environmental movements and activism It encourages dialogue across the disciplinary barriers between social movement studies and other perspectives and reflects upon the causes and consequences of citizens participation in environmental movements and activities The volume brings historical studies of environmentalism sociological analyses of the social composition of participants in and sympathizers of environmental movements investigations by political scientists on the conditions and processes underlying environmental movements and activism and other disciplinary inquiries together while keeping a clear focus within social movement theory and research as the main lines of inquiry The handbook is an essential guide and reference point not only for researchers but also for undergraduate and graduate teaching and for policymakers and activists Chapter 6 of this book is freely available as a downloadable Open Access PDF at http www taylorfrancis com under a Creative Commons CC BY NC ND 4 0 license **International Perspectives in Feminist Ecocriticism** Greta Gaard, Simon C. Estok, Serpil Oppermann, 2013-06-07 Exploring environmental literature from a feminist perspective this volume presents a diversity of feminist ecocritical approaches to affirm the continuing contributions relevance and necessity of a feminist perspective in environmental literature culture and science Feminist ecocriticism has a substantial history with roots in second and third wave feminist literary criticism women's environmental writing and social change activisms and eco cultural critique and yet both feminist and ecofeminist literary perspectives have been marginalized. The essays in this collection build on the belief that the repertoire of violence conceptual and literal toward nature and women comprising our daily lives must become central to our ecocritical discussions and that basic literacy in theories about ethics are fundamental to these discussions The book offers an international collection of scholarship that includes ecocritical theory literary criticism and ecocultural analyses bringing a diversity of perspectives in terms of gender sexuality and race Reconnecting with the histories of feminist and ecofeminist literary criticism and utilizing new developments in postcolonial ecocriticism

animal studies gueer theory feminist and gender studies cross cultural and international ecocriticism this timely volume develops a continuing and international feminist ecocritical perspective on literature language and culture Climate Change and Livelihoods Joshua Eastin, Kendra Dupuy, 2021-07-26 This book applies a gendered lens to evaluate the dynamic linkages between climate change and livelihoods in developing countries It examines how climate change affects women and men in distinct ways and what the implications are for earning income and accessing the natural social economic and political resources required to survive and thrive The book s contributing authors analyze the gendered impact of climate change on different types of livelihoods in distinct contexts including urban and rural and in diverse geographic locations including Asia Africa and the Caribbean It focuses on understanding how public policies and power dynamics shape gendered vulnerabilities and impacts how gender influences coping and adaptation mechanisms and how civil society organizations incorporate gender into their climate advocacy strategies Queer Ecologies Catriona Mortimer-Sandilands, Bruce Erickson, 2010-07-14 Treating such issues as animal sex species politics environmental justice lesbian space and gay ghettos AIDS literatures and queer nationalities this lively collection asks important questions at the intersections of sexuality and environmental studies Contributors from a wide range of disciplines present a focused engagement with the critical philosophical and political dimensions of sex and nature These discussions are particularly relevant to current debates in many disciplines including environmental studies gueer theory critical race theory philosophy literary criticism and politics As a whole Queer Ecologies stands as a powerful corrective to views that equate natural with straight while queer is held to Standing Our Ground Joyce M. Barry, 2012-08-22 Standing Our Ground Women Environmental Justice be against nature and the Fight to End Mountaintop Removal examines women s efforts to end mountaintop removal coal mining in West Virginia Mountaintop removal coal mining which involves demolishing the tops of hills and mountains to provide access to coal seams is one of the most significant environmental threats in Appalachia where it is most commonly practiced The Appalachian women featured in Barry s book have firsthand experience with the negative impacts of Big Coal in West Virginia Through their work in organizations such as the Coal River Mountain Watch and the Ohio Valley Environmental Coalition they fight to save their mountain communities by promoting the development of alternative energy resources Barry s engaging and original work reveals how women s tireless organizing efforts have made mountaintop removal a global political and environmental issue and laid the groundwork for a robust environmental justice movement in central Appalachia

The SAGE Encyclopedia of Higher Education Miriam E. David, Marilyn J. Amey, 2020-05-21 Higher Education is in a state of ferment People are seriously discussing whether the medieval ideal of the university as being excellent in all areas makes sense today given the number of universities that we have in the world Student fees are changing the orientation of students to the system The high rate of non repayment of fees in the UK is provoking difficult questions about whether the current system of funding makes sense There are disputes about the ratio of research to teaching and further discussions about the
