overlooked contributions to popular culture that students DJs and listeners never anticipated More than an ode to beloved stations this book will resonate with both music fans and observers of the politics of culture *Media Literacy* Peyton Paxson,2004 Tunes into topics of special interest to students Investigates the societal cultural and economic effects of the Internet Helps students become more informed and discerning Internet users Speaks to a variety of subject areas including language arts and social studies A Center for Media Literacy Recommended Resource **Billboard** ,2006-02-11 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **CMJ New Music Report** ,2002-02-04 CMJ New Music Report is the primary source for exclusive charts of non commercial and college radio airplay and independent and trend forward retail sales CMJ s trade publication compiles playlists for college and non commercial stations often a prelude to larger success Gigantic: The Story Of Frank Black And The Pixies John Mendelssohn,2009-12-15 The influence and importance of The Pixies cannot be overestimated Their style of broken furious yet melodic and exceptionally catchy punk rock blazed a trail for such vital bands as Mudhoney and Nirvana the grunge movement and the 90s British indie rock sound Bossanova and Surfer Rosa have become familiar members of the canon of great rock albums although the group s initial career was cut short by the dismissive actions of singer songwriter Black Francis Frank Black John Mendelssohn s biography details the turbulent career of The Pixies and Frank Black including personal struggles with other band members and Black s unusual and uncompromising solo work Culminating with the group s 2004 reformation this is the definitive story of The Pixies **CMJ New Music Report** ,2002-02-11 CMJ New Music Report is the primary source for exclusive charts of non commercial and college radio airplay and independent and trend forward retail sales CMJ s trade publication compiles playlists for college and non commercial stations often a prelude to larger success **Billboard** ,2003-12-27 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Appetite for Self-Destruction* Steve Knopper,2009-01-06 For the first time Appetite for Self Destruction recounts the epic story of the precipitous rise and fall of the recording industry over the past three decades when the incredible success of the CD turned the music business into one of the most glamorous high profile industries in the world and the advent of file sharing brought it to its knees In a comprehensive fast paced account full of larger than life personalities Rolling Stone contributing editor Steve Knopper shows that after the incredible wealth and excess of the 80s and 90s Sony Warner and the other big players brought about their own downfall through years of denial and bad decisions in the face of dramatic advances in technology Big Music has been asleep at the wheel ever since Napster revolutionized the way music was distributed in the 1990s Now because powerful

people like Doug Morris and Tommy Mottola failed to recognize the incredible potential of file sharing technology the labels are in danger of becoming completely obsolete Knopper who has been writing about the industry for more than ten years has unparalleled access to those intimately involved in the music world s highs and lows Based on interviews with more than two hundred music industry sources from Warner Music chairman Edgar Bronfman Jr to renegade Napster creator Shawn Fanning Knopper is the first to offer such a detailed and sweeping contemporary history of the industry s wild ride through the past three decades From the birth of the compact disc through the explosion of CD sales in the 80s and 90s the emergence of Napster and the secret talks that led to iTunes to the current collapse of the industry as CD sales plummet Knopper takes us inside the boardrooms recording studios private estates garage computer labs company jets corporate infighting and secret deals of the big names and behind the scenes players who made it all happen With unforgettable portraits of the music world s mighty and formerly mighty detailed accounts of both brilliant and stupid ideas brought to fruition or left on the cutting room floor the dish on backroom schemes negotiations and brawls and several previously unreported stories Appetite for Self Destruction is a riveting informative and highly entertaining read It offers a broad perspective on the current state of Big Music how it got into these dire straits and where it s going from here and a cautionary tale for the digital age
