Afro-Catholic Festivals in the Americas
 Cécile Fromont, 2019-04-24 This volume demonstrates how from the beginning of the Atlantic slave trade enslaved and free Africans in the Americas used Catholicism and Christian derived celebrations as spaces for autonomous cultural expression social organization and political empowerment Their appropriation of Catholic based celebrations calls into question the long held idea that Africans and their descendants in the diaspora either resignedly accepted Christianity or else transformed its religious rituals into syncretic objects of stealthy resistance In cities and on plantations throughout the Americas men and women of African birth or descent staged mock battles against heathens elected Christian queens and kings with great pageantry and gathered in festive rituals to express their devotion to saints Many of these traditions endure in the twenty first century The contributors to this volume draw connections between these Afro Catholic festivals observed from North America to South America and the Caribbean and their precedents in the early modern kingdom of Kongo one of the main regions of origin of men and women enslaved in the New World This transatlantic perspective offers a useful counterpoint to the Yoruba focus prevailing in studies of African diasporic religions and reveals how Kongo infused Catholicism constituted a site for the formation of black Atlantic tradition Afro Catholic Festivals in the Americas complicates the notion of Christianity as a European tool of domination and enhances our comprehension of the formation and trajectory of black religious culture on the American continent It will be of great interest to scholars of African diaspora religion Christianity and performance In addition to the editor the contributors include Kevin Dawson Jeroen Dewulf Junia Ferreira Furtado Michael Iyanaga Dianne M Stewart Miguel A Valerio and Lisa Voigt

that time Chopin celebrated in New Orleans great homes and mansions up River Road with their wonderland of oaks columns balconies She had lived in the Garden District watched New Orleans trolleys with their big windows roll past the Gothic mansions and Greco Roman houses on St Charles Avenue strolled languidly through Audubon Park with its oak tree wonderland full of swamps and lush Louisiana foliage Buying a Bride Marcia A. Navajo and Hopi Art in Arizona: Continuing Traditions Rory O'Neill Schmitt, PhD,2016-02-01 Arizona s Navajo and Hopi cultures span multiple generations and their descendants continue to honor customs from thousands of years ago Contemporary artists like Hopi katsina doll carver Manuel Chavarria and Navajo weaver Barbara Teller Ornelas use traditional crafts and techniques to preserve the stories of their ancestors Meanwhile emerging mixed media artists like Melanie Yazzie expand the boundaries of tradition by combining Navajo influences with contemporary culture and styles Local author Rory Schmitt presents the region s outstanding native artists and their work studios and inspirations From the Kingdom of Kongo to Congo Square Jeroen Dewulf,2017 This book presents a provocatively new interpretation of one of

New Orleans's most enigmatic traditions the Mardi Gras Indians By interpreting the tradition in an Atlantic context Dewulf traces the black Indians back to the ancient Kingdom of Kongo and its war dance known as sangamento He shows that good warriors in the Kongo kingdom were per definition also good dancers masters of a technique of dodging spinning and leaping that was crucial in local warfare Enslaved Kongolese brought the rhythm dancing moves and feathered headwear of sangamentos to the Americas in performances that came to be known as Kongo dances By comparing Kongo dances on the African island of Saao Tomae with those in Latin America the Caribbean and Louisiana Dewulf demonstrates that the dances in New Orleans's Congo Square were part of a much broader Kongolese performance tradition He links that to Afro Catholic mutual aid societies that honored their elected community leaders or kings with Kongo dances While the public rituals of these brotherhoods originally thrived in the context of Catholic procession culture around Epiphany and Corpus Christi they transitioned to carnival as a result of growing orthodoxy within the Church Dewulf's groundbreaking research suggests a much greater impact of Kongolese traditions and of popular Catholicism on the development of African American cultural heritage and identity His conclusions force us to radically rethink the traditional narrative on the Mardi Gras Indians the kings of Zulu and the origins of black participation in Mardi Gras celebrations Provided by publisher
